# Faculty *and* Administration

It is a pleasure for me to welcome, on behalf of the University and its staff, this fine new *Tyee* for 1956, and to express in its pages my very cordial good wishes to members of the University family.

More nearly than any other University product, *Tyee* reflects the spirit of life on this campus. Because this is so, *Tyee* is not merely published but springs into life, recording for all the years the events that have given this year its special meaning. I greet this *Tyee* for 1956 with a delight that I am sure will be shared by all who love the University of Washington.

To those who have finished their work here and who will leave the University, I send my particular congratulations and my wishes for their success and happiness. They are the ones who know in 1956 the thrill of achievement and the full satisfaction that comes at the end of a long hard climb. They are the ones who can begin to see University life in perspective, and they are, I suspect, those who will turn the pages of this *Tyee* with fondness and with care. I hope they always do so.

To all of you, my sincerest regards.

HENRY SCHMITZ  
PRESIDENT

It is with many memories of happy days on the University of Washington campus that I extend best wishes to you through the 1956 edition of the *Tyee*.

The school years are often considered the best years; but the really satisfying revelation of your personality is yet to come when you, through the vocation you choose, begin to live out what for these many years of preparation you have taken in.

Labor, viewed as a vehicle of expression, assumes dignity and profoundly relates to both God and humanity. Any job can be a calling if through it we convey all that we know, all that we believe and all that we are. It then becomes the expression of life itself.

My hope for each of you is that you will find that place in life where you most effectively can give expression to the great resources you possess, resources which have been made richer because of the years you have studied at the University of Washington.

Sincerely,

GOVERNOR

# board of regents

Left to right: CHARLES F. FRANKLAND, CHARLES MEREDITH HARRIS, GRANT ARMSTRONG, THOMAS BALMER, MRS. J. HERBERT GARDNER, President; WINLOCK W. MILLER, DR. DONALD G. CORBETT.

Seven members appointed by the Governor of the State with the approval of the State Senate comprise the Board of Regents. They serve without compensation for terms of six years each.

The backbone of the University's government is found in the Board of Regents, for the government is vested within their hands. The President of the University has immediate charge of the administration of the institution, under rules prescribed by the Regents. A University Senate elected by the faculty represents the faculty's point of view in the administration of the University.

The Board has full authority for the operation of the University and its property of various kinds. Among the board members' very important duties is the task of appointing the President and approving faculty appointments.

## administration

No institution can function well without a capable and efficient administrative staff behind it. Each member is charged with a specific aspect of administration and is well trained to give wise direction to the operation of this University. Under their leadership falls the comprehensive responsibility of maintaining and improving the financial, physical and educational well being of the University and its students.

The Alumni Association offers former students a median of affiliation during post college days. In addition, the Alumni Association offers aid to the University in reaching unattained objectives and securing greater recognition.

Since the year of organization, 1891, the Association has initiated many significant projects, such as aiding development of the "Foundation for Research at the University of Washington, Inc." Annual functions are many and varied. Each year a fifty-year class anxiously awaits the celebration of its "Golden W" reunion. For alumni the highlight of the year comes each Fall when grads of all ages come back to participate in the Homecoming Weekend.

Officers of the Alumni Association are A. M. Lundin, president; Mrs. George Lister, vice president; Dr. John P. McVay, vice president; Alan G. Grant, treasurer; and R. B. Harris, secretary.

## arts and sciences

The first courses offered by the University of Washington when it was newly opened were courses that are now included in the College of Arts and Sciences. This College is now the most diversified of all the departments in the University. To broaden the students' education in the humanities, the physical sciences, and the social sciences is the primary objective of the curricula.

The semi-professional schools included within the College are Architecture, Art, Communications, Drama, Fisheries, Home Economics, Music, and Physical Education, as well as History and Physics. In addition, the pre-professional curricula, which prepares students for entrance into professional schools, consists of Dental Hygiene, Dentistry, Law, Librarianship, Medicine, Nursing, and Social Work. Special programs deserving recognition are General Education, General Studies, and Pre-Major.

Since its establishment in 1913, the College of Arts and Sciences, with its many and various fields of study, has successfully given students an opportunity to prepare themselves for useful and satisfying lives in whatever career they choose.

# college of education

The first teacher training in the State of Washington was given at the University in 1878. In 1913, the faculty voted to establish a school of Education. In 1914, the School of Education became a college, the first such college in any state university. In recent years the College has expanded its facilities. Included in this expansion was the College of Education Library. This was the first departmental library on campus, established in 1913, a branch of the University's Henry Suzzallo Library.

The College of Education includes such services as curriculum workshops, institutes, consultative programs, informal help through letters, telephone calls, and visits to the student teachers, a reading clinic, in which teachers learn to diagnose educational failure and to plan remedial instruction of retarded pupils.

In all courses of the education curricula, the goal is to develop a teacher who, through mastery of academic content and professional techniques, thinks creatively, values good citizenship, and reflects the best in democratic society.

DEAN FRANCIS F. POWERS

# college of forestry

In this industrially significant Pacific Northwest logging region of the United States, the College of Forestry is obviously of major importance. Placement possibilities for the Forestry graduate are high, since the Forest Service, logging companies, and wood, plastic, and paper industries in this locality annually employ many new men.

The College offers a four-year curricula leading to the degree of Bachelor of Science in Forestry with specialization in forest management, logging engineering, and forest products. The first two years are composed of general courses, whereas the last two years constitutes specialization by the student in his major field of study.

The Society of American Foresters fully accredits the very important and expanding College of Forestry. It is conveniently located in the heart of one of the finest lumber producing areas in the country. Students are thus able to study forestry from first-hand experience. Likewise, they aid the State Forestry Service during their training in research developments.

# College of business administration

The College of Business Administration was established in 1917 to help the student understand the economic and business world. Its objective was then, as it is now, to give the student business training rooted in general knowledge and to develop in the student those qualities of character that make useful, intelligent citizens and responsible members of the business community.

Specialization in a particular field is provided during the junior and senior years, with majors offered in accounting, business education, finance, banking, foreign trade, insurance, marketing, office management, personnel administration, production, real estate, secretarial training and transportation. In addition to these major fields, courses integrating and supplementing the specialized field of study are offered by the Departments of Business, Communication, Business Law, Human Relations in Business, and Policy and Administration.

Many of the courses offered by the College are open to undergraduates and other schools and colleges of the University. The thorough study of Business Administration that the College offers is designed to provide the student with a rich, full background of the business world.

During the first year of study in the College of Engineering most students take a common curricula administered by the General Engineering Department. Following the first year the undergraduate engineers specialize in aeronautical, chemical, civil, electrical, mechanical, mining, metallurgical or ceramic engineering. All of these curricula are accredited by the Engineers' Council for Professional Development, the principal accrediting agency recognized by the engineering profession in the United States.

The courses of specialized study, following the first-year general course, consist largely of prescribed technical subjects and studies in the humanistic-social area. In addition to the four-year curricula, the

College offers a course of study in industrial engineering for which a second bachelor's degree is awarded at the end of five years. After completing the first four years majoring in any of the branches of engineering, courses in industrial management and related subjects comprise the fifth year.

The teaching staff of the College is composed of approximately 110 persons, chosen from all branches of the profession. Almost every faculty member has had practical professional experience, in addition to advanced graduate study. When ranked with schools from all over the country, the College of Engineering of the University of Washington has achieved a very high status.

## school of law

Since its founding in 1899, the University of Washington School of Law has achieved importance as a fine school for excellent preparation toward passing a state bar examination. It is a member of the Association of American Law Schools, and is approved by the Council on Legal Education and Admission to the Bar of the American Bar Association. The school prepares students for practice in any state or jurisdiction where the Anglo-American legal system prevails. Particular attention is given to the statutes, the special doctrines, and the rules of practice that apply in the State of Washington.

A faculty of sixteen professors and eleven lectureers, as well as ten practicing judges, instruct this growing school. Containing 123,000 volumes, the Law Library is the tenth largest law school library in the United States and the largest west of the Mississippi. The School of Law is convenient to federal and state courts sitting in Seattle, and students can witness the trial of actual cases.

## school of dentistry

The School of Dentistry is a comparatively new school on the campus, as it began instruction in October, 1946. In January, 1949, the school moved to its present location in the new Division of Health Sciences building where clinical and didactic instruction is being given in all phases of dentistry.

The School of Dentistry is approved by the Council on Dental Education of the American Dental Association and by the American Association of Dental Schools. The objective of the school is to prepare a selected group of students for the practice of dentistry by using the best educational techniques in this field.

A typical predental student chooses electives, in addition to his dental courses, with the aim of broadening his background in human relationships and understanding. Student achievement is closely evaluated; thus promotion is determined by commendable fitness on the part of the student. Actual admission to the practice of dentistry in any state is conditional upon the candidate's meeting the requirements of the state board of dental examiners and passing the state dental examinations.

# school of librarianship

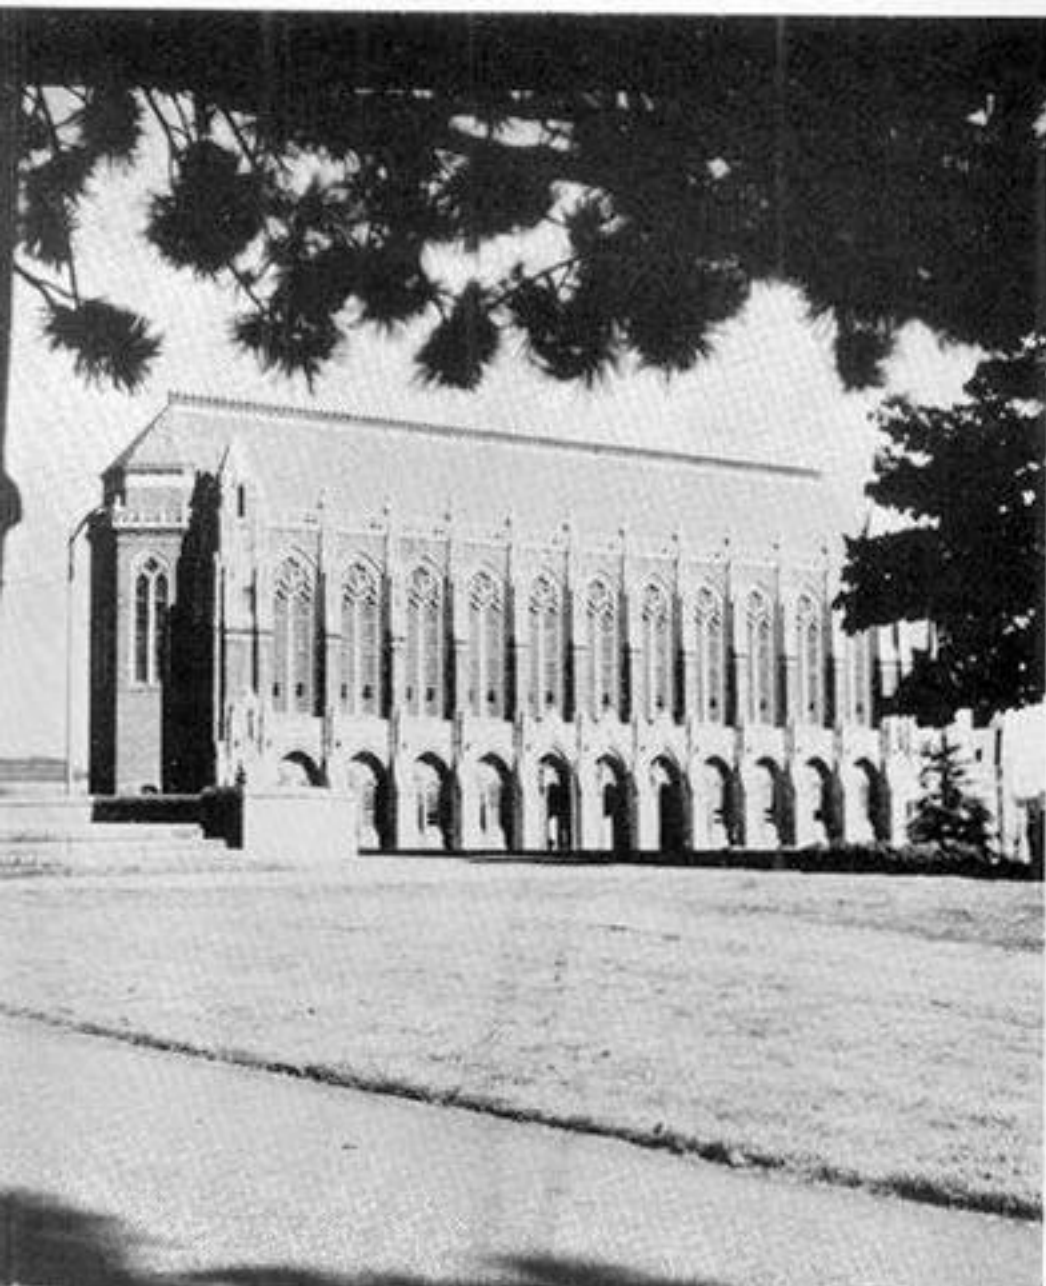

DEAN OF GRADUATE SCHOOL (acting)  
HENRY A. BURD

DIRECTOR OF LIBRARIANSHIP  
DR. IRVING LIEBERMAN

Admission to the School of Librarianship is granted to graduate students who hold a bachelor's degree from a college or university of good standing. This degree may be taken in any major field, since students with a variety of backgrounds are needed as specialists in libraries devoted to law, medicine, engineering, business and other technical fields. A reading knowledge of French and German is important to the librarian students to prepare them for the various duties librarians are called upon to perform.

During an undergraduate's senior year, it is also possible to gain librarianship knowledge by taking several introductory courses from the School. Although these courses are designed primarily for the teacher-librarian, interested students may attain an excellent preview of the Graduate School of Librarianship.

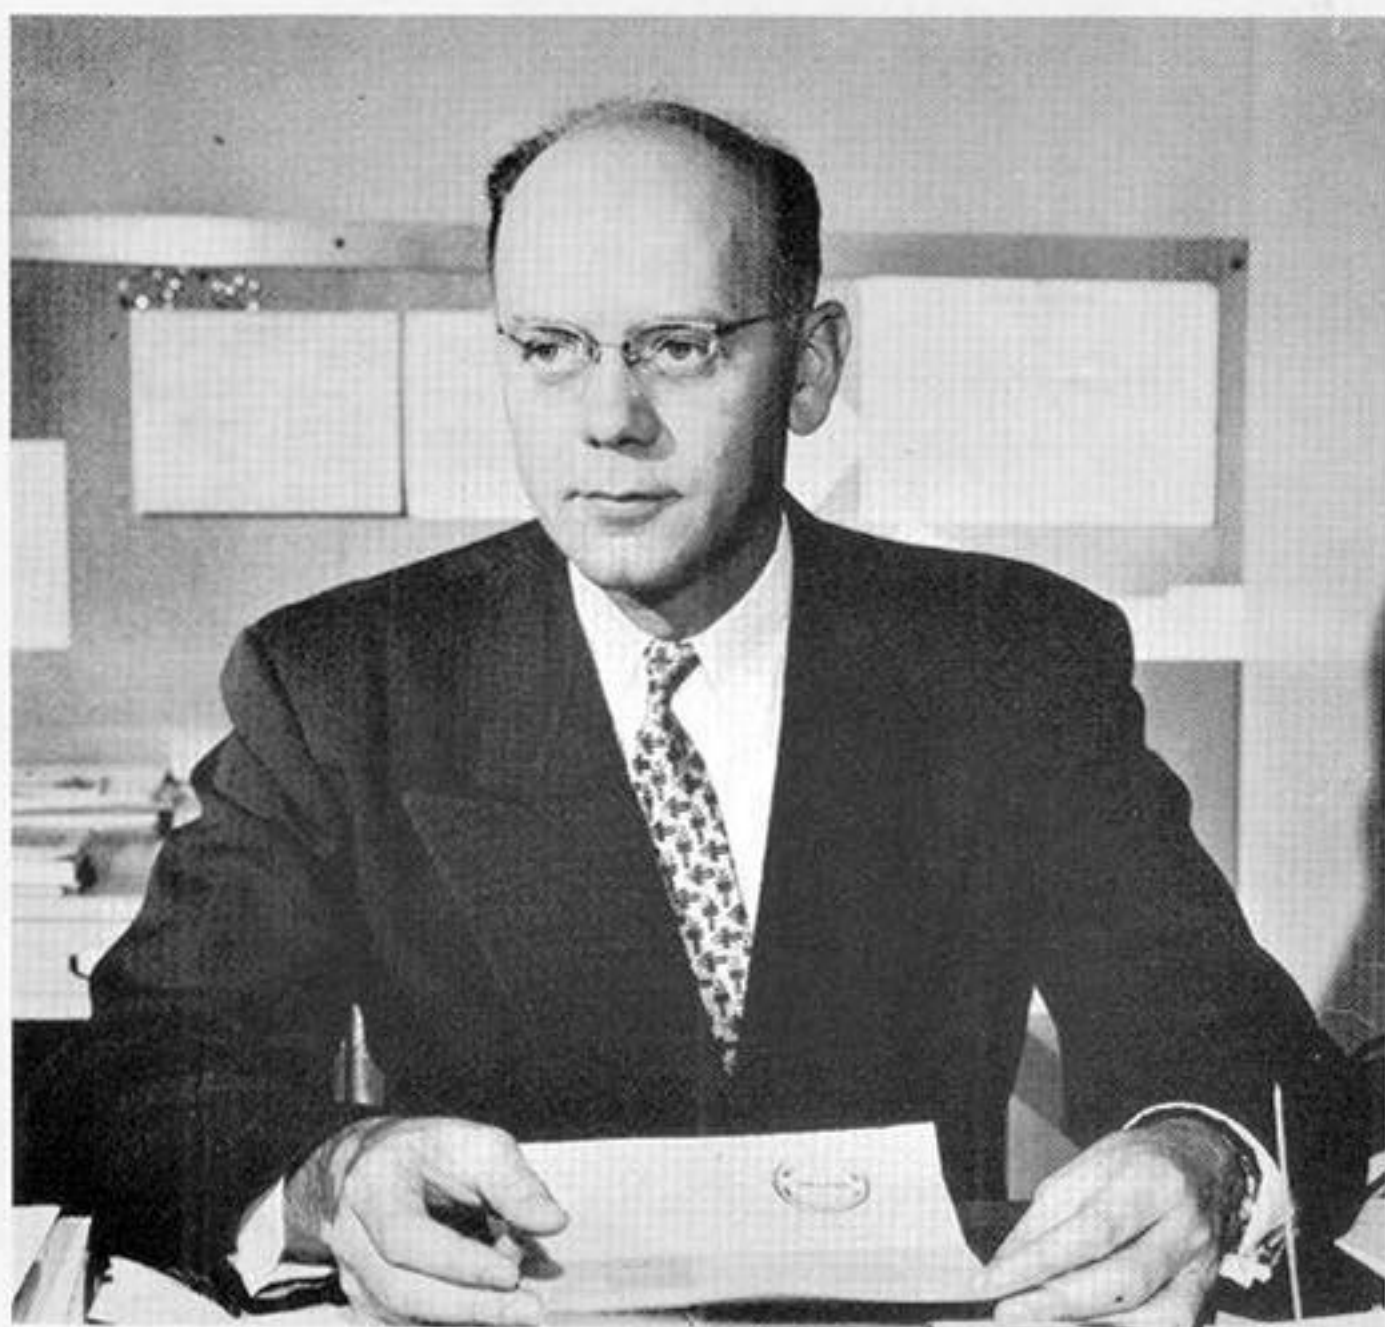

## graduate school

The University of Washington Graduate School seeks as its goal the development of intellectual independence through cultivation of the scientific, critical, and appreciative attitude of mind, and the promotion of the spirit of research. The graduate student is therefore thrown more largely upon his own resources than the undergraduate and must measure up to a more severe standard.

Admission to the Graduate School is by approved application only; this applies to University of Washington graduates as well as others. To maintain a "clear status" rating in the School, a student is required to have a 3.0 average. Graduate study is carried on in most of the University's schools in which an undergraduate may study. Administratively the Graduate School is in charge of each of these fields of further study. The University is consistently increasing the emphasis on graduate work. It feels that the better citizens of tomorrow should be equipped with advanced training, research and scholarship. Thus the business world will be populated by persons fully capable of carrying on where others have left off.

DEAN GEORGE N. AAGAARD

# school of medicine

HEALTH SCIENCES BUILDING

The School of Medicine offers a four-year program of courses leading to Doctor of Medicine, Master of Science, and Doctor of Philosophy degrees; courses for practicing physicians; and degrees for students in the Graduate School. The objectives of the School are to prepare a selected group of medical students for the practice of medicine through the use of the best educational techniques in this field, to develop a continuing educational program of the highest caliber for graduate and postgraduate physicians, and to conduct an active program of research and investigation.

Hospitals that are affiliated with the Division of Health Sciences are the King County Hospital, Seattle Veterans Administration, Children's Orthopedic Hospital, United States Public Health Service Hospital, Firlands Sanatorium, the University of Washington Child Health Center, and the state mental hospitals at Steilacoom, Medical Lake, and Sedro Woolley. The School of Medicine is currently planning a program of affiliations with qualified hospitals throughout the state in the development of internships and residencies for those interested in general practice.

## **school of nursing**

The School of Nursing is an independent professional school within the Division of Health Sciences. Its enrollment has recently expanded rapidly in both the basic and the master's program. In 1948 the University of Washington School of Nursing became the fourth school in the country to become accredited by the National League of Nursing Education and the National Organization for Public Health Nursing.

The School has its own philosophy which reads in part, "The School of Nursing endeavors to develop a nurse who is a mature, adjusted person capable of directing her own life, assuming responsibility for her own actions, and accepting her responsibility as a contributing member of social groups."

## **college of pharmacy**

The College of Pharmacy was formed in July, 1894, by the Board of Regents of the University of Washington. This college is a member of the University Division of Health Sciences, which also includes the Schools of Dentistry, Medicine, and Nursing. The Division was established to coordinate the teaching and research of these four members and to strengthen and reinforce each of them. The College is accredited by the American Council on Pharmaceutical Education as a Class "A" college.

A drug service department, where pharmaceutical preparations are manufactured, is in operation for the benefit of the Health Center, the Schools of Dentistry and Medicine, and other sections of the University.

Debate, a major activity of Forensics, are held throughout the year with other northwest colleges and universities during a series of intercollegiate meetings and tournaments. Here members of the squad practice up before a big tournament.

## forensics

Forensics at the University of Washington is sponsored jointly by the ASUW and Department of Speech. Any undergraduate who is interested and eligible to participate in ASUW activities can take part in the program. ASUW recognizes participation in discussion and debate by subsidizing the year's activities and by awarding an activity key to each person who completes a satisfactory year's work with the squad.

Another phase of Forensics, a discussion group, participates in public discussions before civic groups, service clubs and high schools in Western Washington.

Through discussion groups such as this one, members of Forensics develop and crystallize their opinions on political, social and other issues of local, national and world importance.

JIM OVERLOCK, Assistant Manager of the HUB, made sure that everything was operating smoothly and efficiently through the past year.

DON McCANGLES served ably in his first year as Activities Advisor in 233 HUB.

Employees of the HUB were interviewed by LORRAINE BRISTOW, Assistant Personnel Manager.

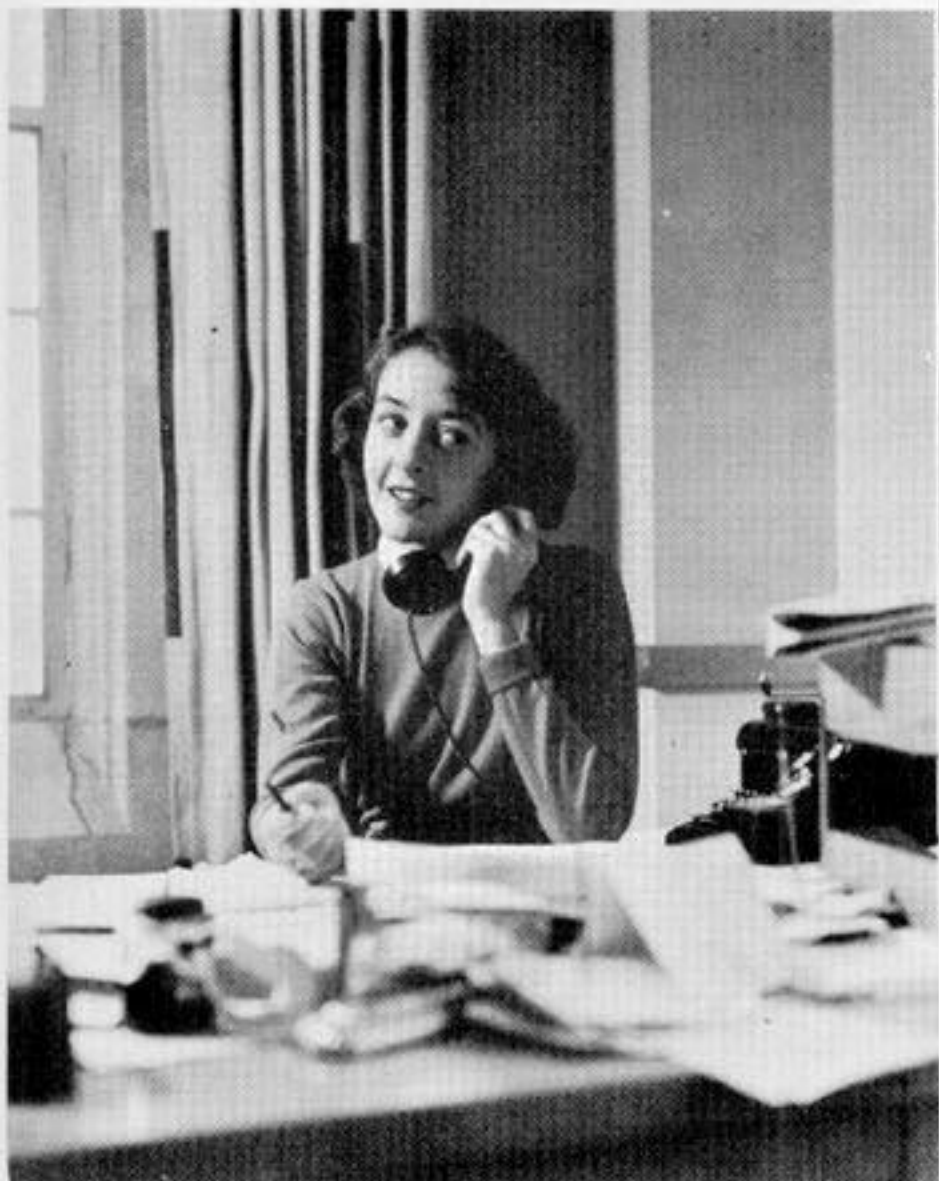

Meals were made more pleasant last year with the help of MARIAN HENNESEY, the new HUB Food Director.

Publicity chairmen were grateful for the help they received from MINNIE HARRIS, ASUW Publicity Advisor.

## asuw advisors

VICKI ROSENWALD advised Elections Administration and worked as advisor for AMS activities.

MILDRED GELLERMAN assisted CHUCK OWENS in coordinating ASUW activities in her position as Program Supervisor.

CHUCK OWENS, as manager of ASUW activities, oversaw the entire activity schedule for the year.

CLYDE ROBINSON, ASUW Publications Manager, supervised the Tyee and other ASUW publications.

MABEL McCORMACK, Program Secretary, supervised ASUW secretaries for the year.

The Huskies opened their 1955 Pacific Coast Conference football season with a 14 to 7 victory over the Idaho Vandals. Washington established a new PCC record by fumbling 11 times in one game, while the Vandals dropped only 8.

Washington, hot and cold throughout the entire game, possessed six scoring opportunities but crossed the double stripe only twice.

Things looked good for Washington in the first quarter as the seemingly unstoppable Huskies marched 52 yards in seven plays for a touchdown. Another drive by the Huskies went 62 yards to the Vandal 8 yard line where it was stopped by a Washington fumble.

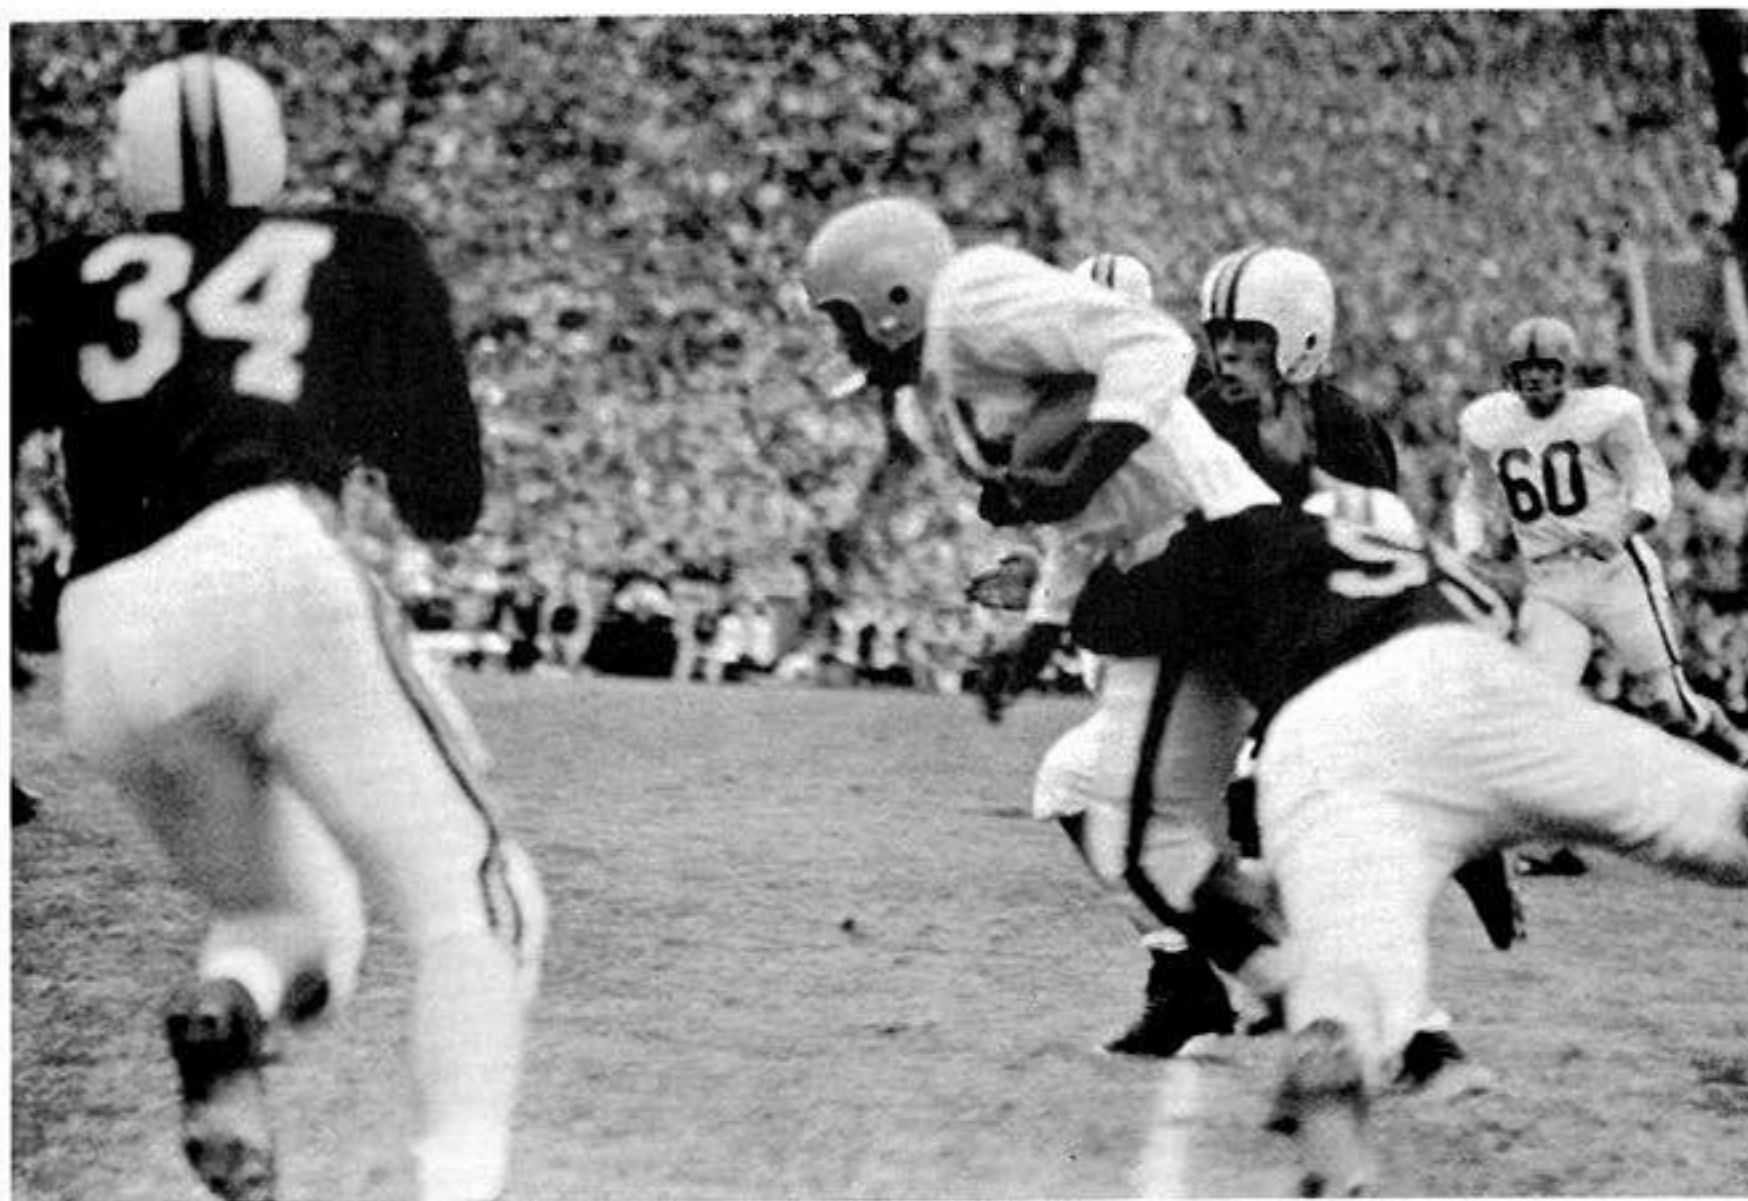

Washington muffed two more scoring chances in the third period. Early in the fourth quarter came the game's outstanding play. As Jones received a pitchout from Roake around the left end, he fumbled, picked up the ball, reversed his field and swivelhipped for an 8 yard gain. Jim Thomas then fought his way over for a touchdown.

The Vandals threatened and finally scored as quarterback Howard Willis scored on a sneak.

CREDELL GREEN is stopped by the Minnesota line after a short gain.

# huskies 30 gophers 0

Washington beat Minnesota for the fourth consecutive time and the 30 to 0 Husky victory was the largest margin registered in competition between the two schools.

On the initial Husky offensive play, Husky back, Bob MacNamee fumbled on his own 14. Washington held the Gophers and Jim Houston intercepted a fourth down desperation pass, returning it 54 yards to the Minnesota 24. Washington pushed to the 9 before being held by a hard charging line. Dean Derby put the Huskies ahead with a 17 yard field goal and the game was on.

Late in the same quarter, Washington banged away for 78 yards and scored as Steve Roake passed to Jim Houston in the end zone. Dick Day converted. Luck smiled on Washington as Tom Uram fumbled again near his own goal. Houston roared through to recover the fumble in the end zone for another Washington tally. Dean Derby converted.

The fourth quarter saw Jim Jones and Jim Harryman close out the Washington scoring as they both scored a touchdown on line plunges.

JIM JONES breaks away from Idaho defenders.

# huskies 19

# ducks 7

Despite the hard running of Oregon halfbacks Dick James and Jim Shanley, the Ducks became the second straight PCC victim of the Washington Huskies as they rolled over the Ducks, 19-7.

The first quarter was rather uneventful, with the Oregon line holding well.

Things changed rapidly as the second quarter progressed. Oregon fullback Jack Morris kicked a wobbly punt from his own 5 to his own 25, where it rolled out of bounds.

Jim Jones picked up 15 yards off left tackle to start the ball rolling. Steve Roake chucked an eight yard pass to Jim Houston and then Credell Green plowed for two more through center. Jim Jones burst over right guard for the first Husky score.

Dean Derby kicked wide.

Right from the second half, the Huskies seemed unstoppable. Sandy Lederman quarterbacked a 77 yard drive. Lederman mixed passes and runs with excellent choice. Highlighting the drive was a 23 yard jaunt by halfback Mike Monroe. Credell Green went the final yard and racked up the second Husky touchdown of the game.

Derby kicked wide again.

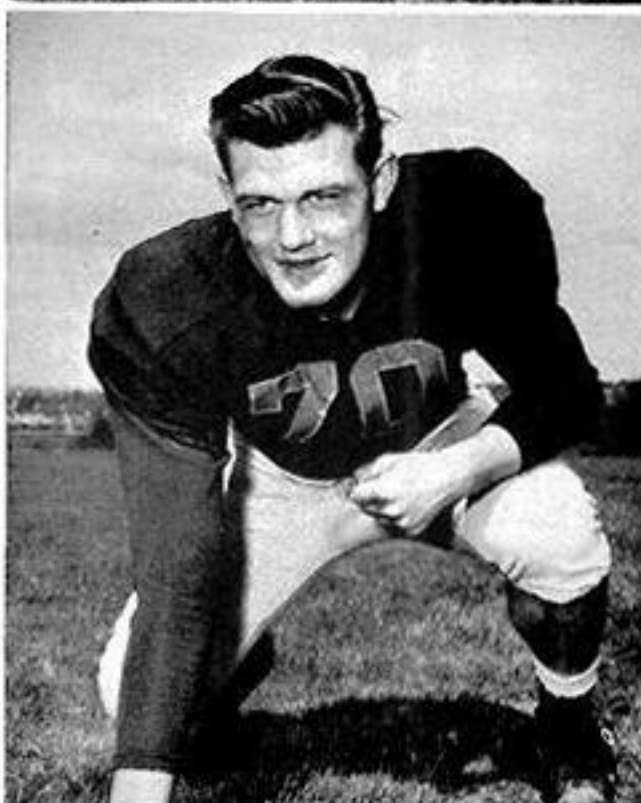

Oregon came to life as Dick James ran the kickoff back 33 yards to his own 48. Duck quarterback Tom Crabtree passed 37 yards to Jim Shanley and the Webfoots moved to the Husky 12. Reserve quarterback Jack Crabtree tossed to George Slender in the end zone for the Oregon score.

Jack Morris made the kick.

Washington's last touchdown came when Husky center Bert Watson recovered a Duck fumble to set up Washington on the Oregon 24.

Green rounded right end for eight yards, Lederman sneaked to the 7. Then Green burst through the center again for the third Husky tally of the night. Derby made the kick.

The Huskies made U.S.C. their fourth victim in as many starts, as 35,000 rain-drenched fans witnessed one of the most spectacular plays ever seen in this stadium.

With just 6 minutes and 20 seconds to go, Quarterback Steve Roake pitched a 20 yard aerial to End Jim Houston. Houston drove five yards before being caught. As he fell, he lateraled to End Corky Lewis who raced 55 yards down the sideline to pay-dirt.

Dean Derby kicked the extra point.

Sophomore Fullback Jim Harriman suffered a leg injury and was replaced by Jim McCarter who proceeded to play the best game of his career.

Mike Monroe turned in a fine job on both offense and defense while Fred Robinson, Earl Monlux and Dick Day led the strong Husky defensive line.

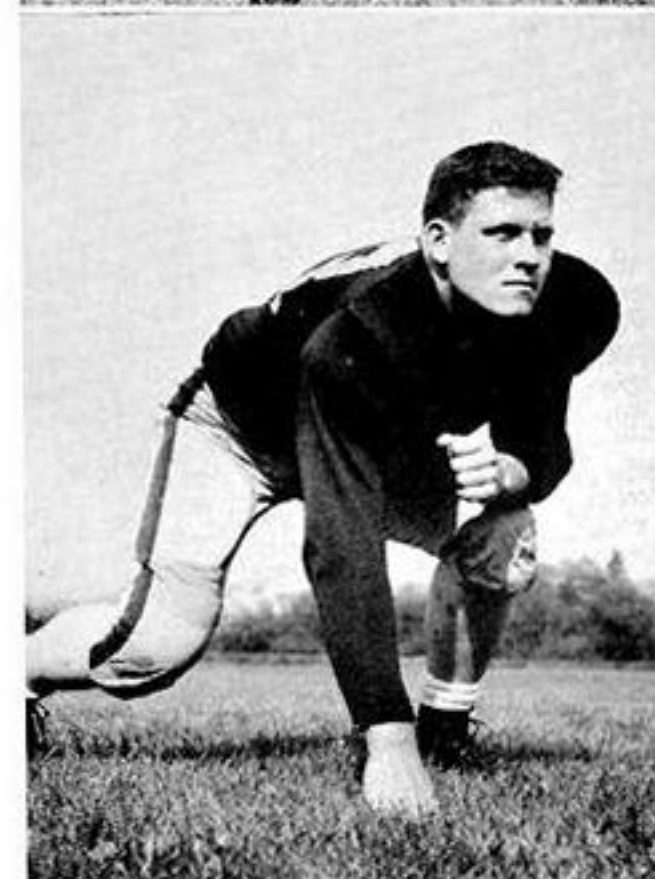

U.S.C. Head Coach Jess Hill made no excuses for his team, and commented, "we just met a better ball club."

A slow starting Baylor eleven handed the Washington Huskies their first defeat of the season today, 13 to 7.

The Huskies drove 89 yards to the Bears one foot line and then it happened—Mike Monroe fumbled as he attempted to score and Baylor took over.

Though Washington dominated first quarter play, the period was scoreless.

Once again the Huskies threatened as they moved 43 yards to the one foot line in the second quarter. Steve Roake scored on a quarterback sneak.

Reliable Dean Derby booted the extra point.

The Bears received the kickoff and ran it back to their own 13. From there, they drove 84 yards to the Husky 3, with the able assistance of Del Shofner, Reuben Sagge and Bobby Jones.

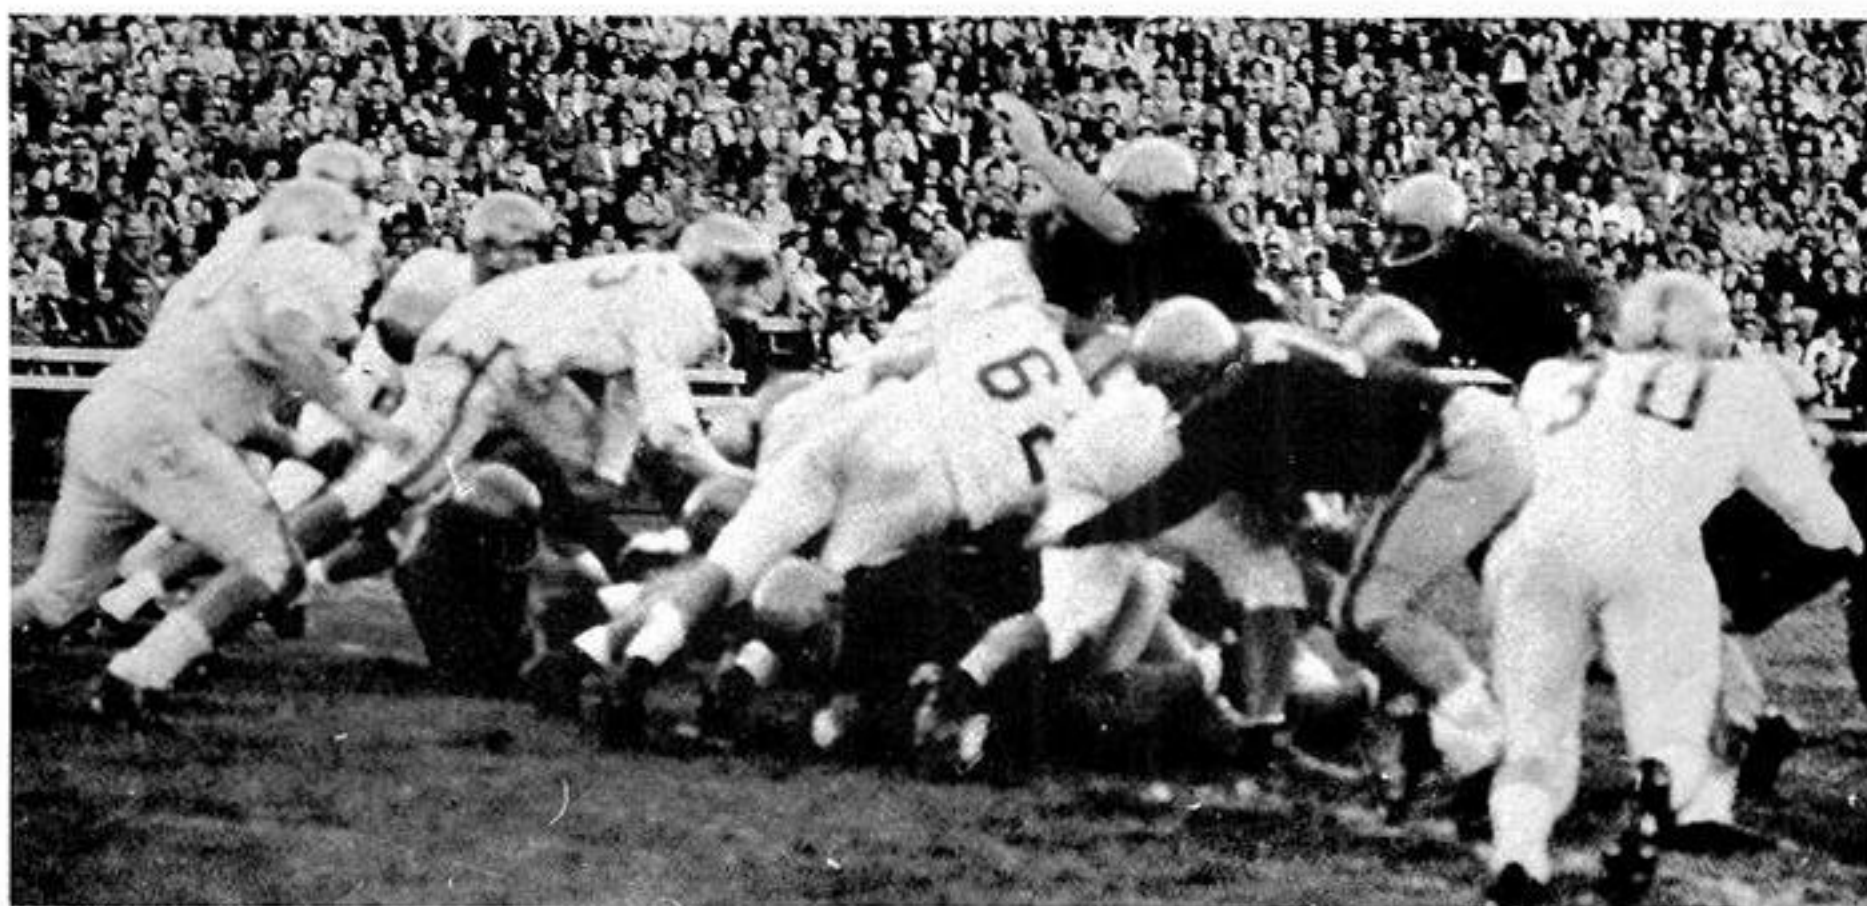

With the ball on the Husky three and only 38 seconds to go, Washington called a time out—the most questionable move of the game.

Three plays after the time out, Jones scored on a sneak.

Oliver converted for the Bears making the score 7 to 7.

The Bears took the second half kick back to their own 32, and from there they marched 68 yards in 15 plays. Several line smashes moved the ball to the Husky 6, and from there Jones passed to Gremminger in the end zone.

Baylor threatened again in the fourth quarter, but a beautiful pass interception by Monroe ended the Bears chances.

The California Golden Bears scored the upset of the season as they downed Washington 20-6 before a handful of loyal rooters in Strawberry Canyon.

Near the end of the first quarter the stage was set for Cal's first score as Credell Green fumbled on our own 24. Cal fullback Steve Dimeff moved the ball to the 13 with a lunge that surprised the Cal team. Dimeff crashed for 8 more and then little John Wilson broke loose for 8 yards and a touchdown.

Cal returned the favor later as Ted Granger dropped Husky tackle Ed Sheron's punt and Jim Dougherty recovered for the Huskies on the Cal 8. Three plunges put the ball on the Bear 2 and Green ran around end for the lone Husky tally.

Dean Derby missed the kick.

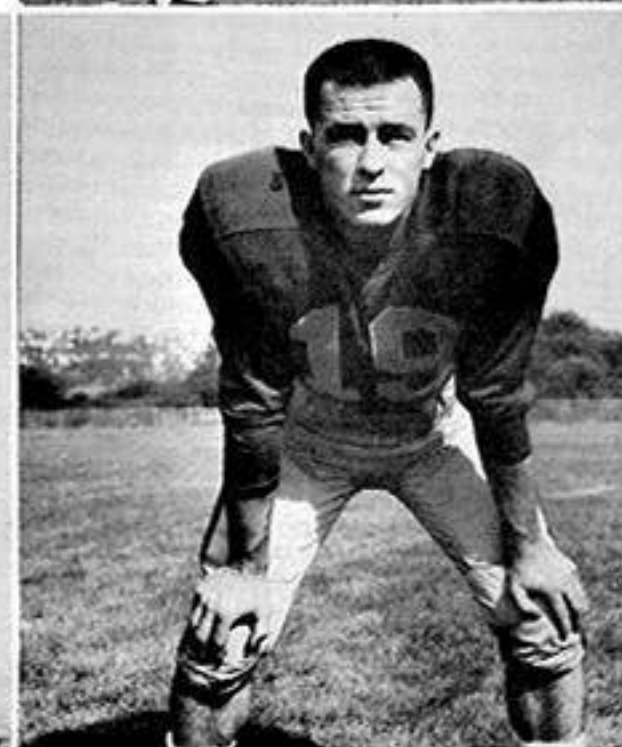

Washington looked hot as the second half opened, and Green and McCarter led a drive to the Cal 31. Then Soph. quarterback Al Ferguson fumbled and the Bears took over on the 38.

Washington held and the teams exchanged punts. Then Cal drove from their own 46 to score again.

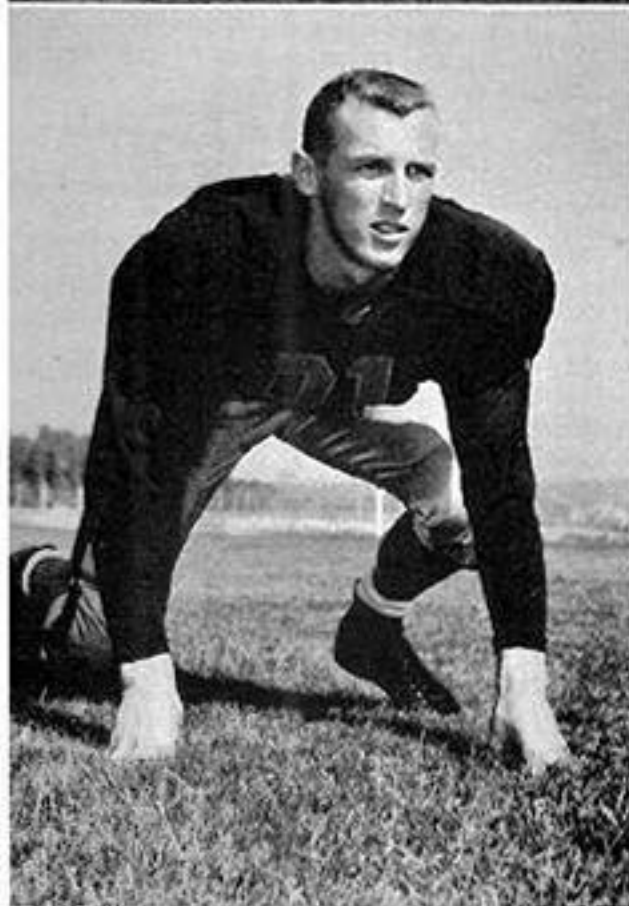

The final California touchdown came with four minutes left in the game. Ferguson attempted to pass from his own 17, and was mobbed by a host of Bears. He weakly lobbed the ball into the waiting arms of Al Hoffman, Cal back, who was immediately stopped. On the sixth play after Hoffman intercepted, he passed to Jim Carmichael who was all alone in the end zone.

Nick Poppin made both Cal conversions.

JIM SUTHERLAND, backfield

Little Sam Berry, OSC fullback, crushed Washington's Rose Bowl hopes as he picked off a lateral pass in the Husky backfield and raced from the OSC 27 all the way home to tie the Huskies 7-7.

Washington outplayed the Beavers in the first half. Once we got possession of the ball in the first quarter, it looked like the Huskies' day. Jones, Green, Monroe and Roake joined forces to drive from the Husky 19 to the OSC 12. In this drive, the Huskies made five consecutive first downs. OSC held, however, on their own 12.

Our lone score came in the second quarter when OSC back, Ray Westfall faded back deep in his own territory to pass. Husky tackler, George Strugar, charged hard and forced Westfall to toss a weak two-hander which Husky end, Jim Houston, intercepted. He romped from the 19 yard line into the Beaver end zone. Dean Derby kicked the extra point.

The third quarter spelled Washington's doom. Westfall tried another pass and once again Houston appeared on the scene, grabbed the ball and scored. But, Referee Jack Sprenger ruled the ball dead and the score was nullified.

This set the stage for the sensational run by Berry. OSC back, Joe Francis punted out 28 yards and Steve Roake returned the kick 27 yards. Jones moved the ball to the 28. Roake attempted the option play and as he was being tackled, flipped to another back. Sam Berry intercepted the pass and raced for the winning tally.

The Huskies got off to a roaring start against the Indians with Mike Monroe scoring on the fifth play of the game. Dean Derby converted.

Stanford responded to this display of Washington power by marching for five consecutive first downs to the Washington 24. During this drive, the Indian line constantly opened holes for Jeri McMillan, Paul Camera, Bill Tarr and John Brodie.

Stanford moved to the Husky five where the Huskies held for three downs. On their fourth attempt, Husky tackler, Ed Sheron, dropped Stanford's Brodie back on the fourteen.

The Huskies attempted to drive out of their territory, but Monroe fumbled on the first play and Stanford recovered. This time, the Indians were successful. Tarr scored from the ten and they made good their conversion.

Two courageous stands kept Stanford from scoring in the second period. After taking the ball from the Huskies, Stanford moved to the Huskies' seventeen in fourteen plays. The defense tightened and the Huskies took over once more.

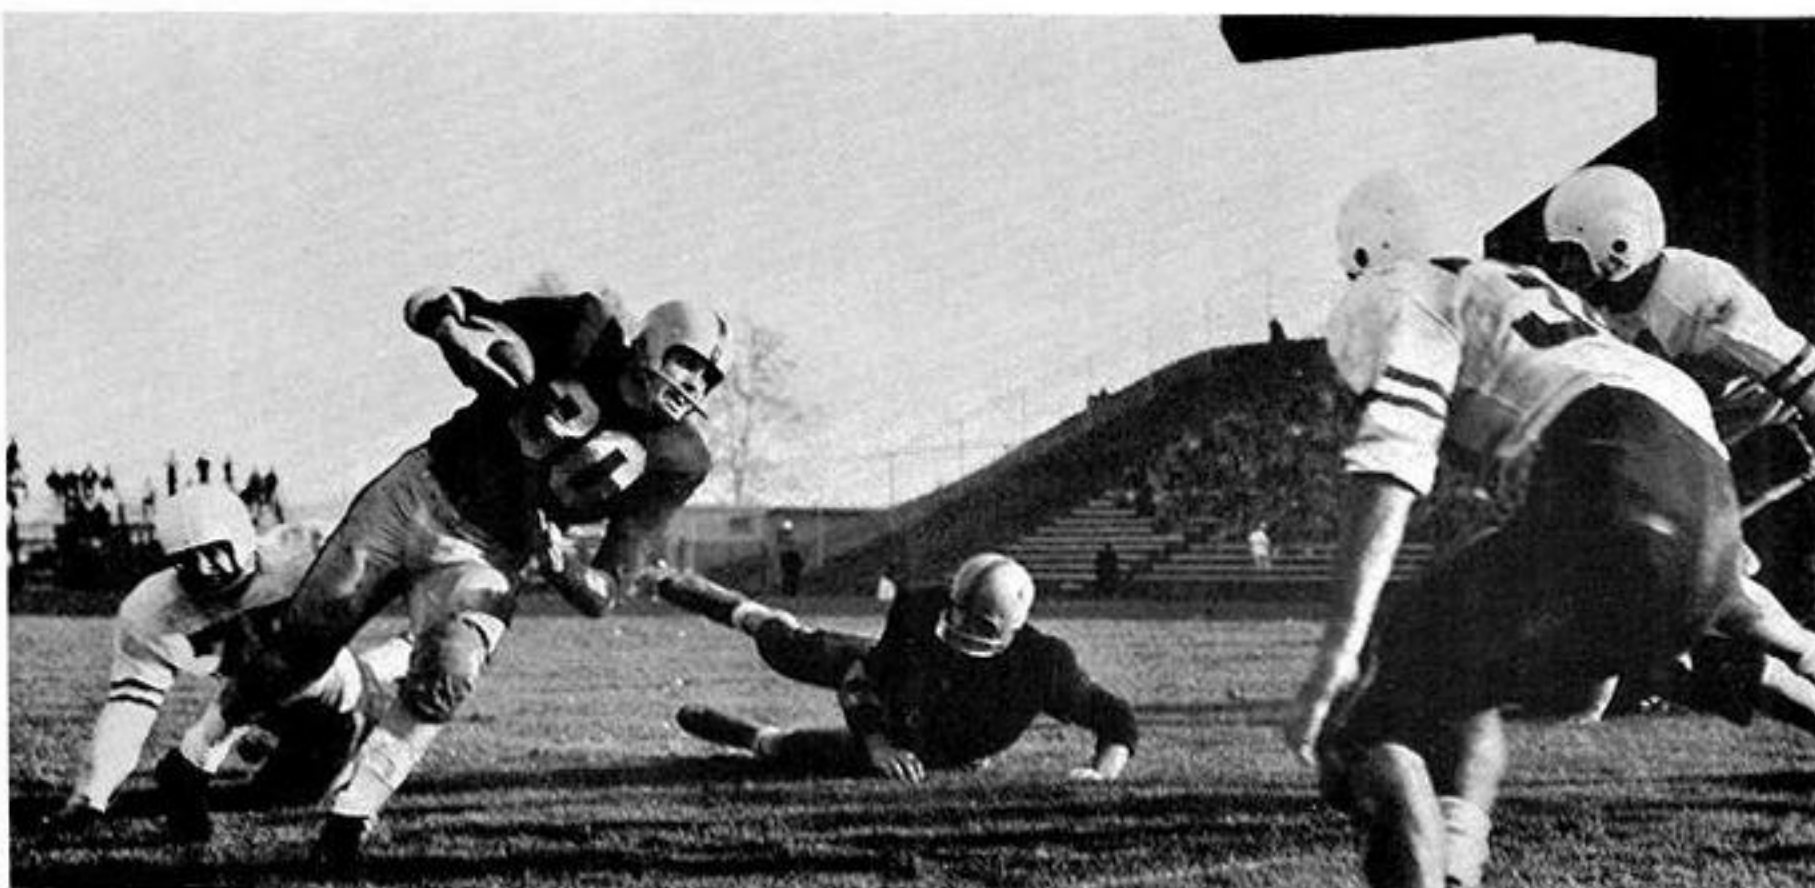

The third quarter saw the Huskies come to life as Monroe, Green and Lederman, aided by a hard blocking line, marched 93 yards into Stanford territory. On the fourth down, Lederman passed to Lewis in the end zone, but the toss was wide and the Indians took over. Stanford failed to gain on three line attempts and punted out of danger.

The rest of the game was played between the 25 yard markers.

This was the first blot of many to come on the Husky record, though it put Washington in second place with none lost and one tie.

The Washington Huskies exploded an unbelievable attack and once more looked like Rose Bowl material, despite their last minute loss to the UCLANS.

U.C.L.A. scored early in the game, recovering a Husky fumble and going 44 yards in 11 plays. Later in the first quarter, Husky Quarterback Steve Roake took off on a spectacular 40-yard run to the Bruin 25. The play was called back, however, and this began a long series of penalties that hurt Washington throughout the game.

With six minutes left in the first quarter, Sophomore sensation, Jim Jones picked off a deflected Bruin pass and raced 61 yards for a touchdown. Dean Derby converted.

Once again, the Huskies took the ball away from the Bruins. Bob Herring ran 19 yards to the 38. Roake passed to Lajala on the Bruin 9, but the penalty flag waved once more and the gain was nullified. On the next play, Roake ran 13 yards. Then he passed to Herring in the end zone.

U.C.L.A. was getting colder by the minute and they fumbled on their own 29. Washington recovered and after three unsuccessful passes, Derby split the uprights for 42 yards and a field goal.

In an effort to save face, the Bruins called upon injured Bob Davenport. With the Huskies leading 17-7, the Bruins managed to drive the distance and Sam Brown bulled his way across the line.

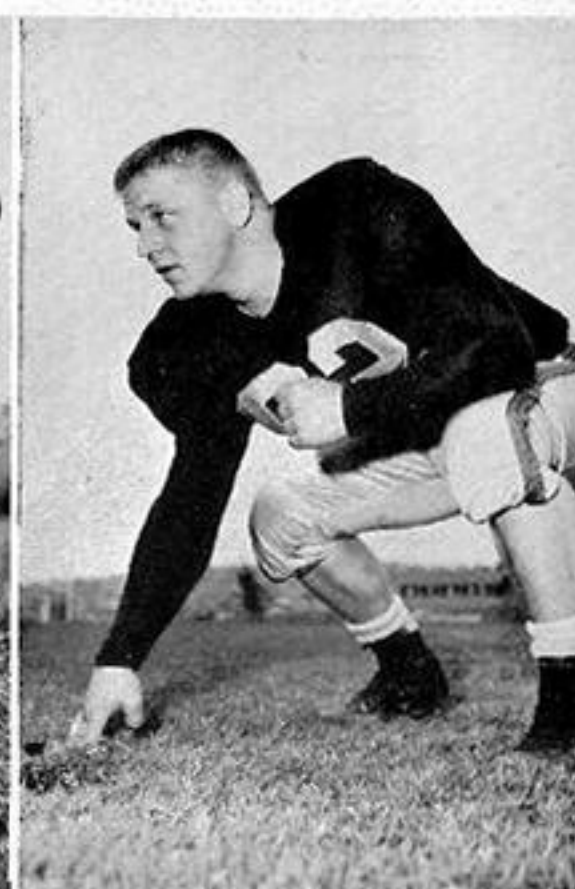

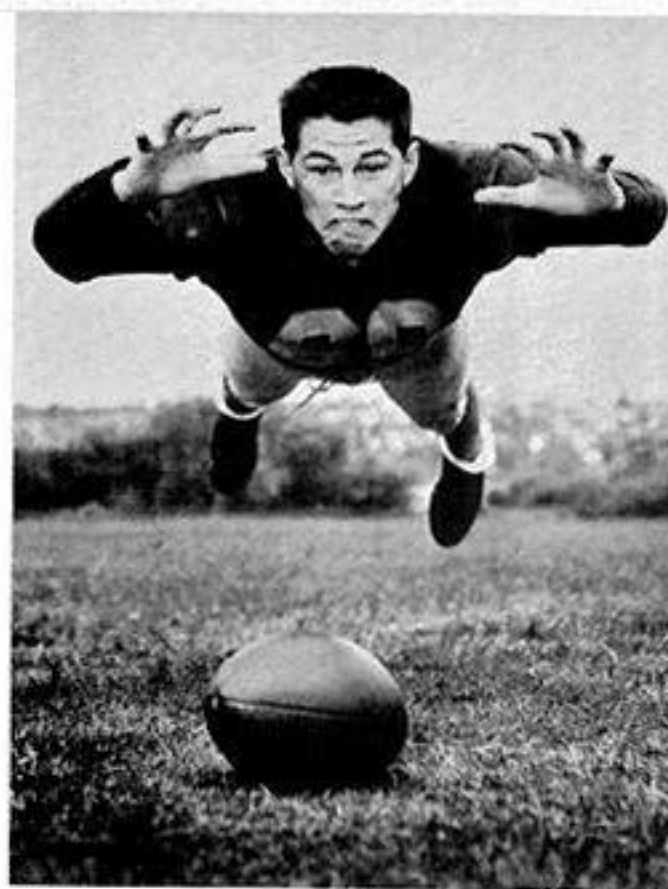

The score stood 17-14. Roake showed his gridiron wizardry as, with less than a minute to go, and a fourth down on their own 9, he zig-zagged across the end zone allowing himself to be tackled for an automatic safety.

The Huskies led by only one point, but the clock had run down to 18 seconds. The fans roared with excitement as the seconds ticked off. The Huskies readied themselves for whatever offense the UCLANS would try. However, there was no stopping a last second field goal by Jay Decker. The Huskies lost a thriller to the fourth-ranked team in the nation—but not until the last 18 seconds.

Approximately 30,000 fans braved the rain, wind and mud to see Credell Green lead the Washington Huskies to a decisive 27-7 win over Washington State College in Seattle.

The Huskies instantly showed their prowess as Green rambled for 9 yards on the first play of the game. Washington dominated play from then on and almost every player saw action. In the second quarter, Green broke loose again and picked up 39 yards. Bob Herring romped for a T.D., but the penalty flag appeared on the scene and the score was nullified. This failed to discourage the Huskies and their 80-yard drive was climaxed by 7 points.

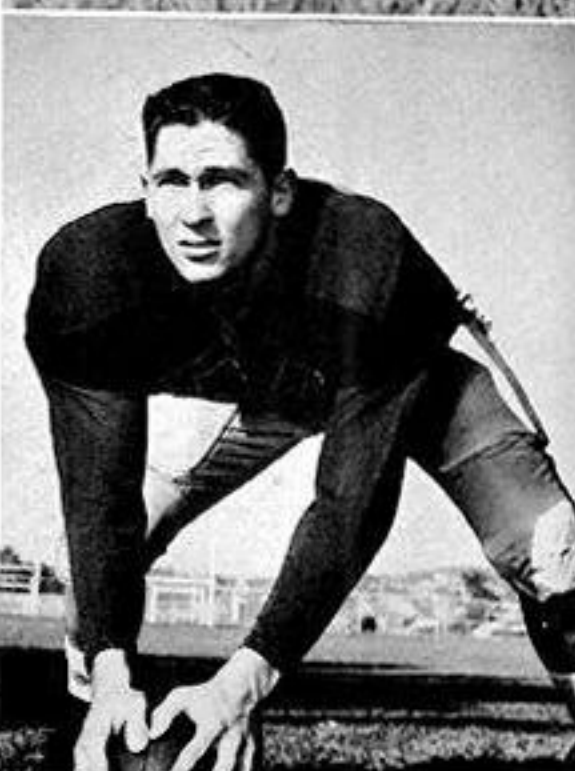

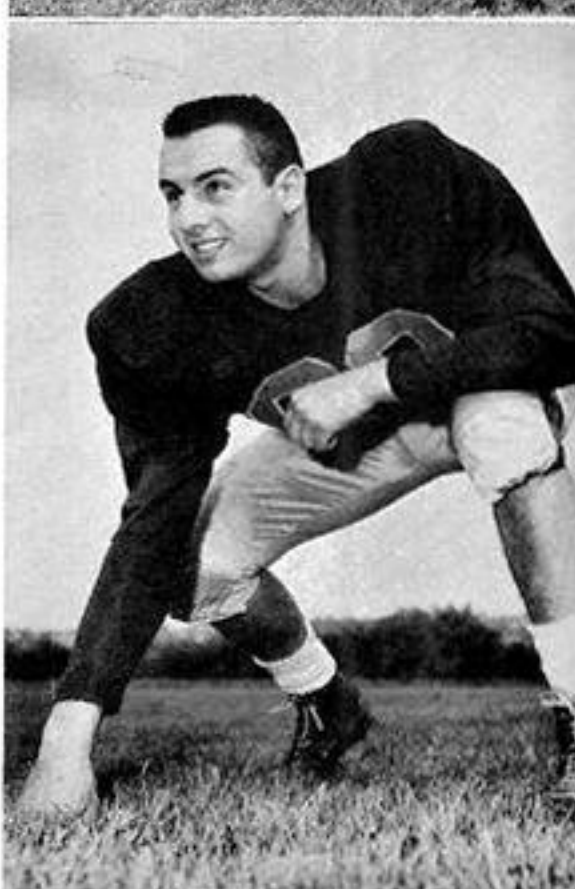

Washington took the ball away from the visitors promptly and scored again. This time on a pass from Sandy Lederman to Bob Herring.

Ten plays after the second half, the Huskies hit pay dirt again. Dean Derby made his third conversion of the afternoon.

W.S.C. had just gotten under way when once more the Huskies took over. "Incredible" Green tore loose again, this time for 50 yards and the fourth score of the afternoon.

In came the reserves, who held fairly well until the fourth quarter when the Cougars marched 80 yards to score.

Credell Green firmly established himself in the record books as he ran over, under, through and around the Cougars to pile up a total of 258 yards for the afternoon, and 652 for the season. This is the highest single game record for this year. Green now ranks third only to Hugh McElhenny's 1950 and 1951 rushing records.

Speed, power and a fabulous air attack rounded out an outstanding Frosh football squad at Huskyville, this year.

Led by quarterback Lee Grosscup, excellent Frosh passer, the Pups lost only one game.

Washington's yearlings got off to a rousing start by downing the W.S.C. Couababes, 6-0. Idaho seemed somewhat easier for when the rain clouds lifted, the Vandals found themselves on the short end of a 40-13 score.

All was not roses for the Pups, however, and the day of reckoning finally arrived. Although the game was close and hard fought, the Oregon State College Rooks came through to beat the Pups 13-12, in one of the tightest battles this league has seen for some time. Statistics gave the Huskies the edge, but Coach Bill Marx said:

"You can't fumble six times and expect to win ball games."

Some of this year's outstanding players were: DON ARMSTRONG, MARY BERGMAN, RENE BERTHEAU, STAN BOYD, DON BROWN, LUTHER CARR, GENE FRY, LEE GROSCUPP, PETE HANSON, JIM HECK, BILL HOWARD, DUANE LOWELL, JON McARTHUR, MIKE McCLUSKY, DON MILICH, BILL JOHNSON, DARRELL MORTON, JIM SCHULER, BILL SNIDER, ED WATANABE, and DAN WHEATLEY.

The University of Washington's Department of Physical Education for Women is one of the most outstanding in the country. It is outstanding not only in its academic aspect but in its wide field of intramurals and sports days as well.

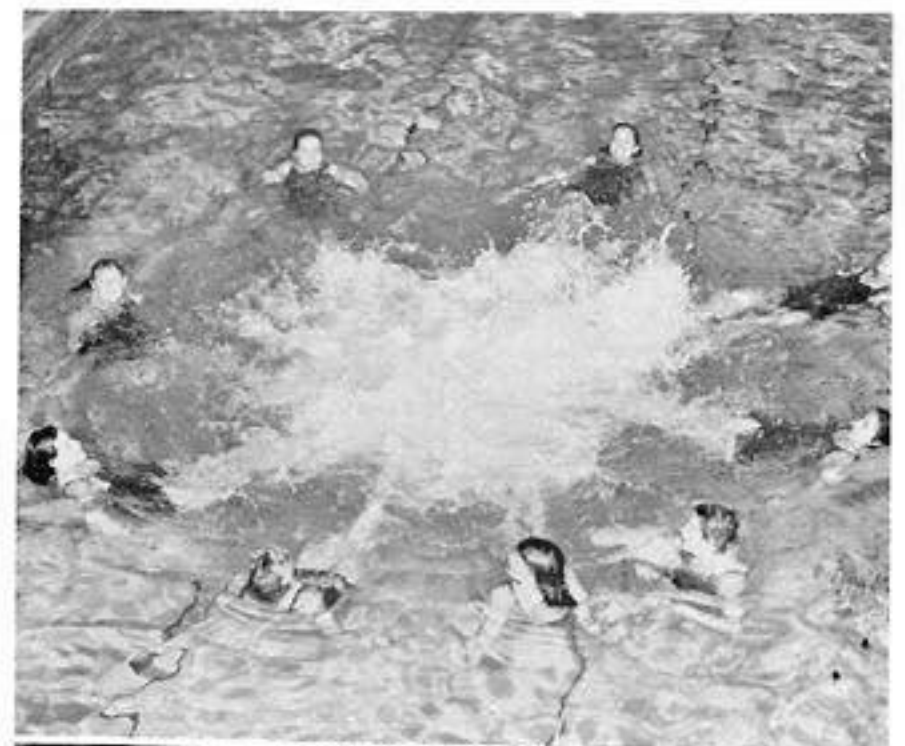

This year the Women's Ski Team captured the Northwestern ski trophy at Whitefish, Montana for the fifth straight year. Kappa Alpha Theta won first place in the women's ski intramurals. Alpha Chi Omega, second, and Sigma Kappa, third.

As shown in the pictures on these pages, the University has a vast system of intramurals, covering all the major sports for women. Sports days are held during the year, along with other events such as the invitational hockey meet, and the intercollegiate tennis matches which are held each spring.

Orchesis, which is a modern dance group under the direction of Mrs. de Vries, gives excellent training to those interested in modern dance.

Silver Fish, the women's swimming organization, is well known for its outstanding work. Each year Silver Fish puts on the Swim Show "Aqua Fantasies" in conjunction with the Husky Swim Club.

The Washington Huskies opened the season with a pair of losses to the Stanford Indians in Non-Conference play. Sophomore Bruno Boin, in his debut in the starting line-up, led the Washington scoring both nights which became a regular habit throughout the season. The Huskies' next two stands against the Baylor Bears saw Washington win 71 to 62 and 80 to 68 as the home team Huskies found the basket which seemed to have a lid over it at Palo Alto.

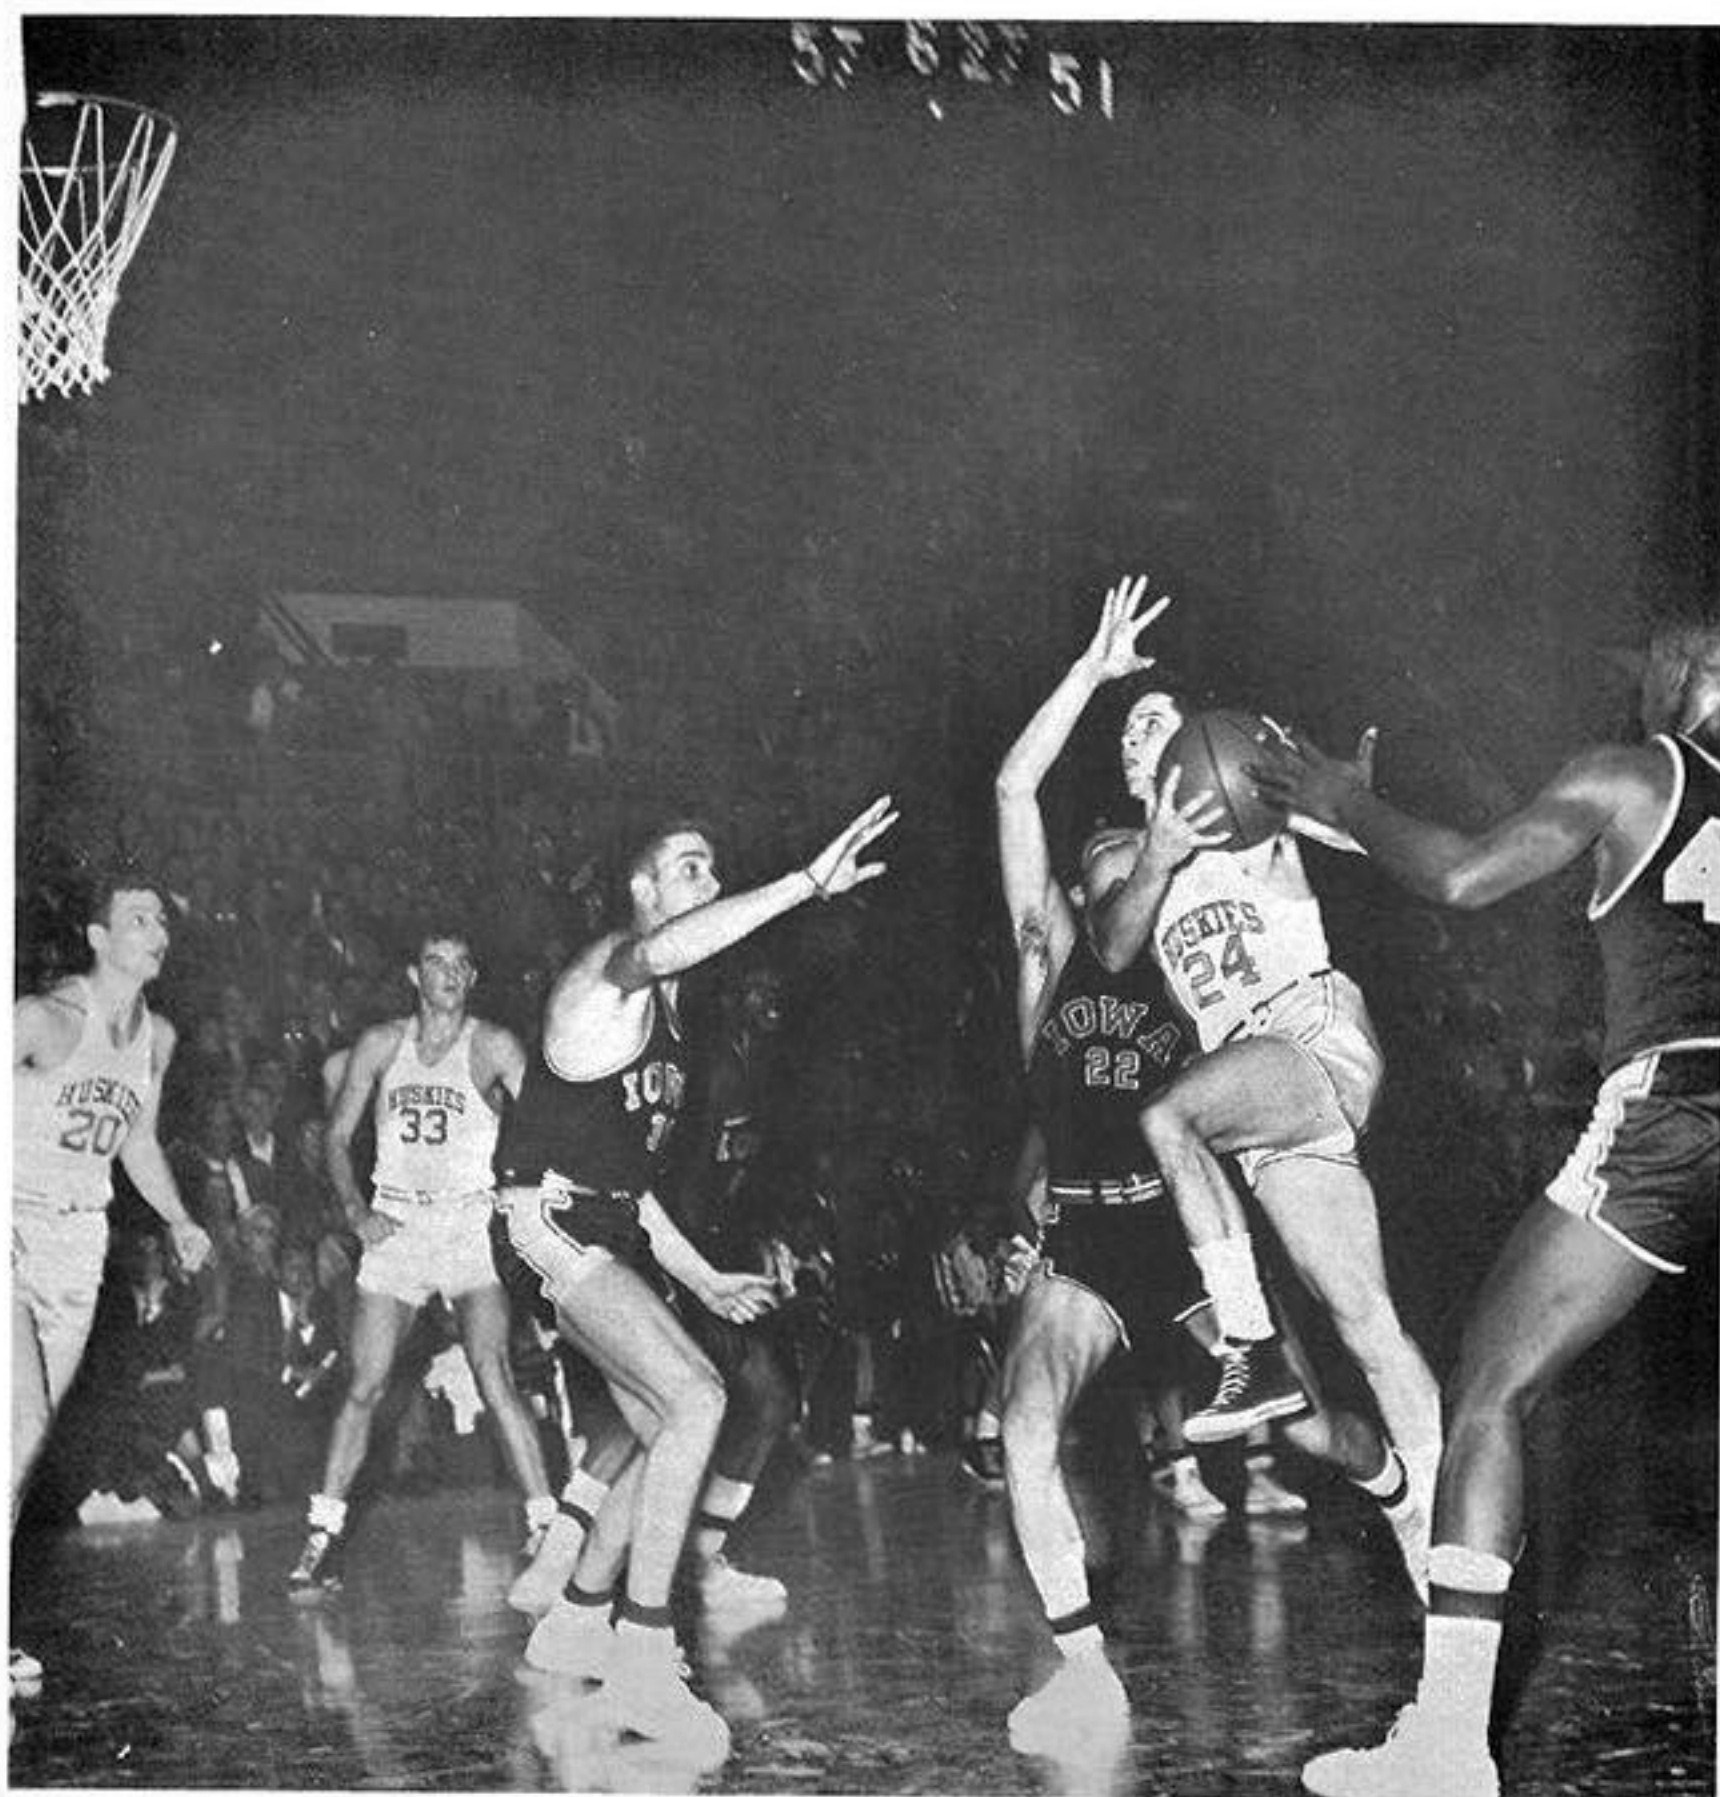

The Huskies hit the road during the Christmas vacation to lose to three very highly regarded mid-west teams. The Huskies first bowed to Kansas State of the Big Seven conference in a close 74 to 69 battle which saw the lead change several times. Next stop was the home of St. Louis University where the powerful Bilikins beat the Huskies by 8 points after Bruno Boin fouled out early in the second half after scoring 23 points. The Ohio State Buckeyes piled a 94 to 73 defeat on the Huskies in the final game of the road trip. The 94 points was one of the highest totals ever scored against a Washington five. Bruno Boin led the Husky scoring in all three of the games and had a total of 76 points.

Back home again the Huskies beat the Big Ten champion Iowa Hawkeyes who later went to the semi-finals of the NCAA tournament. The Huskies led all the way in a wide open contest winning 76 to 71. Gary Nelson was high with 18. Don Patnoe pushed two points through the hoop from 20 feet out to give the Huskies a last second victory from Wisconsin 54 to 53 to wind up the pre-season play with a record of four wins and five losses.

Applying a new style of defense against the Indians of Stanford, Husky basketball mentor "Tippy" Dye presented a switching, man-to-man defense which proved to be very successful. In Friday's action, the accurate outside shooting of Sophomore guard John Tuft helped the Huskies to pile up an early 10-0 lead; while at the same time the Indians were held scoreless for the first six minutes. Washington's Ron Patnoe led both teams with 12 points in the first game.

Friday night proved the defensive capabilities of the Huskies, and the same method of defense was used in the Saturday tilt. Jim Coshow of the Huskies, the top scorer of the series, showed great adeptness on the backboards, while Doyle Perkins consistently broke up the play-making attempts of Stanford guard George Selleck. Washington chances for a clean sweep of the series were hurt by a drop in field goal completion averages, from 32% on Friday, as compared to only 28% on the following night.

The Washington Huskies displayed a great defensive effort in the first game with Washington State College as they held their rivals to 42 points while scoring 62 themselves. Jim Coshow did a great defensive job on Larry Beck of the Cougars who was third in the conference scoring race. The Huskies won going away in the second half after building up a 54 to 31 lead. Bruno Boin led the scorers with 22.

Although Washington won the second Cougar tilt 80 to 57, it was a real ball game for the first thirty minutes as the WSC reserve center Bruce Olson scored consistently. With ten minutes left in the game the score stood at 50 to 49 in favor of the Huskies. The Washington team then found the basket for a fast thirty points in what proved to be one of the hottest streaks of the season. Boin again led the individual scoring with 21.

**huskies 60-75**

**ucla 61-82**

UCLA stole a victory right out of the hands of the Washington Huskies in the season's first meeting of the two teams. The Huskies were leading 60 to 59 with just a few seconds remaining in the game and were freezing the ball when Ron Olsen was fouled. Olsen missed the first shot and Morris Taft of the Bruins took a long rebound and then went straight to the corner closest to his offensive basket. He took a jump shot which rimmed the basket and fell into the hands of Willie, the Whale, Naulls who tipped it in as the gun sounded.

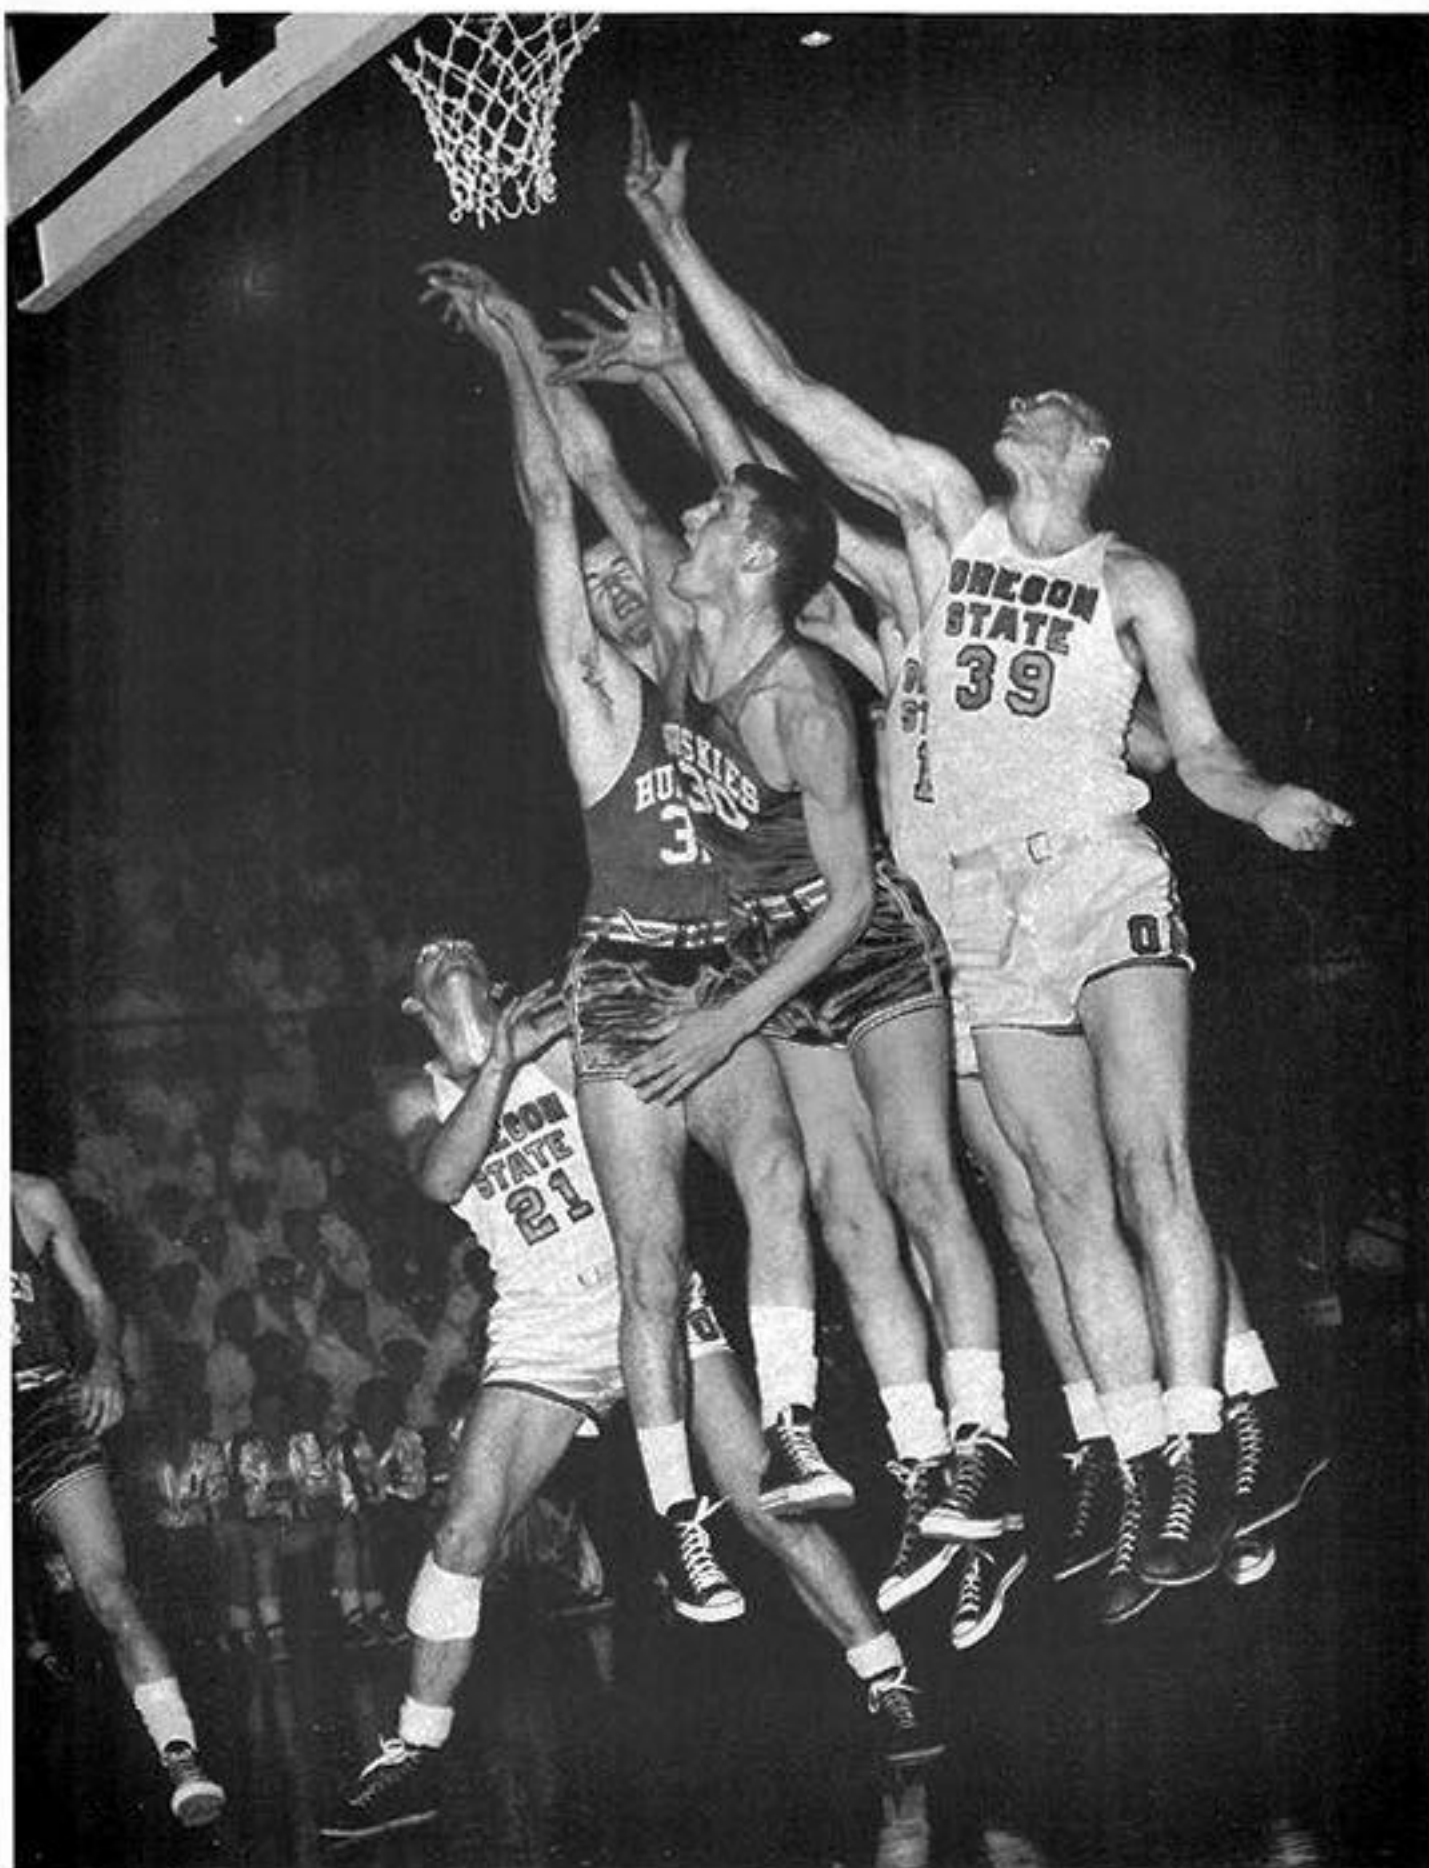

The Bruins built up a 7 to 2 lead at the offset of the game and lead at the half 35 to 32. The Huskies overtook a nine-point lead in the second half to knot the score at fifty points apiece. The game was a see-saw affair afterwards.

The Bruins swept the two-game series as they won the second game 82 to 75 overcoming a one-point Husky halftime lead. The Washington five felt the loss of Jim Coshow who fouled out early in the second half. Doyle Perkins scored 19 and Bruno Boin 18 in the losing effort.

# beavers 58-63

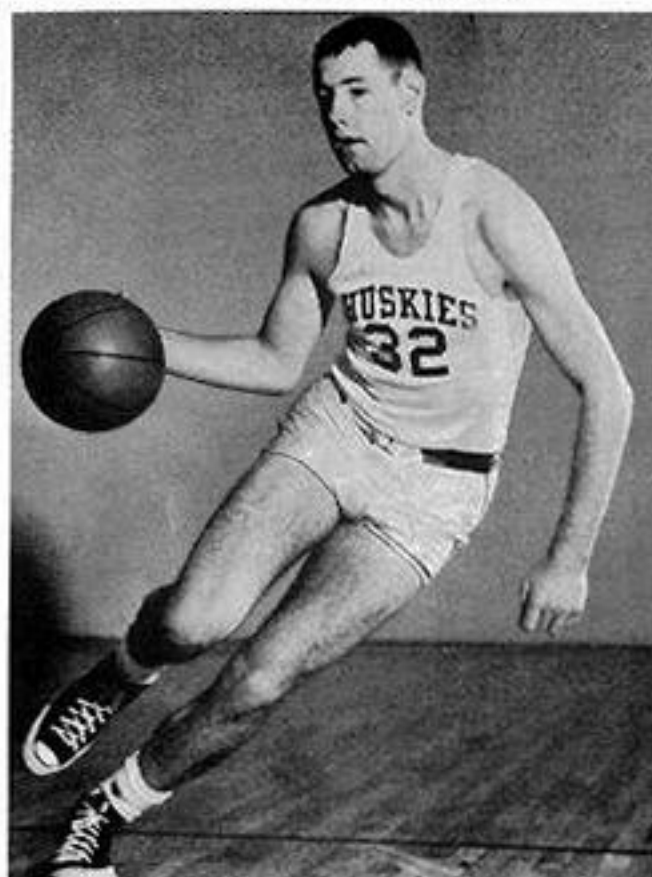

The Washington five came from behind to overtake an Oregon State 7-point lead late in the game and win 66 to 58. Washington won the game on free throws as they were out-scored from the field and made 24 of 32 free throws good. Boin led the scoring for the Huskies with 17 but the high point man for the game was Bob Allord, a Beaver reserve who gave the Huskies a rough evening.

Karl Voegtlin led the Huskies to victory the second night against the Beavers in a game the Huskies won easily 83 to 63. The Washington team shot well all through the game and had a 45 per cent average in the second half. Bruno Boin scored 24 in the route.

## huskies 46-70 idaho 34-63

Washington played one of its best defensive games when it started a series with Idaho. This game was the lowest scoring game of the conference season up to this point when the Huskies won 46-34. The Huskies were able to hold the Vandals to five field goals in the first half to lead at intermission 24-15. Throughout the second half the Huskies kept their strong defense by controlling the backboards and keeping the ball in their possession a large percentage of the time. In the second game the Huskies went into overtime when Gary Simmons tied the score by a jump shot just as the game ended giving a 59-59 score. As they went into overtime the Huskies went into a ten-point splurge followed by a stall and a win. The Huskies won the game with a slight edge of 70-63 as the overtime period ended.

## huskies 68-70 oregon 50-61

The Huskies in their first game against Oregon showed a good offense by defeating the Ducks 68-50. The Huskies took an early lead with a half-time score of 34-28. Throughout the first half Tuft was able to hit quite regularly from the far corner of the court. On the second night the Huskies found that they were the victors again by defeating the Ducks 70-61. Oregon led the Huskies 32-30 at half time but this only gave the Huskies a bigger incentive to work harder in the game and finally to go ahead and win. Bruno Boin gathered in 30 points during the evening to set a new single game sophomore scoring record. Boin was averaging one basket per minute for sixteen minutes before he collected three fouls and was benched for the remaining portion of the evening.

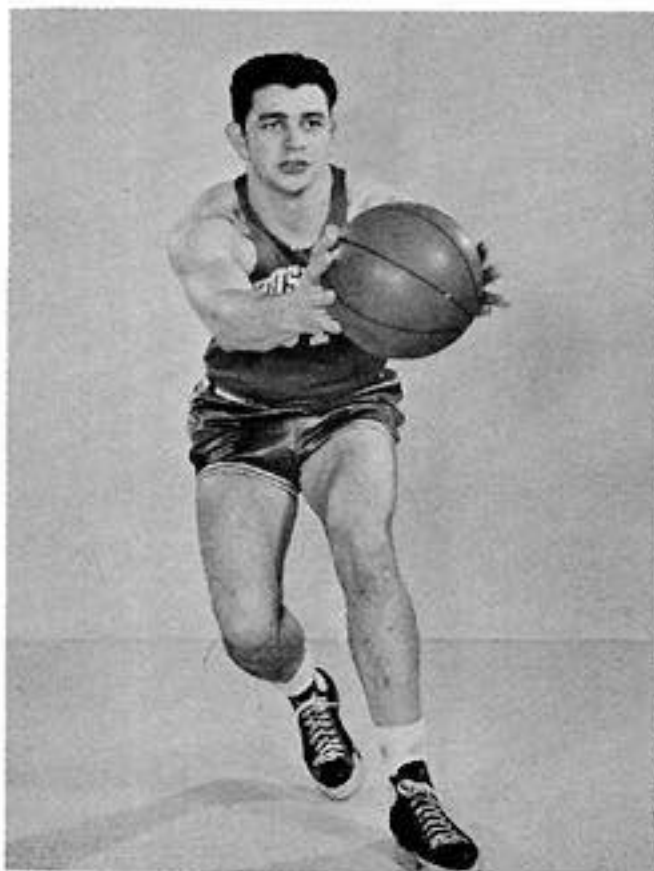

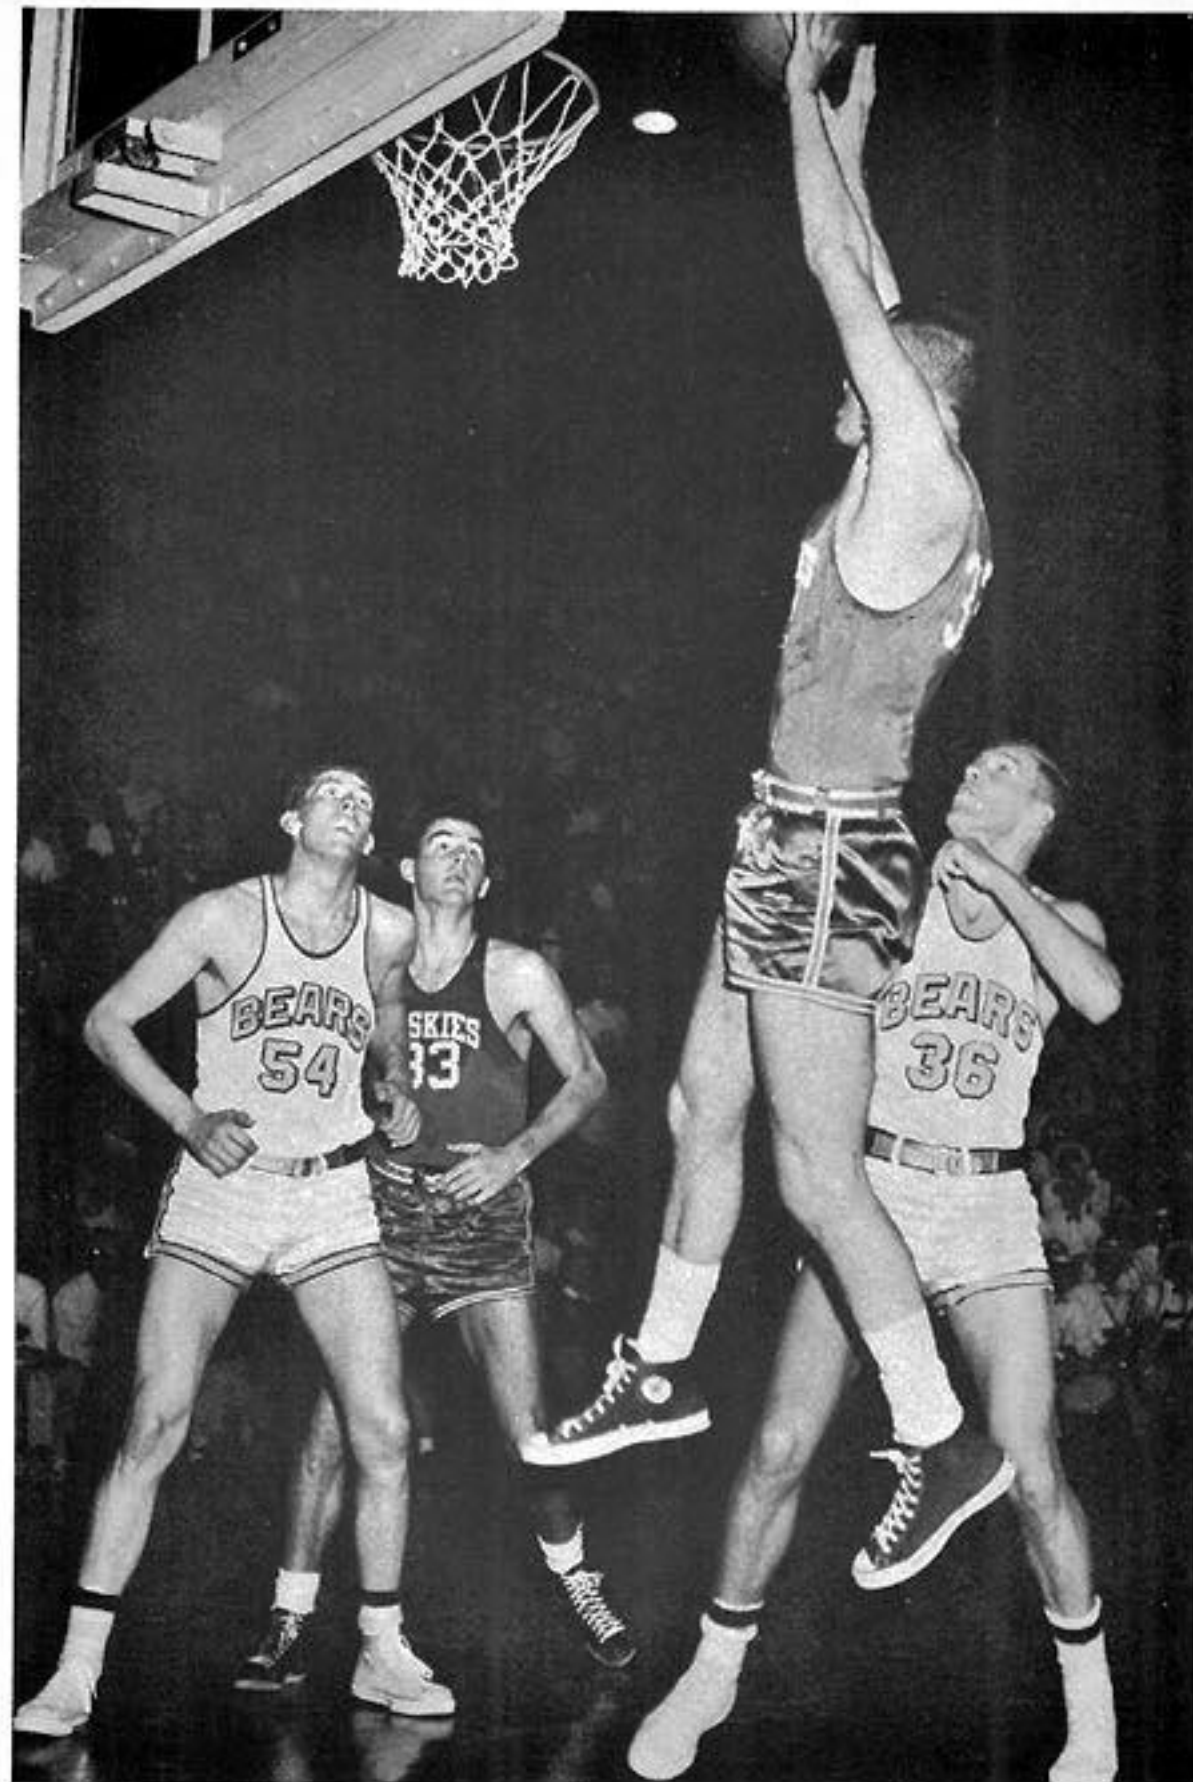

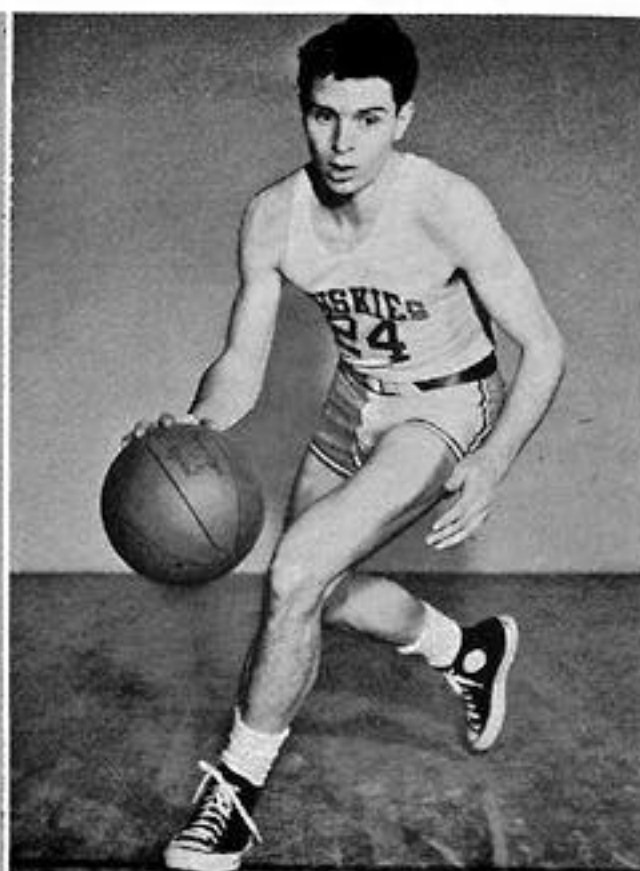

# huskies 62-60 california 74-63

The Golden Bears from California were completely fired up for the first game of the series with the Huskies. California had lost the previous eight games with us, and they were quite determined to prevent us from making it nine in a row. Ron Patnoe and Karl Voegtlin turned in very good games, but the Californians were apparently just too hot, and their forty-two per cent average was considerably better than that of the Huskies. Although we hit an astounding eighty-five per cent of our free throws, the outside shooting of one of the Cal guards was effective enough to make the difference.

In the second game, the Huskies ran into a very tight Cal defense. Although the Bears did not actually steal the ball often, there was a tendency for Husky passes to be a little wild at times, and Washington lost the ball on several occasions due to this. The fifty-five per cent average of the Huskies was not good enough for a win either, as Washington saw but few scoring opportunities.

Led by our lively faculty, University of Washington rooters cheered an inspired Husky quintet to a smashing victory over the Trojans of U.S.C. Bruno Boin calmly dunked in 28 points while the team as a whole collected a terrific game average of fifty-one percent, and the fans went wild when the scoreboard showed 105 points at the finish of Friday's game.

In the Saturday night game, six Huskies made their final contributions to University of Washington Basketball history. These six were Jim Coshaw, Bob Bryan, Karl Voegtlin, Ron Olsen, and guards Ron Patnoe and Doyle Perkins, who between them missed only three foul shots the entire series. The second game proved slightly tougher for the Huskies, as the revived Trojans bumped their game average back up to the 40 per cent bracket, but once again the boys took advantage of several breaks and solidly whipped the Trojans.

The University of Washington yearling five picked up a season record of nine wins, four losses, and one tie, which was an exact duplication of last year's record. The Frosh quintet had plenty of height in Lonnie Whitner, Jim Greer, Herb Breitenborn, and pace-setter Doug Smart, who broke the Frosh scoring record set last year by Bruno Boin. Another highlight of the season was the 113 point total chalked up by the boys against the Longview Loggers, for a new Frosh, University, and Pavilion scoring record.

The 1956 Varsity swim season proved to be a record smashing success for Coach Jack Torney and his Tankmen. With a perfect record of 4 wins and no losses, plus a grand sweep of the Northern Division Meet, Washington gained their twelfth ND title in fourteen years. The first ND meet netted the Huskies a 59-25 victory over Oregon. Emory Bundy's first in the 200 yd. backstroke, and Washington's triumphs in both the 300 and 400 yd. relay helped set up the Husky victory. The same week end Washington crushed the tough OSC Beavers 55-29.

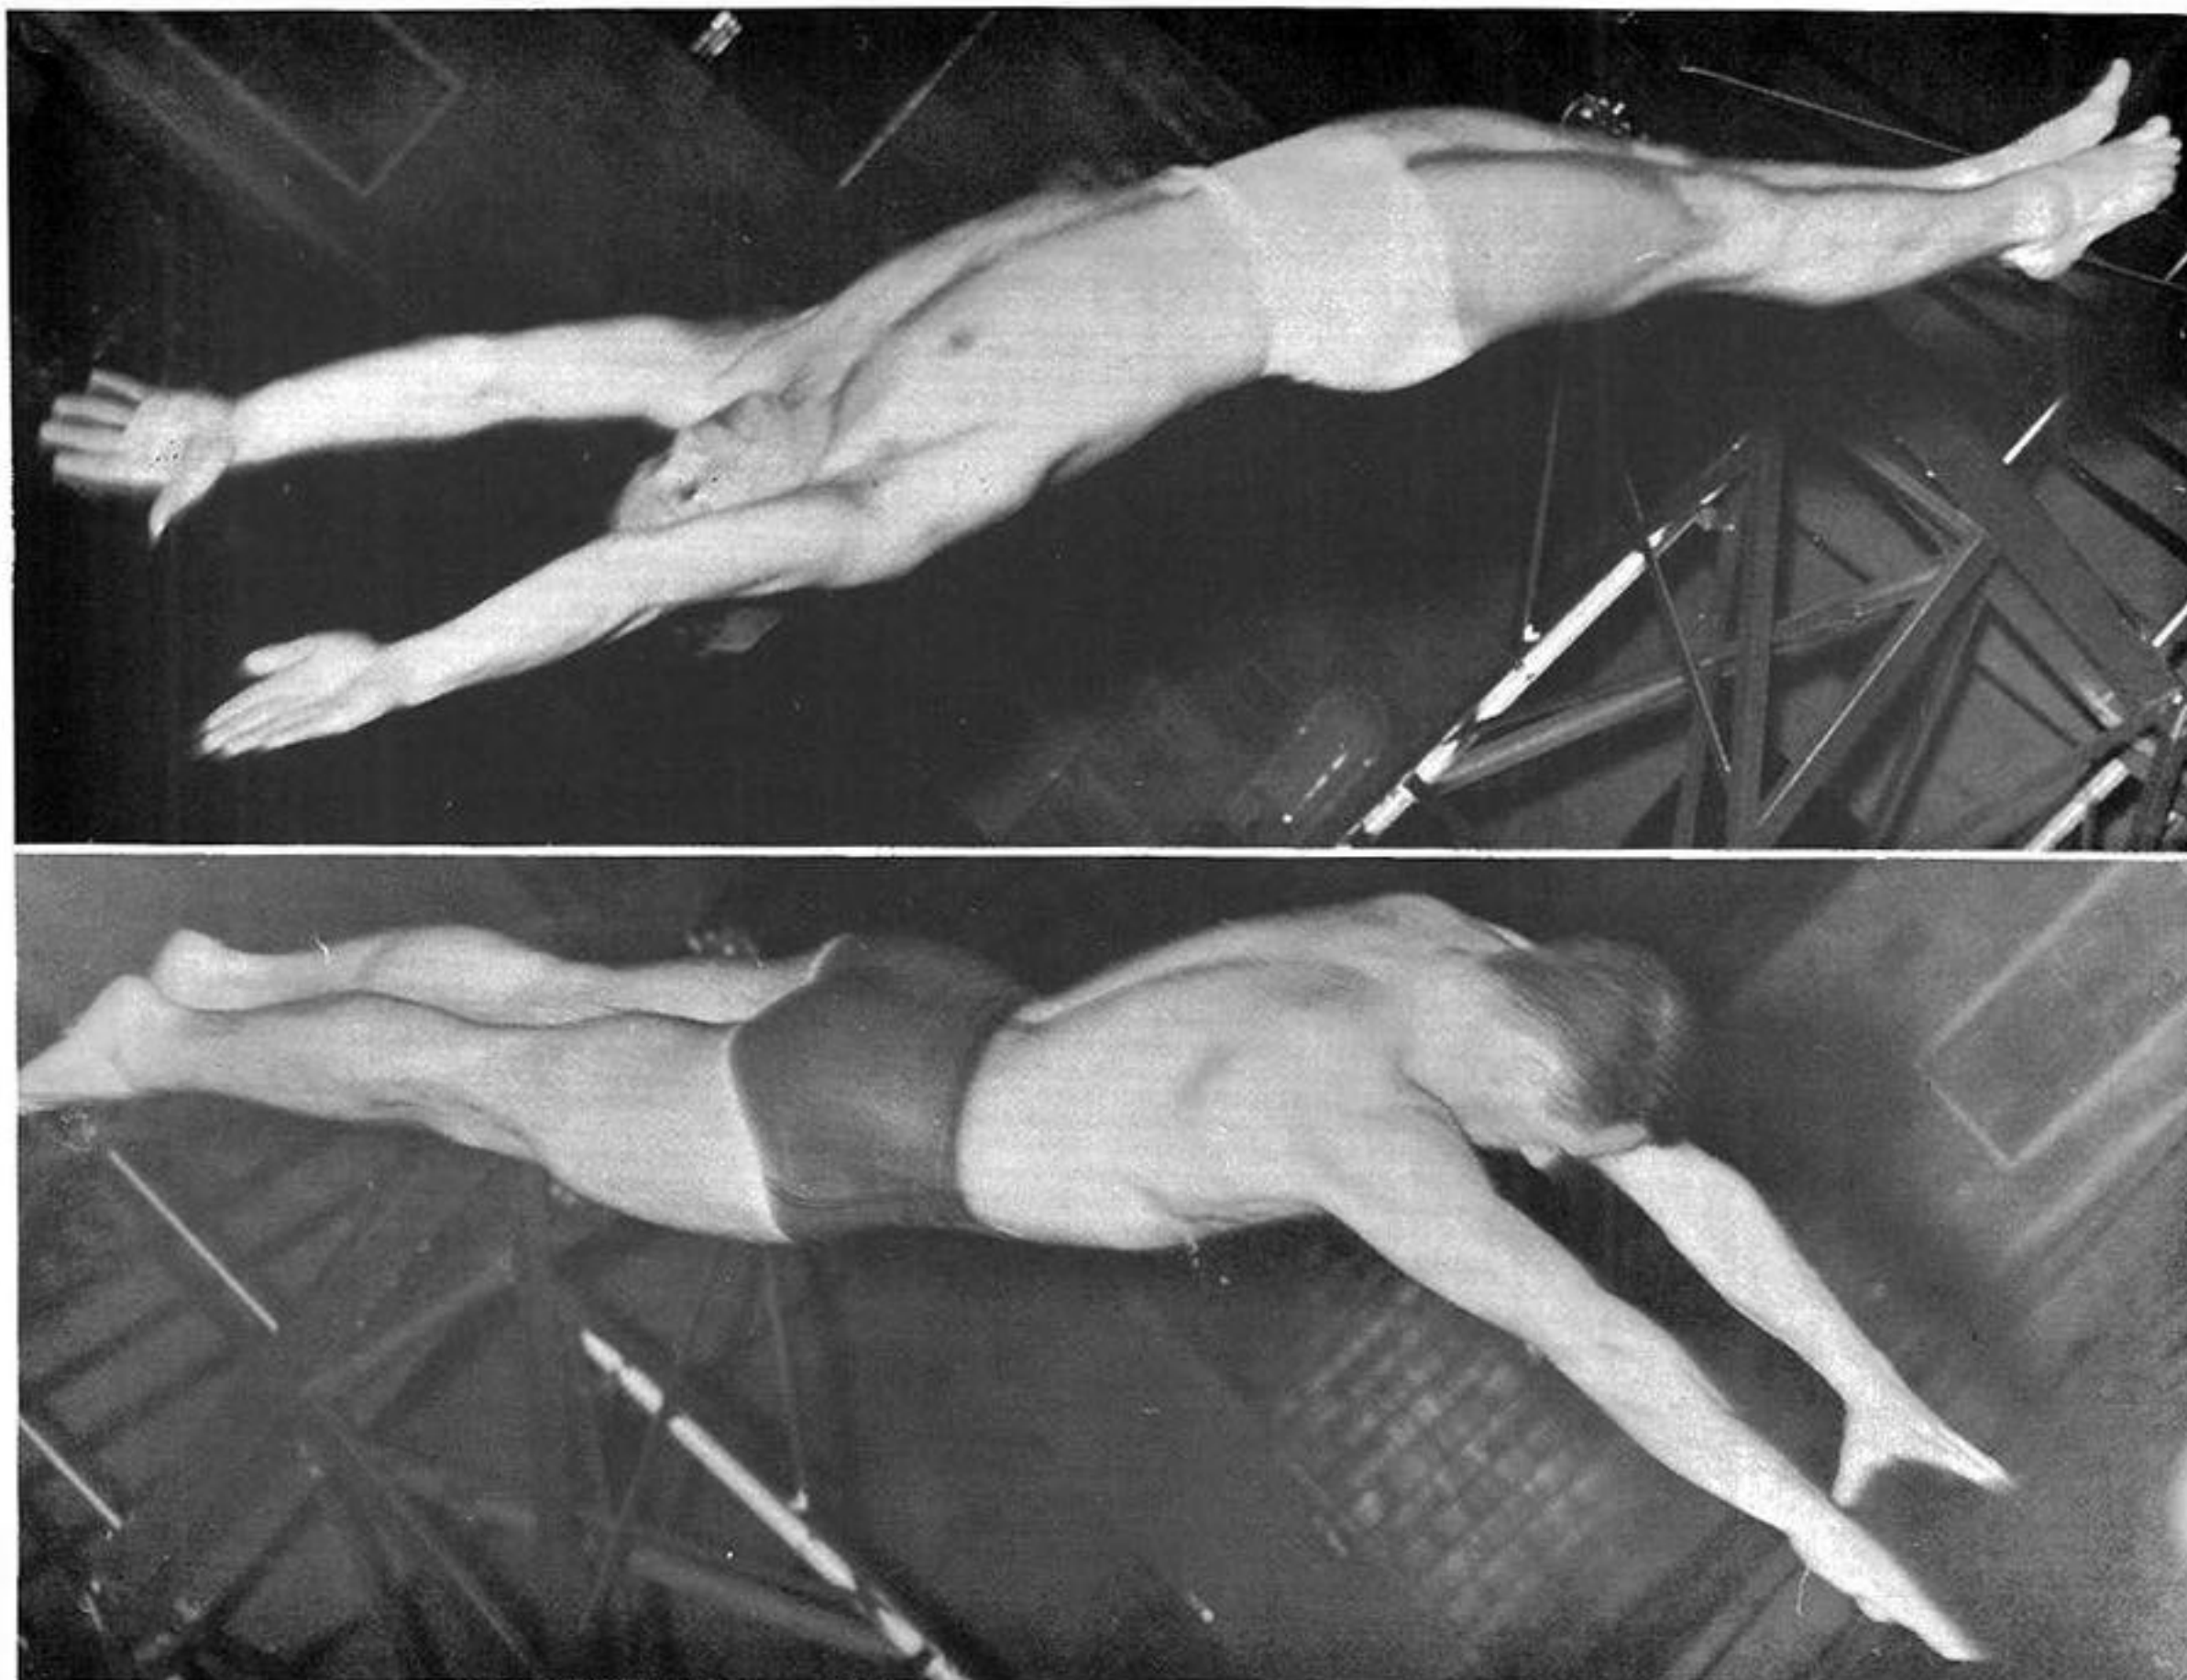

The next meet saw WSC go down before the Huskies 53-31. Bundy posted a spectacular 2:19.4 for the 200 yd. individual medley. This was the second best time in the nation and clipped 8 seconds off the old ND record. In the last dual meet of the season, the Huskies drowned the Idaho Vandals 60-23.

The Northern Division Meet saw Dan Cramer turn in an outstanding performance by winning the 50 yd. freestyle, the 100 yd. backstroke, and the 200 yd. individual medley. Washington's final sweep was the 300 yd. medley relay with a time of 3:09.6 emassing a winning total of 126 points.

Swim Coach, Jack Torney; Diving Coach, Bob Buckley; and the Varsity Squad deserve high praise for their excellent 1956 record.

The 1956 Frosh Swim squad completed a successful season, winning 14 meets and losing only 1 to Olympia High. The Pups bounced back, however, in a later meet to defeat Olympia 43-34. Six meet records fell before the Frosh swimmers as they swamped Skagit Valley J.C.; while five records were set as the Pups rolled over Western Washington, and UBC. Bellingham High fell before the Frosh 55-23 as did Stadium of Tacoma, 44-32. # crew 1955

Washington crew men, under the able leadership of coach Al Ulbrickson, made an impressive showing last year to prove again that they are the top crews on the Pacific Coast, as well as one of the best in the nation. Weather for winter turnout was good, but the coming of spring brought wind and an unseasonal cold spell which hampered training. A small break in the weather, just a few days before the California regatta, brought activities to a feverish pitch of final preparation to face the powerful Golden Bears. May 14, saw the Husky varsity boat rowing smoothly over the glass-like surface of Lake Washington to finish in the time of 14:29.0, an impressive six lengths ahead of California. Washington Jayvee managed to finish just 18 seconds behind California.

Just two short weeks after the California race came the Newport Sprints. A new sprint distance varsity crew was readied for this event, showing the depth in the Washington ranks. The waters of Newport Harbor were smooth but the weather was very hot, a factor that was not in Washington's favor. The Huskies rowed the 2000 meter course in the time of 6:48.6 to place third, losing to powerful Navy by only 4 seconds, and to Stanford by a scant fraction of a second. Washington again beat California in this regatta as well as OSC, USC, and UCLA.

The end of May brought on preparation for the Inter Collegiate Rowing Association Regatta held on Lake Onondaga, New York. The Huskies were again hampered by weather conditions, when they were forced to switch from the chilly Northwest to the sweltering New York heat. The Huskies effectively overcame this obstacle, however, and finished fourth in the time of 16:09.9. Cornell, Pennsylvania, and Navy led the Huskies, but Washington showed her stern to eight other boats, including Stanford and California. The Jayvee boat finished in the time of 16:48.6, behind Cornell, Pennsylvania and Navy, but ahead of all the western schools competing.

## frosh and lightweight crew

Washington Freshmen, under the leadership of coach Stan Pocock, started the 1955 competitive season by rowing to an impressive nine length victory over the Golden Bears of California. The Husky yearlings covered the glass smooth Lake Washington course in the time of 10:18.4. Early season turnouts had been hindered by cold weather and rough water, but this seemed to have little effect on the performance of the Frosh.

Following the California race, preparations got under way for the Intercollegiate Rowing Association Regatta at Syracuse, New York. June 28, dawned hot and sultry, a definite handicap for the Huskies. Water conditions were nearly perfect and the Frosh got off to an early lead with Cornell close at their stern. The "Big Red" finally overtook Washington and finished a short two seconds ahead. Washington's time was 10:35.1. Mighty MIT and Navy, along with five other schools, bowed to the Huskies, making their record a very impressive one. Washington's spirit and drive combined with their record should lead the crew of 1958 on to great future accomplishments.

Washington's lightweight crew, under the leadership of Ivar Birke-land, started their 1955 season by facing the powerful University of British Columbia on the waters of Burrard Inlet. Choppy waters hampered both crews and UBC pulled ahead of the Huskies to finish in the time of 6:49.5. The lightweights finished in 7:03.

April 30 saw the Huskies face the OSC Jayvee. Washington took command and finished four lengths ahead with a time of 6:55.4. May 14 again saw the lightweights facing OSC but this time against the varsity shell. Washington rowed smoothly over the 2000 meter Lake Washington course and won by five lengths. The Huskies finished their season on a triumphant note when they again won from the OSC varsity on the Willamette River. The crew covered the  $\frac{7}{8}$  mile course in the time of 7:3, six lengths ahead.

Lettermen not pictured: Noel Jernigan, Mel Kobel, Jerry Langer, Terry Strom and Thomas Wood.

For the third year in a row the Washington Huskies finished second to the Oregon Ducks in the Northern Division as they lost  $53\frac{1}{4}$  to  $50\frac{1}{2}$ .

A pre-season meet with Vancouver Olympic Club found the Huskies in great shape as they left the Canadians behind 117 to 10.

The Huskies opened PCC competition against Oregon State and won 87 to 44. The next meet was against the powerful Oregon team. The Ducks won  $69\frac{1}{2}$  to  $61\frac{1}{2}$ , but the meet was close all the way, and Oregon had to win the relay to come out ahead.

The next Husky opponent was the Washington State Cougars. The Cougars came into town with the experts on their side. The Huskies evidently forgot to check the Cougar press clippings and downed the country cousins, 70 to 61, in the rain. Gene Hammermaster placed second in the mile with a 4:16.8, his fastest time on record.

The Huskies defied rain and cold wind at Idaho and ended their regular season with an 81 to 44 victory over the Vandals. Washington dominated the shot put event with Ed Sheron, Terry Strom and Dean Henry finishing in that order.

Washington played host to the Northern Division schools for the ND meet and placed second to Oregon. Henry Banks won the 440 crown with a 48.9 effort. Bob Leadbetter finished second to WSC's Bob Gary in the century race with a 9.9. Husky pole vaulter Jim Hilton crossed the bar at 13 feet  $6\frac{1}{4}$  inches to take a first in that department. Dean Singer won the high jump, clearing the bar at 6 feet  $2\frac{3}{4}$  inches and also took second in the high hurdles. Terry Strom came out on top in the discus department as he tossed the platter 147 feet  $8\frac{1}{2}$  inches.

GARY GAYTON

The Pacific Coast Conference meet saw 11 Huskies go to Eugene to compete. They were: Henry Banks, Abe Angell, Gary Gayton, Gene Hammermaster, Jim Hilton, Mel Kobel, Terry Strom, Jerry Langer, Dean Singer, Ed Sheron and Bob Leadbetter. Washington finished fifth in the PCC and Jim Hilton tied for first in the pole vault with a 13-foot-9-inch jump.

BILL QUILLIAN, a senior, held down the number one position for his fourth consecutive year. Bill is nationally ranked and was one of the outstanding all-time Washington stars.

Washington netmen smashed their way to their 16th consecutive Northern Division championship by sweeping all their matches by the impressive score of 7-0. Coach Windy Langlie stated the fine spirit and sportsmanship shown by the team were the factors which brought about this year's good marks in the statistic column. The pride which the squad developed over the years in their effort to better records of previous seasons was also a contributing factor to the excellent showing made by this year's racketmen.

Bill Quillian and Doyle Perkins sparked this year's squad and both gained berths in the NCAA tourney. Quillian went on to the finals of that tourney. Danny Lim, Ray Albano, Rollie Odell, Gary Linden and Chuck Mertel also turned in fine records for the season.

With a substantial number of returning lettermen, and several good prospects coming from the high schools, Washington tennis fans are looking forward to watching spring training on the new Washington courts, and another fine season for Coach Langlie and his men.

WIMPY SARGENT

Washington linksmen had a very successful season sweeping their way to the Northern Division championship. Len Perry, Kent McLachlan, and Team Captain Bill Rowe led this year's squad. Perry, second man in the Northern Division, and McLachlan were placed on this year's Northern Division All-Star team. Wimpy Sargent, Bob Manlow, John Thompson and Al Newman also turned in good performances.

Washington posted a four out of five record, losing only their second match to Oregon by the score of 17-10. The first match saw the Huskies beat OSC 14½-12½. After losing to Oregon, Washington went on to whip Idaho 20-7, and WSC 16½-10½. This record gave the greenmen the Match Play Championship.

The thrill of the season came when Washington edged OSC by one stroke to win the Northern Division Links Tournament and the Northern Division Medalist Play Championship. This was the first year since 1948 that Washington has taken both these honors.

With all but one letterman returning next year, it looks as if another great season is coming for coach Bill Jefferson and his men.

NORM HULETZ, Infielder

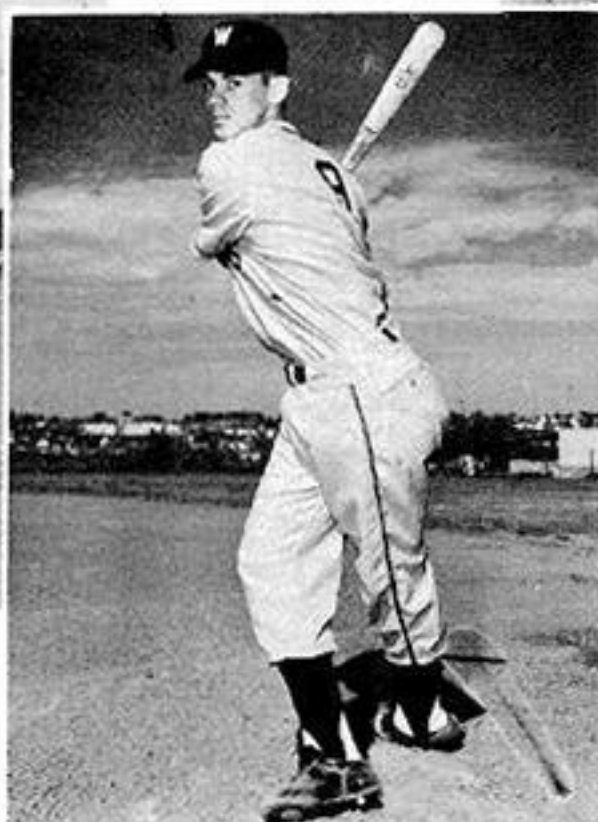

Husky batmen carried a big stick to clinch third place in Northern Division standings last year. Early non-conference play pointed toward a strong season for the Huskies as they took two games from Yakima JC, and three from Seattle Pacific College. Poor pre-season weather severely hampered the practice sessions especially in the pitching department. The diamond squad made a fine start in conference play by defeating Idaho 12-6, 4-3, 6-3, and 15-3. The Huskies ran into trouble mid-season when they lost games to WSC, Oregon, and OSC. Bouncing back from their mid-season slump, the team beat Oregon 5-1, and twice upset league-leading OSC, 2-1 and 6-5, for a seven win, seven loss record.

Outfielder Jack Ballard, and third baseman Jack Scott led the Husky hitters with averages of .395 and .324 respectively. Their excellent hitting placed them in fourth and ninth positions in the Northern Division Batting Standings. Washington's star pitcher, Bill Reams, earned All-Northern Division Honors by his excellent performance in conference play. Harvey Jarvis, second base; Dave McClary, infield; Rod Pressey, outfield; Lou Roselli, outfield, and Larry Watson, first baseman, also turned in good records. Coach Bill Marx was assisted throughout the season by Student Managers Dick McLain and Bob Burr.

## graduation

Nearly 1300 June graduates received their diplomas at the 80th annual University Commencement exercises in the Edmundson Pavilion. It brought the total bachelor's degrees awarded to more than 2200 for the year. A Senior Reception was held in the Sylvan Theater to honor graduates, their families and friends following commencement.

BOB CAMPBELL pours coffee for PAT NELSON in the Communications Coffee Shop. Pat is editor of the Tyee, a member of W-Key and Totem Club and a member of Delta Zeta sorority. She was a division editor of the Tyee for two years and co-chairman of the AMS-AWS Elections. She also has been active in the YWCA. Bob Campbell was associate editor of the Daily, Sigma Delta Chi president and a member of Oval Club. He played on both the Frosh and Junior Varsity basketball teams and is a member of Sigma Alpha Epsilon fraternity.

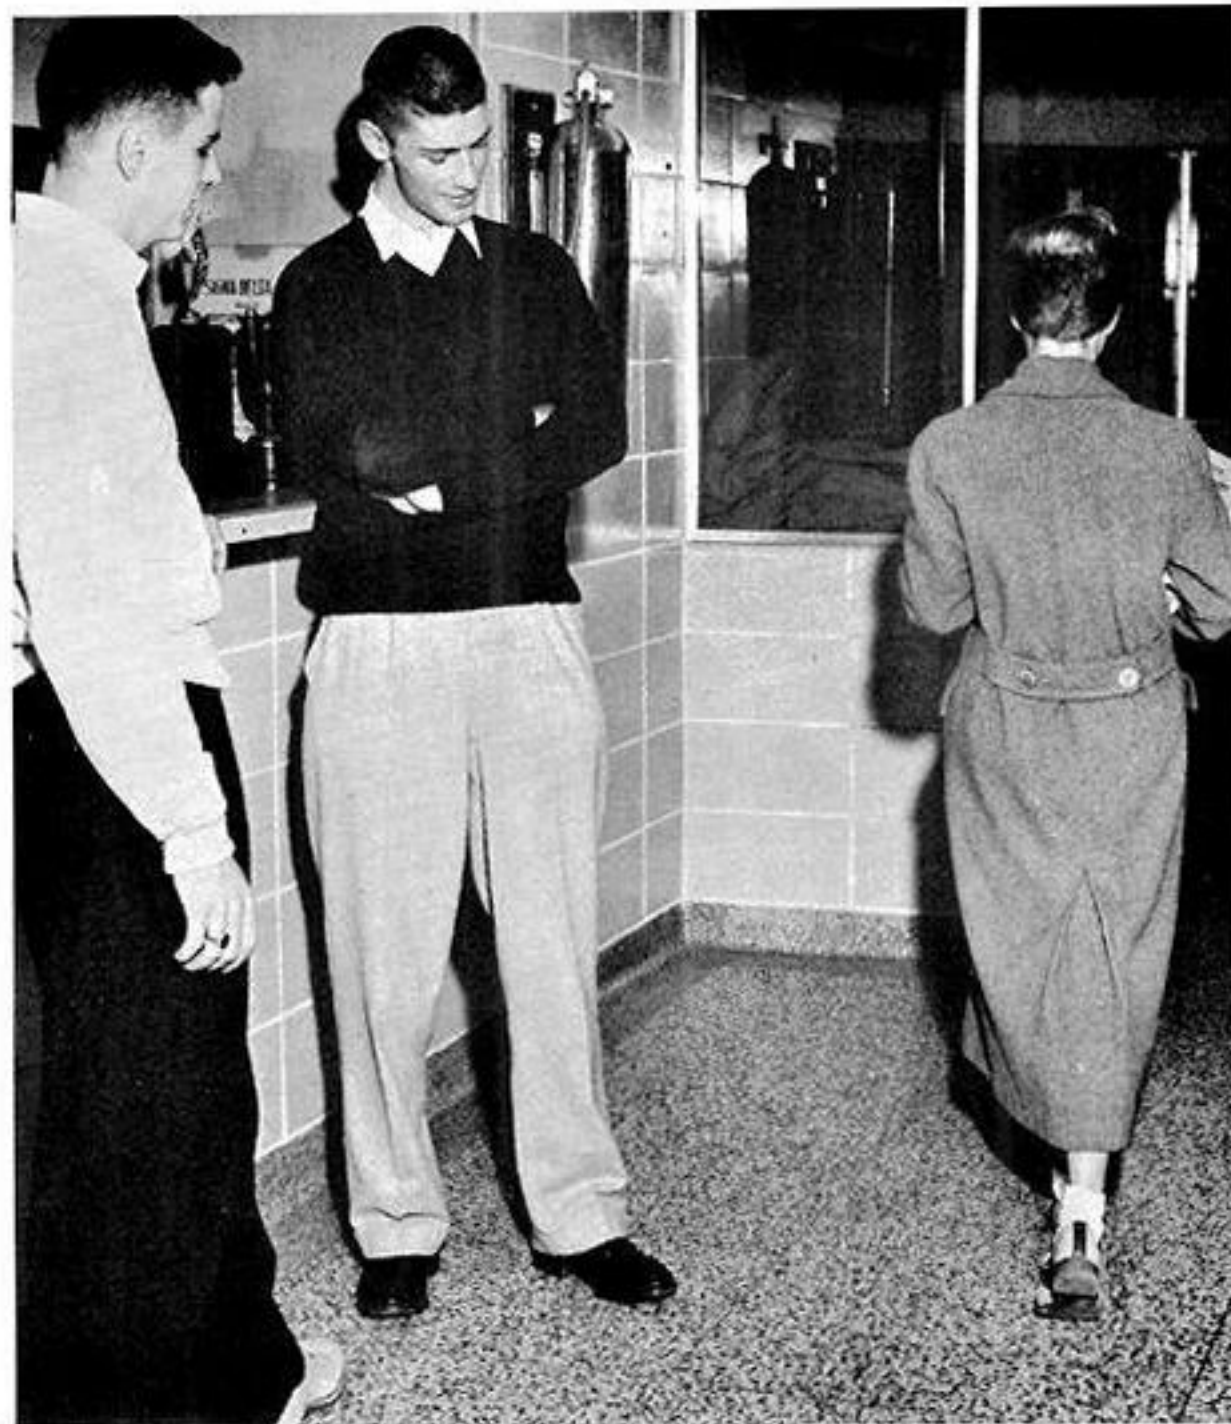

Braving the wintry winds are YUKI KUNIYUKI and AIDA KOUYO-UMJIAN. Aida is president of VISA, a member of the Arab Students Club of the U.W. and Cosmo Club. She also belongs to Totem Club and Delta Zeta. Yuki is best known as the chief photographer for the ASUW, Daily, Columns and Tyee. He is publicity director of Scabbard and Blade, a member of the Army ROTC Band, the Army ROTC Rifle Team, and belongs to the Wa Kui Club and the National Press Photographers Association.

Typical senior boys watch a passing coed in the Communications Building. CHUCK WORTHINGTON, vice president of the senior class, is also a member of Oval Club and Scabbard and Blade and on the track team. LARRY LAFOLLETTE was on committees for May Day, Varsity Ball and Homecoming Dance, as well as being in charge of Homecoming Publicity. He is a member of Oval Club and the O. A. Steering Committee. Larry also is chairman of the I.F.C. Public Relations, and Lambda Chi Alpha.

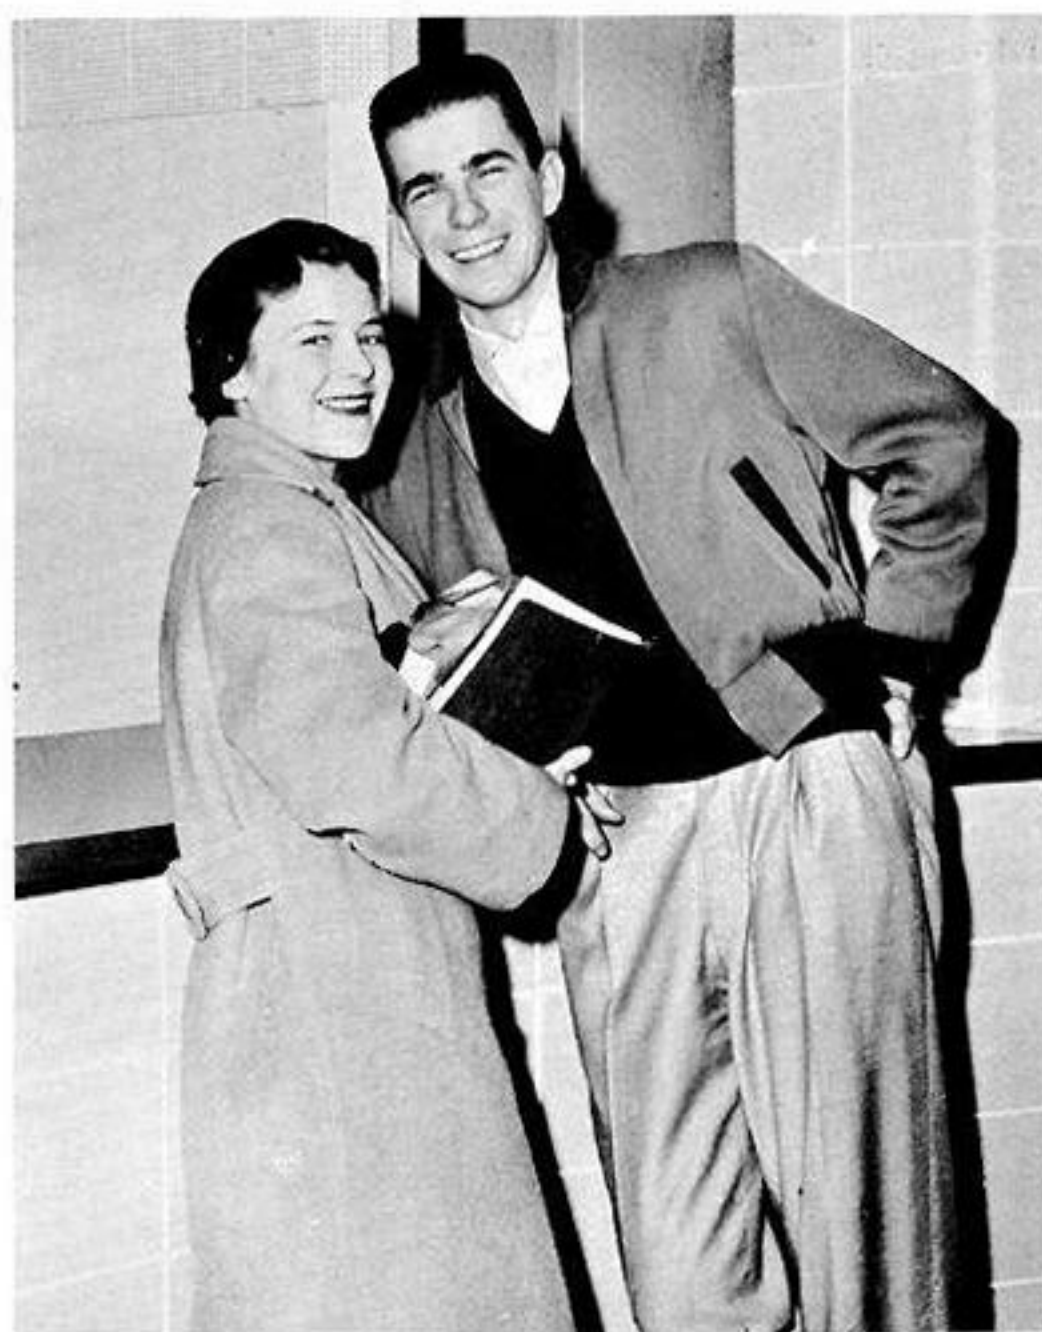

## prominents

Posing for the cameraman are JUDY KING, JIM HILTON, NANCY HILL and MONA GAHEGAN. Judy, a member of Chi Omega, also belongs to W-Key, Totem Club, Program Panel, the Radio-TV Guild and the AWS Executive Council. She is vice president of AWS also. Jim Hilton is on the track team and belongs to the Big "W" Club and Phi Gamma Delta. Nancy Hill, secretary of the ASUW, is a Kappa Kappa Gamma. She is a member of Mortar Board, Totem Club, Board of Control and Phi Lambda Theta. Mona Gehagan was vice president of her freshman class and president of her sophomore class.

CLAIRE DICK and JIM MOELLER take time off from classes. Claire is secretary of the senior class and a member of Totem Club and Alpha Chi Omega. Jim Moehller is a member of Purple Shield, Managerial Council and the AMS Advisory Board. He worked on the Campus Chest Drive and was chairman of the Campus Chest finance committee. Jim, a member of Phi Kappa Sigma, is senior assistant manager of Intramural Sports.

Happy memories remain with CAROL MARTIN and BUTCH THOMAS of their years at the "U". Likewise, happy memories remain at the "U" of CAROL and BUTCH. Carol served as President of Totem Club, AWS Treasurer and was ski queen in 1955. Her sorority is Alpha Delta Pi. Butch, who served as Frosh President, is a member of the Varsity Boat Club and is on Crew. He belongs to Oval Club and is a member of Delta Kappa Epsilon.

Finding time for a cup of coffee in the Art Canteen coffee shop is a favorite past time of the famous prominents: DICK RICHARDS, PEGGY CAHILL, BOB KEATLEY and ARLA LOCKE. Arla's activities include Totem Club, W-Key, Model U. N. Committee and O.A. Steering Committee. These activities didn't keep her busy enough because she served as President of Air Force Sponsors and was active in her sorority, Kappa Delta. Peggy was a member of W-Key, Totem Club and Chairman of the University

Preview. Her scholastic honorary was Sigma Epsilon Sigma and she is a member of Gamma Phi Beta. AMS President Dick Richards was active in other areas. His rounded-out activities entitled him to membership in Oval Club. Some of his activities are Board of Control, AMS Advisory Board, Varsity Boat Club, Crew Manager and he is a member of Delta Kappa Epsilon. Bob's activities include Vice President of Sigma Delta Chi, Oval Club and he is Editor of the Daily.

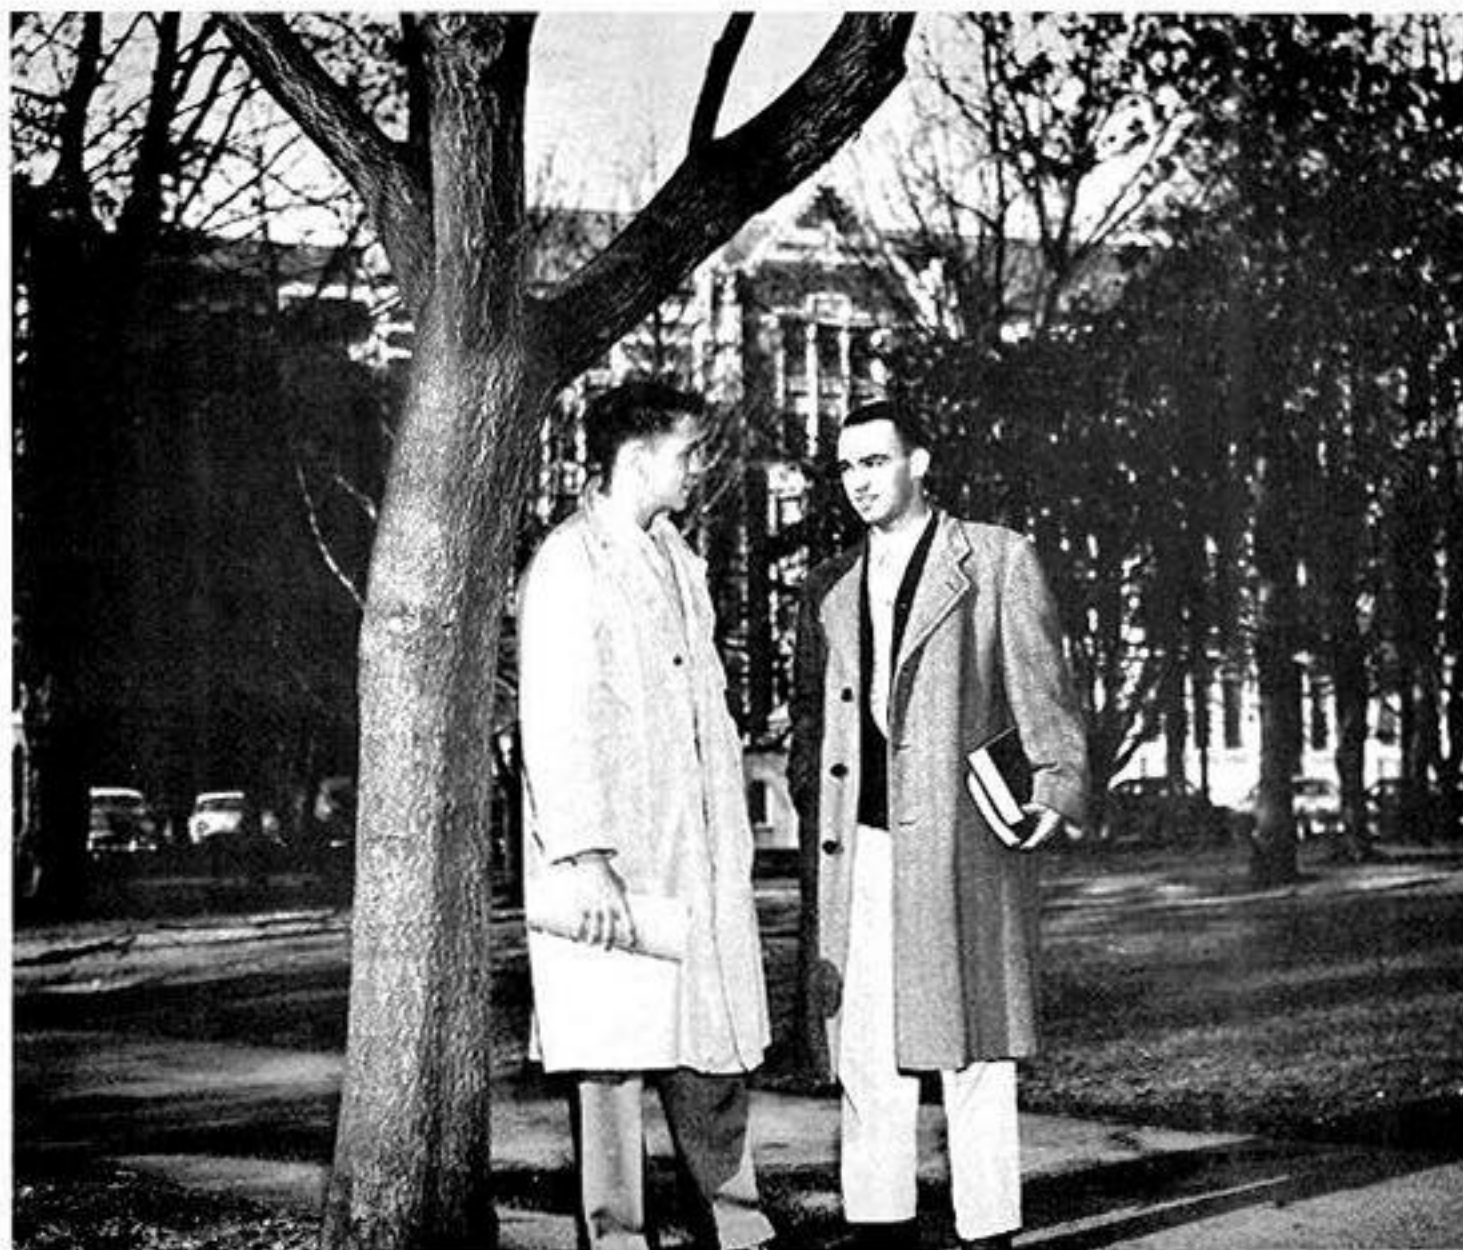

ROGER GAVIN, MAGGIE McKEE and CASEY CONNER view the surroundings of frosh pond. Roger has served on General Council, is a member of I.F.C. and holds the Scabbard and Blade award. Maggie was Varsity Ball Queen in 1955. Her sorority is Delta Delta Delta. Casey belonged to Mortar Board, Totem Club and Phi Sigma Iota. She served as Chairman of the ASUW elections committee and President of Alpha Delta Pi. Besides all of these accomplishments, Casey was elected as the 1954 Ski Queen which goes to prove her versatility.

## prominents

Delaying a session with the books, JOYCE TYE and ROD PRESSEY pause on the steps outside the Art Building. Honoraries are not lacking in Joyce's college record. She belonged to W-Key, Totem Club and Mortar Board. She has rendered service as AWS President, Board of Control and AWS cabinet also claim her membership. Kappa Alpha Theta can well be proud of Joyce. Rod may be seen in the spring playing baseball where he is on the varsity squad. He is also a member of Phi Gamma Delta.

Bundled up against the cold, for winter days tend to be brisk on campus, are BILL ZERBEL and PAUL ANDONIAN. Bill is a member of Bachelors Club, Oval Club and Delta Tau Delta. He served faithfully and well as Yell King. To prove that Bill is really outstanding, he was selected as the outstanding man of his class. Through Paul's ability on Varsity Crew, he won membership in Big "W". His fraternity is Beta Theta Pi.

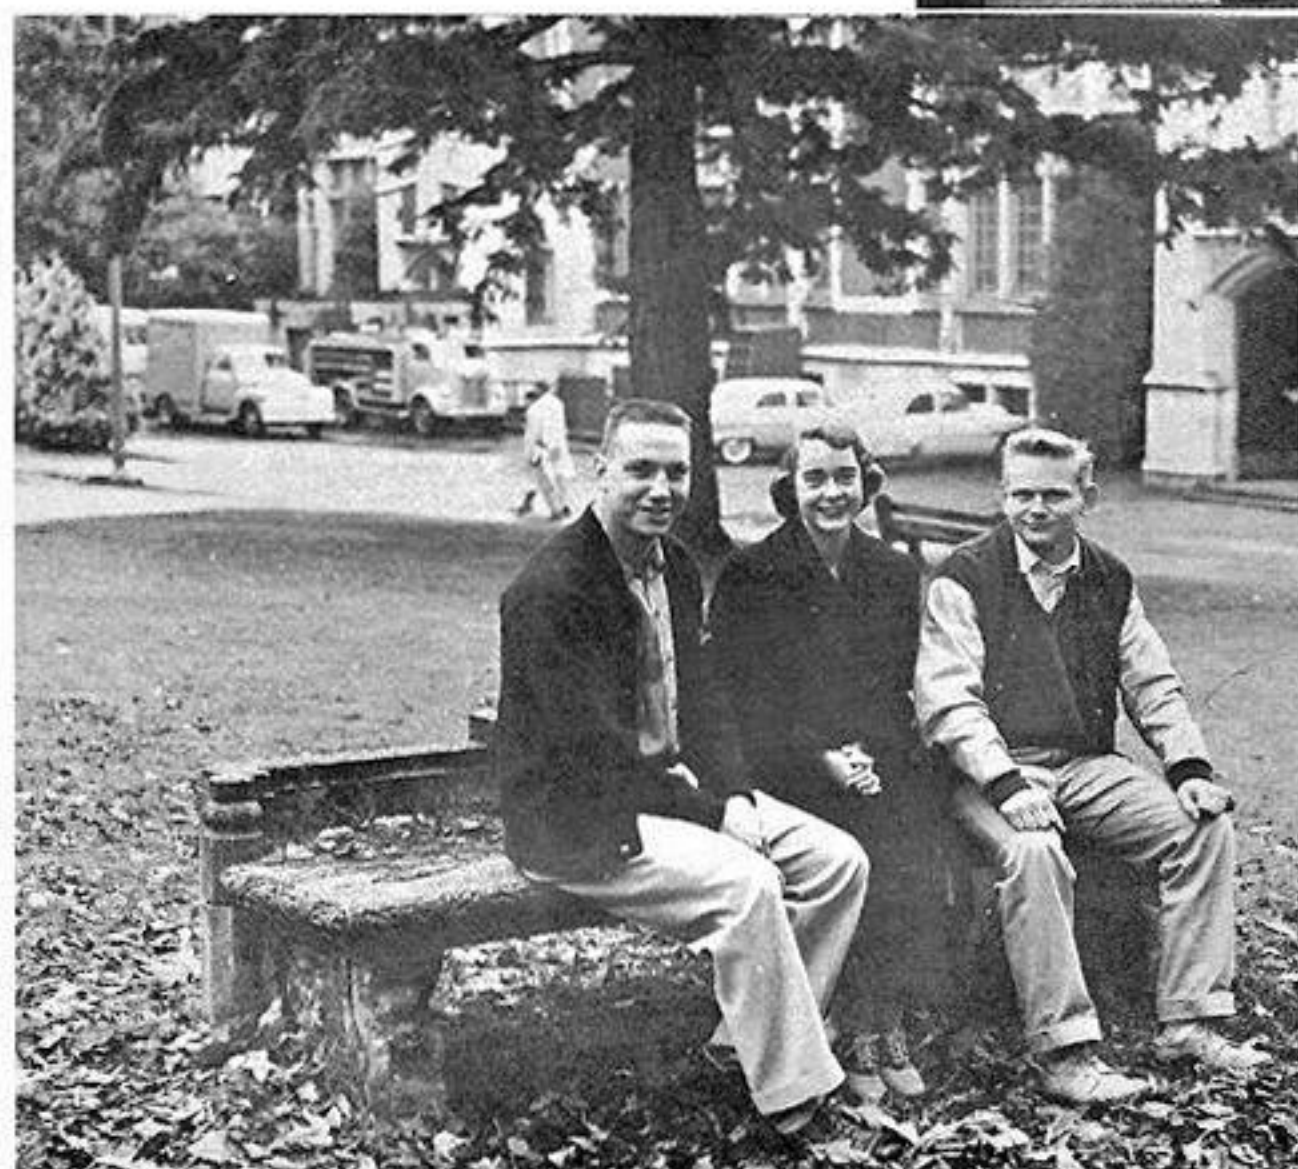

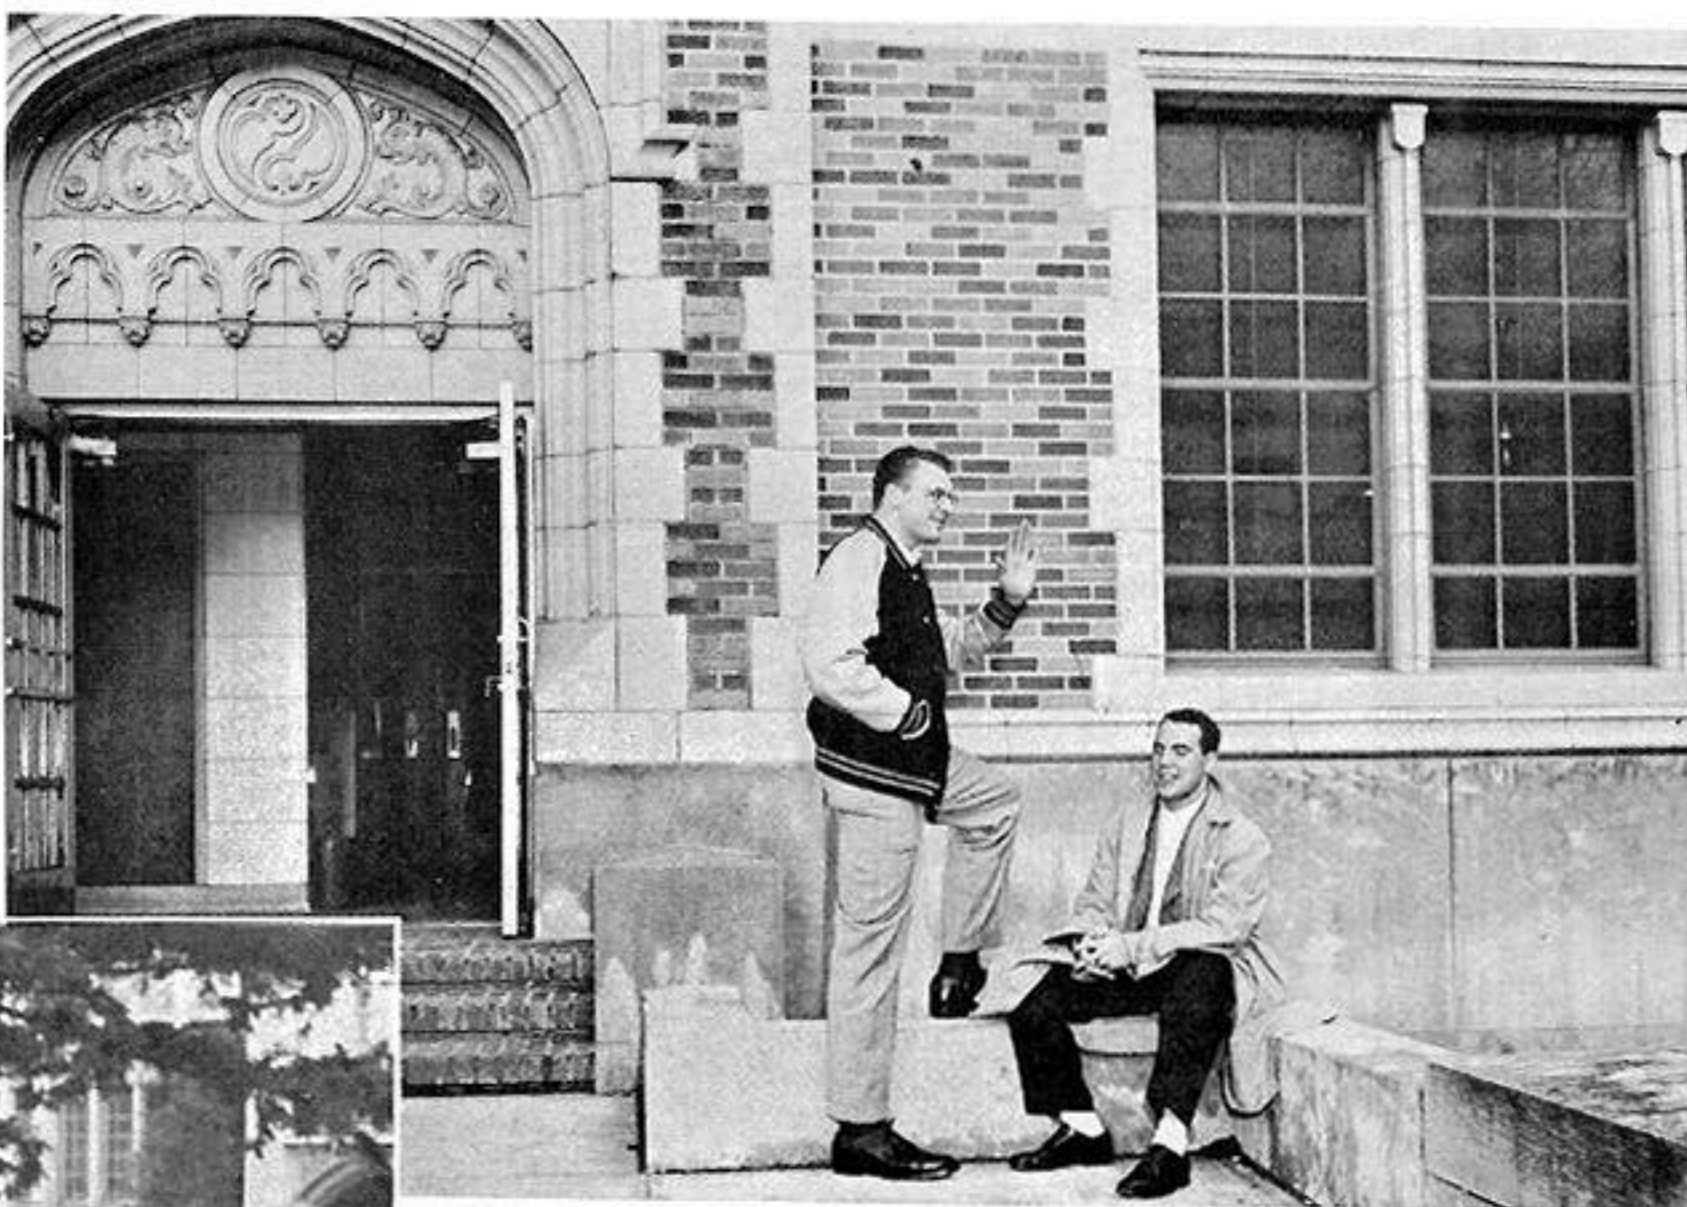

In the years to come KATHIE KAMPMANN and JACK GERAGHTY will tell their children about their eventful years at the U. of W. Kathy is A.S.U.W. second vice president, a holder of the Phi Beta Kappa key, a member of Mortar Board, Totem Club, Alpha Epsilon Delta honorary, Board of Control, Program Panel, and Kappa Kappa Gamma sorority.

Jack is a member of Beta Theta Pi fraternity, Oval Club, Sigma Delta Chi, and holds the first vice president place in the A.S.U.W.

These two handsome athletes, DAVE EGAN and BOB BRYAN, also find time for other activities. Dave's include Oval Club, President of the Managerial Council, Purple Shield, Senior Basketball Manager, Chairman of the A.S.U.W., operating committee, and Phi Gamma Delta fraternity.

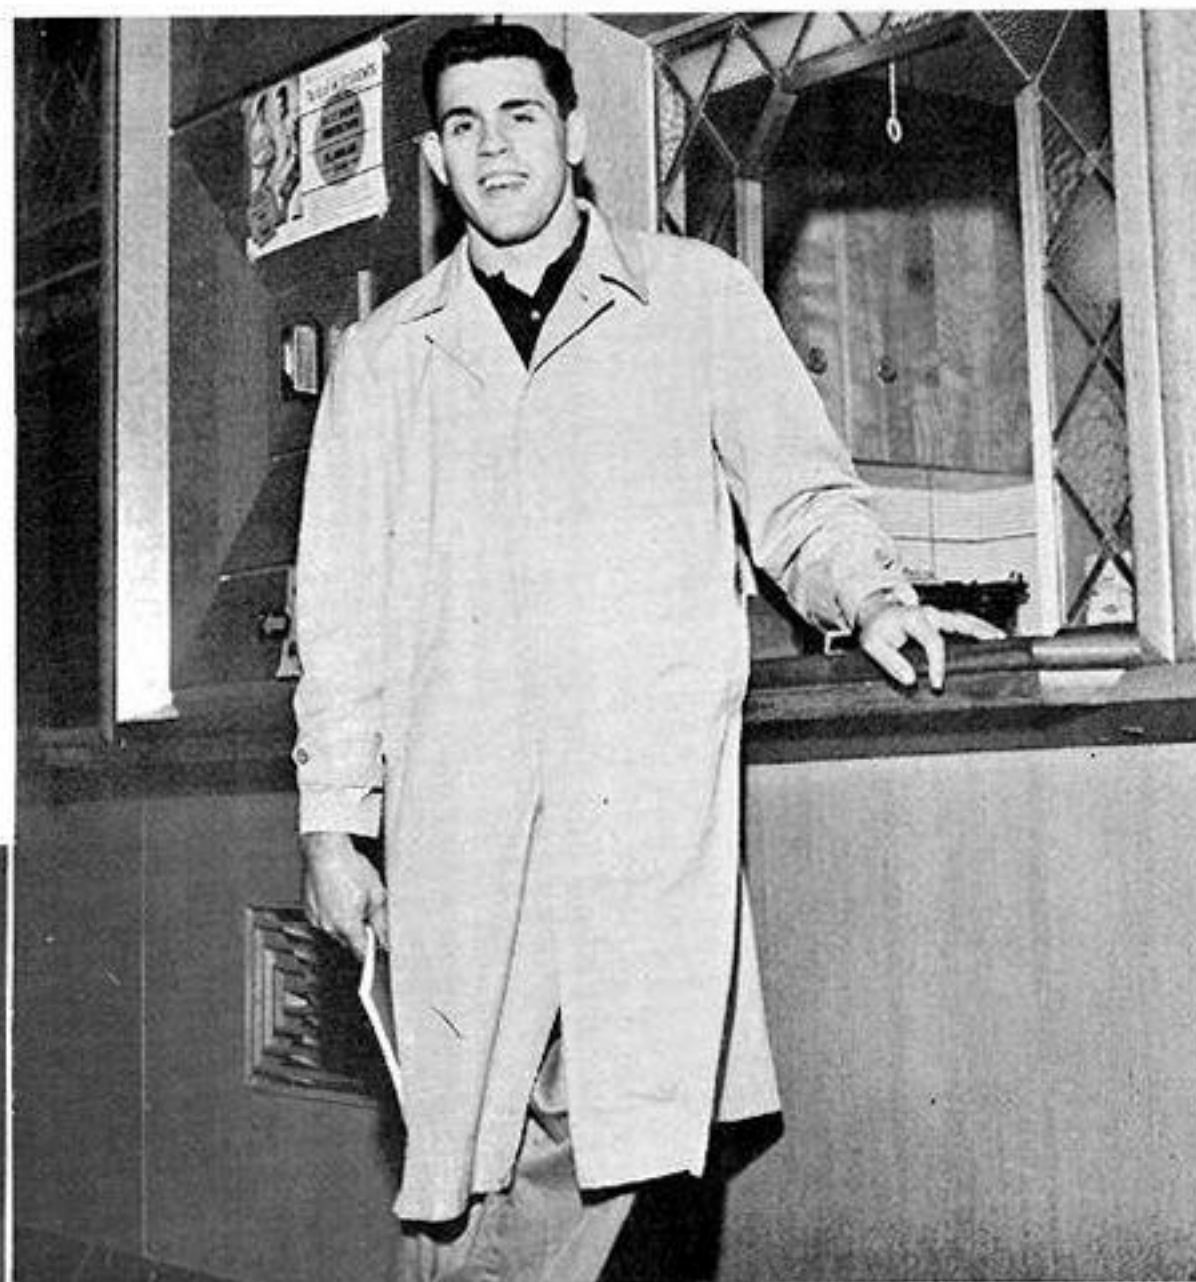

Bob's are Big "W", basketball, track, Student Bar Association, Oval Club president, Phi Theta Epsilon honorary, Scabbard and Blade, and Delta Upsilon fraternity.

SANDY LEDERMAN, NANCY BRATTON, and GARY STAPLES represent seniors from almost every campus activity. Sandy is a member of Big "W", Sigma Alpha Mu fraternity, and played varsity football. Nancy was frosh class secretary, and is now Omicron Nu president, a member of W-Key, Mortar Board, Totem Club and Kappa Kappa Gamma sorority. Gary earned a place in big "W", and Husky Swim Club by being a member of the Swim Team. He is also a member of Oval Club and Delta Upsilon fraternity.

MIKE MONROE earned membership in Big "W" by playing both football and basketball for the University.

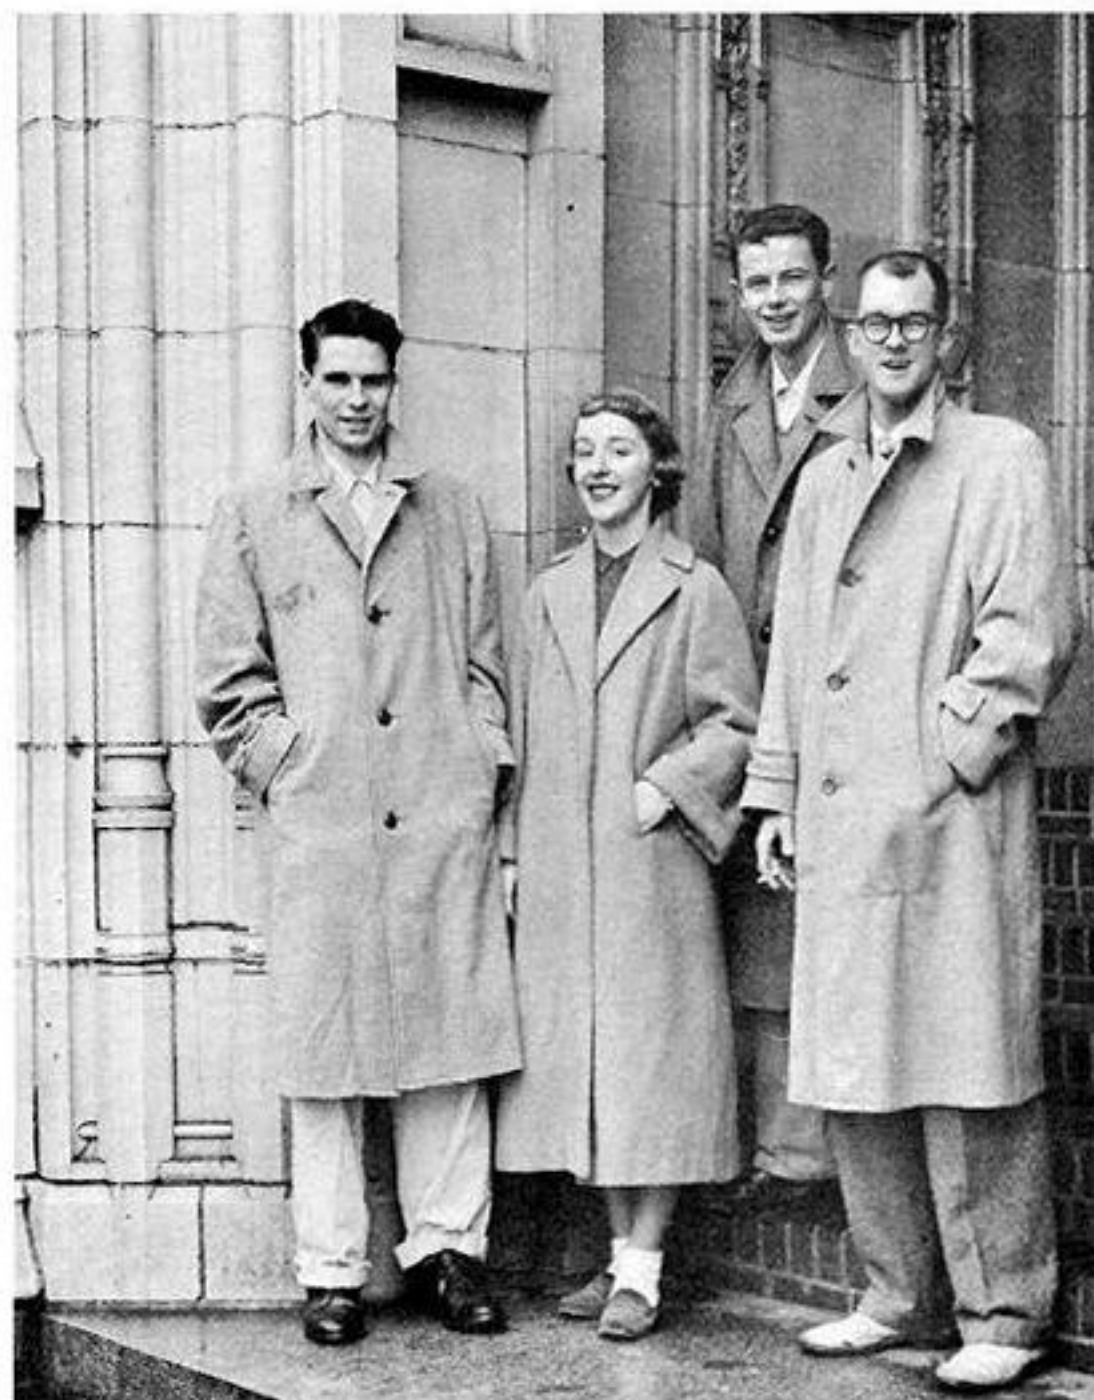

Campus activities have earned DOUG RAMSEY and CATHY WELANDER places on the "Outstanding Senior" list. Doug is Senior class president, and a member of Oval Club, the Bachelors Club and Delta Upsilon fraternity.

Cathy's accomplishments include president of Orchesis, and membership in Arena Drama honorary, and Pi Beta Phi sorority.

## prominents

DOYLE PERKINS, NONA PETERSON, DAVE VALENTINE and PETE WINSLOW represent a group of typical seniors who have shown unusual leadership qualities in their four years at the U. of W. Pete's activities include Sigma Delta Chi (National Journalism Fraternity), editor of Columns and is also a member of Phi Kappa Psi. Nona has worked hard as president of Panhellenic, served faithfully in Mortar Board, Totem Club, and on the Board of Control. You'll find her spending her spare time as a member of Alpha Chi Omega sorority. Doyle's athletic ability in Basketball and tennis have earned him a place in Big W and Oval Club. Dave's interests run from Sigma Delta Chi, to Oval Club secretary, Purple Shield and first vice president of the A.S.U.W. to being a member of Alpha Delta Phi.

# baccalaureate honors

## 1954-55

Baccalaureate honors are based on the entire scholastic record of the graduate. The distinction of summa cum laude signifies a minimum grade-point average of 3.9, magna cum laude an average of 3.6, and cum laude an average of 3.35. The honor, summa cum laude is awarded only to students who have completed four full years at the University of Washington; magna cum laude and cum laude to those who have completed not less than ninety hours at this institution, together with a record of distinction at institutions previously attended.

# undergraduate honors

The undergraduate honors are compiled of those students whose names have appeared on two or more of the quarterly scholarship lists of the preceding year at the University as well as two-thirds of all quarters here. Transfers appearing on those lists are those who entered with averages approximately equivalent to those of the students who have attended only the University of Washington.

# president's medalists

In recognition of high intellectual achievement and scholastic ability, it has been the custom for the President of the University to present a medal to the deserving graduating senior. In the Class of 1955, Donald B. Kane was given the medal for the highest four-year grade-point average in the year's graduating class. His cumulative grade point was 3.89. Kane was graduated with a bachelor of arts degree in business administration. He was a member of Phi Beta Kappa and professional fraternities. To the right, President Schmitz presents the medal to Kane.

In recognition of undergraduate's scholastic achievement the Faculty awards medals to the sophomores and juniors who have received the highest accumulative grade point in their respective classes during previous college years. The 1955 awards in the junior class were conferred upon David Bing Jue Chang who had a 4.0 in physics, and Thomas Acton Rambo, deceased, who had a 3.98 in history. From the sophomore class, the winner of the Faculty Medal was Mary Christine Yorke, whose grade point was 4.0 in pre-med.

# panhellenic

Panhellenic is the coordinating body of the sorority system. Its members are the twenty house presidents and six officers. The Panhellenic year begins with the annual training conference held during the first week of spring quarter at the Empress Hotel in Victoria, B. C. The incoming officers attend this conference, and in addition to exchanging many valuable ideas, also have a great deal of fun. In between meetings the girls can be seen shopping and sight-seeing while happily munching English toffee.

Besides the monthly dinner meetings which are held at the sororities, the annual round robin dinner, and Inspiration Week, Panhellenic also organizes the rushing program prior to Fall Quarter. During ten days of organized confusion, the sororities entertain nearly 600 girls. Washington's Panhellenic is known nation-wide for its efficiency, organization and fair and single-minded methods.

Junior Panhellenic is composed of presidents or representatives of each sorority pledge class. The group meets once a month to orient freshmen into the Panhellenic system, to discuss problems of sorority pledgship, and to become better acquainted with other pledges.

The main activity of the year is the money-raising project for a one-year tuition scholarship. This scholarship is presented to an incoming freshman girl. In addition, Junior Panhellenic occasionally participates in activities with the Junior Inter-Fraternity Council.

Rho of Alpha Chi Omega, drawing to a close its 46th year on the University of Washington campus, looks back proudly at the year's achievements.

In the first place, we pledged 36 "little gems" last September, filling every nook and cranny of the chapter house on 17th and 50th. Next, we were honored to have our national president as guest speaker at Founders' Day Banquet on October 10th at the Benjamin Franklin Hotel. We also campaigned in frosh elections and with "Confucius Say" signs and much pep and enthusiasm put Shirley Shashich in as class treasurer. Our pledge dance came next, followed by Homecoming, and Christmas caroling with the Delts. During winter quarter we worked for cerebral palsy in commemoration of Hera Day. We also entertained our dads at the annual Father-Daughter Banquet. Caught in the swirl of house activities, we concluded the year with Soph Carnival, Mother-Daughter Banquet, Spring Formal, and Senior Breakfast.

Alpha Chi's were active on campus. Sylvia Hartley was president of the YWCA; Nona Peterson and Dorothy Smith were president and vice-president, respectively, of Panhellenic; Claire Dick served as senior class secretary; and Connie Kulseth held the office of sophomore treasurer. We had girls in W-Key, Totem Club, Mortar Board, Silver Fish, Rally Girls, and departmental honoraries.

Neath the sky of rainy waters,  
Near the corner of the campus,  
Proudly stands the A D Pi house;  
Seattle weather will never damp us.

In the fall came the freshmen  
—Came through rush and saw our spirit.  
The thirty-six best ones all stayed with us,  
With A D Pi to love and cheer it.

Through the year we all kept busy,  
Parties, sneaks, Homecoming, dances;  
Loyally did homework and papers  
Squeezed between our new romances.

Honors abound in the A D Pi house,  
W-Key, Totem Club, and reknowned Phi Beta,  
Mortar Board, Rally, Silver Fish, and others;  
All things show A D Pi's are great!

First sorority in our wide land,  
First in sisterhood, loyalty shines high.  
Always raising the standard upwards  
"We live for each other and for Alpha Delta Pi."

This is what you call a busy phone line.

This fall found the Alpha Gam actives, who had not died of Seattle sunstroke during the summer or suffered the blow of Cupid's arrow, returning for rushing. After two weeks of no sleep, sitting in smoke-filled rooms, clapping our hands raw and giving our Rushing Chairman grey hairs, we found 33 new places set at our dinner table.

The Alpha Gams swam forth to actively participate in Homecoming, Christmas Caroling with the Sigma Nu's, and many exchanges. The actives gave a dance honoring the pledges in November (they can't remember what they were honoring them for, but everyone had a wonderful time). On the campus our extrovert members brought home laurels by being represented in Silver Fish, Tyee, W-Key, Totem, Rally Girls and departmental honoraries. Also, the Song Queen and Yell Queen were girls who we proudly call "Sisters." Let California have the Rose Bowl, for we had more fun playing in the Mud Bowl against the Phi Delt's. The score is being contested for the referees were obviously biased.

Winter quarter brought the traditional Costume Dance honoring the actives, who are respected for their age and attainments. Plans for Sophomore Carnival with the S. A. E.'s were made, and more than one of us were smitten with a desire to see our name in bright lights.

Spring quarter we donned our best dresses for our gala formal Dinner-Dance. For our Seniors, who were being cruelly pushed into the world and forced to give up this life of frivolity, we all gathered for the Senior Breakfast. It was their day, for we realize that only those of stout constitution can weather four years of college life.

# A O II

Opening its 40th year at the University with a highly successful rush, Upsilon chapter continued to make progress toward its high goals in scholarship, representation in campus activities, philanthropic work, and the fun and responsibilities of living together.

To start off the year on the right note, we gave our new pledges a relaxing jeans-and-shirt picnic. A few weeks later, they surprised us with their sneak to the Seattle-Tacoma Airport.

Our yearly A O Pi Coke Party for the pledges of all campus sororities was a successful social venture for our newest members, as was their Informal Pledge Dance.

Besides exchanges, sneaks, parties, and informal get-togethers, the Annual Rose Ball, Spring Dance, and Tea were social highlights of the year. Homecoming and Sophomore Carnival are well remembered occasions for lots of work and fun together.

Our philanthropic work for the year was marked by further correspondence with our Belgian boy and chapter contributions toward relief work in the Kentucky mountains.

A O Pi's were active in many phases of campus work as several of us were to be found in such activities and honoraries as: Mortar Board, W-Key, Totem Club, Sigma Epsilon Sigma, Arena, Mu Tau, Silver Fish, YWCA, ASUW, and AWS and Tye committees.

After such an excellent year of fun, work, and success, we of A O Pi look ahead to another and better year of more of the same in 1956-57.

There we are!

After two vigorous weeks of rush, Sigma chapter of Alpha Phi and her 32 new pledges looked forward to another eventful year.

The fall informal pledge dance launched the school year into a busy whirl of football games, Homecoming Signs, the Winter Formal, Christmas Sing with the S. A. E. fraternity and Sophomore Carnival with the Delts. Our annual Spring Formal rounded out a successful year.

In the tradition of combining studies and activities, Alpha Phi was well represented in campus and activity honoraries including Totem Club, Mortar Board, W-Key, AWS and Rally Girls.

We are proud to look over our achievements of 1955-56. Scholastically, socially and activity-wise, Sigma of Alpha Phi can look back on another rewarding year. After the last graduating senior has left, and the last sneak has been taken, our girls will long remember a year filled with the fun and friendship of being an Alpha Phi.

As another Spring Quarter draws to a close, the Alpha Xi's look back on a year filled with fun and happiness.

Rushing brought us a great pledge class of 33 members. The pledges successfully "snuck" a few weeks later.

Campus activities kept us busy, with girls in W-Key, Silver Fish, Rally, and Totem Club.

The social whirl was in full swing all year with exchanges, serenades, the pledge dance, winter costume dance, and the Spring formal.

Homecoming, elections, and Sophomore Carnival brought much fun and excitement to the Alpha Xi's.

On the serious side, studying came into the picture with the chapter maintaining a good average.

It's really been a wonderful year for the girls who wear the blue and gold.

Ask a Tri Delt, she'll tell you that '56 was great!  
The year was packed with memories that will al-  
ways rate.

Thirty-seven pledges to start the new year right,  
Such bright and shining faces shone here on pledg-  
ing night.

Silver Fish and W-Key didn't pass us by,  
For some of their new members are here in Delta  
Tri!

We worked hard too, as always, on our Homecom-  
ing show,

As we do on everything as all Tri Deltas know.  
The Christmas sing saw us out with the Sigma Chi's,  
Such fun was had by all, and could we harmonize!?  
Sophomore Carnival, too, was great, the DU's joined  
us there.

Fun and work together—memories we'll always  
share.

Songfest with the Phi Kaps meant a busy spring,  
Win or lose we knew the fun was the important  
thing.

We had our share of dances throughout the whole  
school year,

Much to much of everything to tell about right here.  
Pansy Breakfast again was great for all campus  
senior girls,

A fittin' and a proper way to climax college whirls.  
And so away in memory goes another year of fun,  
Activities, studies, and social life—all part of Wash-  
ington.

Put another nickel in!

The DG's make ready for Homecoming.

NOT PICTURED:  
Etchieson, Diane, Jr.

As another outstanding year for the University of Washington's first national sorority comes to a close, Delta Gamma can look back upon all its achievements and fun—a great year socially, scholastically, and activity-wise.

Dances were a big item with the DG's this year. The pledge dance with its "western" theme, the Winter Formal at the Olympic Bowl, and the Spring informal all added to the social whirl of each quarter. With the Homecoming sign, exchanges, a roller skating party and coffee dates, the Delta Gammas were kept busy and active all through the year. Sophomore Carnival with the Alpha Deltas, and practice for Songfest were carried out with the same enthusiasm that has typified the spirit of the DG's. Filling up the extra hours was diligent work on the National Project—Sight Conservation and Aid the Blind.

Campus activities did not leave the Delta Gammas behind this year, either. Besides working hard in HUB activities, DG's were found in AWS and class offices, Totem Club, W-Key, Sigma Epsilon Sigma, and Silver Fish.

1955-56 has been a most rewarding year for the Delta Gammas, and a contributing factor to DG success has been the strong spirit of united friendship that is such a part of Delta Gamma life.

"Oh, you must be a Delta Zeta girl, or you can't wear the diamond and four pearls." The echo of this brought in thirty-two enthusiastic pledges who were anxious and proud to wear the rose and green. Among the pledges was Aida Kouyoumjian, our foreign student for the past four years from Bagdad, Iraq. Kappa chapter, as usual, started the year off with the whirl of Fall Quarter activities such as our annual Founders' Day Banquet, Homecoming, and the Pledge Formal. At Christmas time we again took time out for our national philanthropic project, Galludet College for the Deaf in Washington, D. C.

Winter Quarter brought initiation, more exchanges, a novelty dance sponsored by the pledge class, and of course, more studying. Spring Quarter started with the second annual Delta Zeta Dream Man Contest, and the winner was announced at the Spring Formal at the Tennis Club. Sophomore Carnival came soon after, with Parents' Weekend and Senior Breakfast completing the year. Many pinnings and engagements brought the traditional serenades and chocolates throughout the quarters, too. Yes, Delta Zeta can look with pride at its forty-second year on the University of Washington campus.

# gamma phi beta

Lambda chapter of Gamma Phi Beta, having completed its fifty-third year on the University of Washington campus, can look back with pride on its many achievements in 1955-1956.

With the yearly rush week over, we and our thirty-two wonderful pledges plunged headlong into the Fall Quarter activities—social and educational—which included schoolwork, football games, exchanges, Homecoming, and our annual Pledge Barn Dance, which was a huge success. Soon came the holiday season and vacation, preceded by our Christmas sing at various hospitals in the city with the Phi Deltas, and of course, finals!

Winter Quarter, with its cold hard days, was a good time for studying in the hopes of maintaining our first on campus scholastically during Spring of '55. However, we also found time to go to the Varsity Ball and our Valentine Informal.

Spring Quarter soon arrived and with its sunshine, Sophomore Carnival, and campus elections, highlighted by our Spring Formal and Senior Breakfast.

In spite of a full social calendar and time devoted to studies, Gamma Phi managed to be well represented in W-Key, Totem Club, Mortar Board, Silver Fish, and other AWS, and ASUW activities.

Thus another grand year of learning drew to a close with the realization of many new and firm friendships we had made, and with a great desire that the coming year would be as rich and satisfying as this past year has been for us in Gamma Phi.

The Thetas harmonized on Blue Moon.

MIMI DUNN, President

Alpha Lambda Chapter of Kappa Alpha Theta welcomed 32 wonderful new pledges after the exciting fall rushing.

Fall quarter started out with a bang. Thetas gustily sang "Reign with Jane" on the quad during freshman elections and we were so thrilled when the class of '59 voted Janie Talbot as their class secretary. The pledge sneak, Homecoming, the pledge dance, with a French theme, and the pledges' surprise Christmas decorations were all a part of the fun.

Winter quarter was highlighted by the thrill of Initiation preceded by Inspiration Week, and initiation climaxed the true sisterhood that each Theta feels. Our semi-formal dance put on by the Freshmen was another fabulous winter quarter event.

Spring quarter brought our formal—the fun of opening a corsage box, seeing how your date looked, and the dinner—all these made the formal a night we'll never forget.

We all enjoyed working together on projects like Sophomore Carnival in which we joined efforts with the Fijis, songfest, sports events, and elections. We were so proud to have so many Thetas active in AWS and ASUW activities, W-Key, Totem Club, Mortar Board, Silver Fish, and departmental honoraries tapped in the Theta house this year.

As we look back on 1955-1956 and think of the many sincere and warm friendships we have developed, we know that next year will be truly as memorable for Kappa Alpha Theta.

Kappa Delta has passed another year of achievement in which the beautiful new addition to our chapter house was completed. Our circle of friendship was increased by 41 pledges, making a total house membership of 92. Throughout the year we attempted to maintain a balance between scholarship, activities, and social events.

Fall quarter found the KDs busy with the annual pledge dance, and the Founders' Day Banquet, celebrating the 58th year of the national chapter.

With the onset of Spring came Sophomore Carnival with the Phi Psi's, a buffet dinner for parents, and our annual dinner-dance. The climax of our social year was the Senior Breakfast honoring our 21 graduating seniors.

Activity-wise we were proud to have so many KDs participating in ASUW and AWS work. Some of the honoraries we were represented in are: Phi Beta Kappa, Omicron Nu, Theta Sigma Phi, Pi Lambda Theta, Rally Girls, and Sigma Epsilon Sigma.

Kappa Delta firmly believes that its spirit of united friendship and loyal service has contributed to making this year most successful.

Fall quarter began for Beta Pi Chapter of Kappa Kappa Gamma with a wonderful new pledge class. After rush, the Kappas began looking forward to another eventful year of work and fun.

Among the highlights were the pledge dance, Christmas serenade with the Fijis, winter formal, the annual roller-skating party, and the spring picnic.

Nor were grades a disappointment. As a result of three years of top scholarship, the Panhellenic Scholarship tray now rests permanently at the KKG house.

Kappa campus activities are varied and numerous—ASUW and AWS officers, members in Rally Girls, Silver Fish, W-Key, Totem Club, Mortar Board, YWCA, and many other honoraries.

Projects such as the Homecoming sign and Sophomore Carnival with the Betas were carried out with efficiency and enthusiasm.

The attitude of unity which made 1955-56 such a wonderful year helps Kappa to continue its leadership both on and off campus.

Memories of sincere and lasting friendships remain with Washington Alpha as this year's Senior Class graduates. We wish them success and happiness throughout the years to come. Sharing together, we have enjoyed a year filled with frivolity and fun, seriousness and study, excitement and achievement. The Pi Phi's began the year with a new pledge class of 29. Serenades, fraternity exchanges, Homecoming, Christmas caroling with the Betas, and the pledge dinner-dance were among the autumn festivities. To make our fall season complete we had the CPS Pi Phi Chapter for dinner and our Province President's visit in November.

At the beginning of Winter Quarter we entertained our National Historian. Participation in Song and Stunt Night, elections, Sophomore Carnival, the Spring Formal and other events comprised our agenda throughout the spring.

Scholastic achievements and campus activities always keep Pi Beta Phi's wine and silver blue flying high, with representatives in W-Key, Rally Girls, Silver Fish, and several school and scholastic honories. 1955-56 was a most rewarding year—one the Seniors will long remember.

JEAN GLENDINNING, President

1955-56 marks a year of excitement for Sigma Kappa. To our surprise, our rooms were completely redecorated when we returned last fall for rush. With renewed enthusiasm, the girls started to work immediately and our efforts were amply rewarded when we successfully pledged thirty-one new girls.

One of our most inspiring occasions was our Honor's Banquet last fall, which was held at the Olympic Hotel in company with our alumni. Our annual Christmas party was held on December 5 here at the house, and all the girls had lots of fun writing poems about each other. These poems were attached to presents which were used in carrying out our national gerontology program.

Spring Quarter really kept us busy. Highlighting both work and play was Sophomore Carnival with the Kappa Sig's. Another exciting event was our annual formal dinner-dance held at the Olympic Bowl. Rounding out the year, we honored all the graduating seniors, and outstanding girls in the house at our annual Senior Breakfast.

That's real gone music!

In 1913 at Hunter College,  
A fine place for the pursuit of knowledge,  
Our first chapter had its start.  
By 1940, we had branched out anew, you see,  
Until we had a chapter at this university.

The girls who started it had foresight,  
And now we know their ideas were right,  
For here we are after fifteen years,  
Still full of fun, and full of cheer.

Our school days that mean so much,  
And Phi Sig, that gives that added touch,  
Leaves us free from worries and from tears,  
And sure that these are our very best years.

Though our chapter is young,  
Our chapter is strong,  
And we believe  
That her greatest songs are yet unsung.

After a busy summer, the Zeta's returned to the chapter house on 18th Avenue to begin another year of fun and friendship. Following rush, plans and preparation for Founders' Day, the Pledge Dance, the Homecoming sign, and the Christmas Party got under way. All Zeta's, actives and pledges alike, joined together to make these events a huge success.

The social whirl continued in Winter and Spring quarters with the White Violet Ball, the Father-Daughter Banquet, the Cotton Carnival, Songfest, Spring Awards Banquet, and was climaxed by the annual Spring Cruise through the San Juan Islands.

Scholarship and activities also held the interests of the Zetas. They were represented in W-Key, Air Force Sponsors, Totem Club, and such honoraries as, Beta Gamma Sigma, and Alpha Tau Delta.

In June, several of Psi's members will journey to New York for Zeta Tau Alpha's National Convention.

Upon opening the doors of AEPi fall quarter, rushing flew in, but soon all was normal. Study, social and campus activities kept AEPi members and pledges busy during a successful year.

At our fall informal, we watched the city from Smith Tower. Even though the pledges were caught, their sneak was classed as "Successful."

AEPi campus activities were varied and numerous, with many honoraries included.

Another highlight of the year was our pledge formal, which was beautiful and enjoyed by all.

Cooperation, fun, and hard work went into the award-winning first place Sophomore Carnival in the Women's Single Division and honorable mention on our Homecoming sign.

All in all, 1955-56 was a very successful year for AEPi and we are looking forward to next year.

The Inter-Fraternity Council is composed of presidents or representatives of the thirty-nine fraternities on the University of Washington campus. One of IFC's biggest tasks is to regulate and control fraternity rushing. It registers all rushees, conducts an assembly giving pointers on rushing and pledging, sets up rules and helps the rushee choose a fraternity which will benefit him most and where he will fit in best.

Scholarship and conduct standards are also maintained by IFC, and it has the power to discipline offending fraternities and individuals.

Wide participation in activities, athletics and other phases of campus life is encouraged by the IFC. It also seeks to educate fraternity men for citizenship, for social competence, and for successful human relations.

Once again the brothers of Alpha Epsilon Pi have come to the fore in fraternity life with another rah! rah!, gung-ho season of social and fraternal programs. The social calendar has included riotous exchanges, a jolly hayride, a hoodlum's brawl, and other spontaneous developments such as snowfights, serenades and dignified house parties. Throughout the year, hearts has been the rage among the card-playing brothers and ping-pong has captivated the more athletic souls. Yet, whatever the latest fraternity fun might turn out to be, the Brothers of Chi Deuteron of A E Pi will be found in the front lines of revelry.

Pledge duty; shine those trophies!

Washington Acacians vigorously dived into the social and activity hubbub as soon as the tumult and shouting of rush week died down. First was the pledge get-acquainted dance, followed closely on the calendar by the Hobos' Brawl and the yacht trip to Bainbridge. The P. J. Dance, other firesides, and exchanges led up to the fall quarter's big function, the Pledge Dance.

Interspersed with more serenades, exchanges and firesides, winter saw Acacians at their ski parties, informal dances and the traditional Night-on-the-Nile semi-formal. Beach parties, water skiing and Songfest were predominant in the spring. They led up to the biggest function of the year, the Spring Formal.

On campus the chapter was represented in scholastic honoraries, Hub committees, the Board of Control and other ASUW policies. It also placed high in intramural athletics, winning several league championships and placing high elsewhere.

Scholastically, Acacia maintained its place as a leader without sacrificing the other activities typical of a progressive fraternity.

Founded at Hamilton College, New York in 1832.  
Washington chapter established in 1921.  
35 national chapters.

1955-56 was another full year for Alpha Delta Phi. Members of a strong chapter in the second oldest national fraternity, the Washington Alpha Deltas again extended their record of activity in athletics, scholarship endeavors, social life, and HUB activities.

While maintaining their position on the top ten scholastically, the Alpha Deltas carried on a first class social program. They started off with the traditional pledge dance during November and brought the year to a grand close with a week-end house party at the Gearhart Hotel on the Oregon coast. Between these two events, the Alpha Deltas were kept busy with the traditional exchange with the British Columbia chapter, the mid-winter formal and assorted firesides and exchanges.

Their several representatives on Purple Shield and Oval Club speak for the Alpha Deltas' participation in ASUW activities. During the year they had men working on the DAILY, Board of Control, Program Panel, and various key ASUW and AMS committees.

Sportswise, Alpha Deltas were active in varsity football, baseball, crew, swimming, and tennis, and in intramurals they competed for the top spots in all the major areas. They were ready to defend their championship in handball and to boost to firsts the second places in football and basketball which they had won the previous year.

And again this year, Alpha Delta Phi's Washington Chapter lived up to it's motto: "Manus Multae Cor Unum"—"Many Hand for One."

# ΑΣΦ

The school year 1955-1956 and the name of Alpha Sigma Phi will always embrace each other in the annuals of Greek Row. For this is the year that our brilliantly gifted, bemustached House Manager abolished the plague of all Fraternities—Housebills.

His idea was to organize everything within the walls of Alpha Sig into a carnival-like showplace, and then charge admission. Talented Alpha Sigs were imported from everywhere and pledges were hand-picked.

Four segments of a small child's interests were to be represented and these were decided in a poll of the active chapter. Fantasy-land seemed to be a natural, so several of the brothers put their talents to

work.

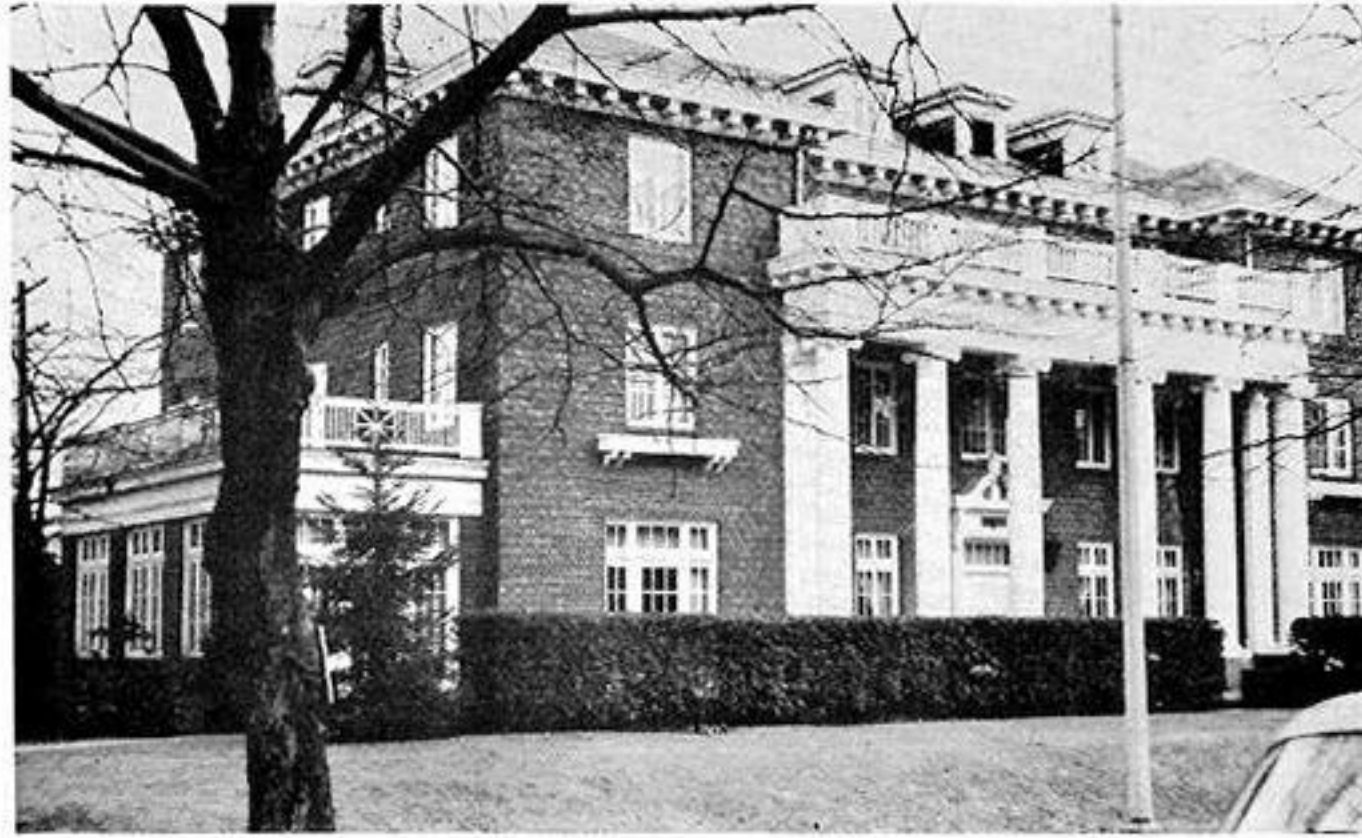

Future-land was handled by our handpicked Pledge Class of 34 men. One of the General Engineering students in the group built a rocketship out of our furnace. He got the idea because the furnace performed like it was going to blast off any minute.

Adventure-land was based on films of nature study. Birds and bees seemed to be under the most intensive by the Alpha Sigs, most of whom, strangely enough, didn't seem to own cameras.

Our Frontier-land saga stars four brave brothers who ventured into the smog-ridden Mexican Territory. Our four booths were successful.

# ATO

Founded at Virginia Military Institute,  
Lexington, Virginia, in 1865.  
Gamma Pi chapter established in 1906.  
116 national chapters.

1800 E. 47th

After nearly a year of plague which the National insisted we call social pro, the grand and glorious Gamma Pi chapter of Alpha Tau Omega resumed its normal course of balanced wet-and-dry endeavors.

Realizing in the most painful way the effects of delinquent scholarship, the "Friendly Taus" stressed studies to the hilt this season and we are resting assured the club will pull through with a reasonable facsimile of a 2.0 or thereabouts.

However, there was still time allotted for the barbaric treatment of pledges. The cruel hack system was still enforced; all the youngsters pulled through the ordeal and became fit to impose such tactics on the big pledge class to come next fall. "Hell Week" went out the back door and one could see ATO yearlings at about any hospital in town—cleaning, decorating and repairing.

Dormancy last year didn't mar their social efforts as a furious round of exchanges and "casualties" were brought back to the clubhouse. Of course the Fall Pledge Function, the Winter Formal, House Party and Pajama Dance created the biggest scandal. We had dollar parties, too, but we'll stop there.

Not forgetting the value of activity integration, ATO's gained offices at the HUB and were members of such organizations as Big W Club, Oval Club, Bachelor's Club, and Purple Shield.

As the 1955-56 school year became history here at Washington, so, too, did the 55th year of Beta on the Husky campus. Into the chapter album went some great memories along with enviable records in all areas of college life.

Betas performed on nearly every varsity team and the "hardware" in the den included the intramural football and basketball trophies. Campus activities found Betas in ASUW offices and both scholastic and activity honoraries, as well as on the Daily staff and on many varied committees. House projects included an all-out effort to repeat the first place award won at last year's Sophomore Carnival. The Homecoming sign was not quite so fortunate as it became a sequel to "Gone With the Wind."

Socially the calendar was full from the pledge dance early in the fall on through the pajama dance, winter formal, thug dance, and right up to the house party at the end of spring quarter. Added to the major functions were numerous exchanges and firesides.

Nor were the books neglected as the house worked to keep its position above both the all-men's and the all-fraternity average.

4600 22nd N. E.

It was another great year for the men from "The Lodge." As usual, rush week was a terrific success, especially for the 22 men lucky enough to have their applications for pledgeship approved by the rushing chairman.

On the social side, sorority girls called up the Chi Psi's to acquaint their charges with real live fraternity men. After completely filling the social calendar with exchanges, firesides, an authentic spring formal complete with yacht trip, the Hunters Frolic (polite name for the brawl of the year), the Roman Dance, Pledge Dance, and eight miscellaneous dollar parties, we discovered that our schedule would carry our last exchange to July 28.

Intramural athletics were the source of bruised knuckles and shins, four crippled brothers, and no trophies. But, as usual, there were a few of the Chi Psi's that would have nothing to do with intramurals and were forced to earn their Big Ws in varsity athletics.

In activities the Chi Psi's found that some of the brothers and pledges were not satisfied with mere committee membership and bribed the people at the HUB to donate a few chairmanships. A few even went so far as to get elected into organizations such as Oval Club, Purple Shield, and a multitude of other university honoraries.

All in all, another typical year!

3:00 AM Jam Session

As decreed by the mystic rights of our ritual, The BROTHERS IN THE BOND have traveled another year in search of knowledge, expression and comradeship. Along this road, we have received the acclaim of our fellow classmen—and have derived our share in the spoils of an active and fruitful relationship. The kind of relationship which is indeed, fraternity.

You will find the BOND represented in every field of endeavor at the University of Washington; in athletics, activities, scholarship—but, most expres-

sively in the close association that one can feel only for his brother united in the code of secrecy. For it is the BOND, held ever fast, that is the goal of all Greek-letter organizations. From this desired fellowship, results the complete organization and planning which marks Delta Chi efforts and functions.

We point with pride to our activities of the past year—feeling we have once again accomplished our annual goal—an even more respected brotherhood.

Kappa Epsilon of Delta Kappa Epsilon was founded on this campus in 1908. In the 48 years since then a great number of outstanding men have graduated from the University and from Delta Kappa Epsilon.

Activity-wise, Dekes were prominent in many phases of student activities. Offices held ranged from AMS president to members of ASUW committees. Deke athletes participated in Varsity and Freshman football, crew, basketball, skiing, track, golf and tennis. The fraternity also had a strong record in intramural athletics.

Social highlights of the year included Fall quarter's Informal, the annual Christmas Serenade, Winter quarter's Pledge Dance, and the Spring Formal. In between dollar parties, the members even did a little studying.

Remembering the past years of achievement, the Washington Dekes look forward to another year of success.

Washington Delta moved eagerly through a very full social calendar again this year with all the customary functions plus several new social innovations. Leading off the year was the Pledge Dance, followed by the annual Barn Dance, a series of firesides and exchanges, the Dollar Party, and the Christmas Serenade. Winter and spring quarters were, as usual, full of memorable events, including the Active Dance, Alumni Banquet, Houseparty, Picnic Dance, Sophomore Carnival, Songfest, and to top it off, an annual Iris Formal during spring quarter.

Activities ranged from Outstanding Senior Man and class officers to activity chairmanships and representation in various clubs and honoraries including Purple Shield, Oval Club, Malamutes, and Phi Beta Kappa. Delts are also proud of a strong record in intramural athletics.

Thus, Washington's Delt Chapter with its members eighty strong, looks back with pride on another big year at the shelter.

Forty-one versatile pledges settled down at 1818 E. 45th St. following rush week. Thus another year of Delta Upsilon fellowship began. It was, indeed, a fruitful three quarters.

The first item on the house agenda was the abolishment of the paddle, replaced with the painless (?) black mark method.

D. U. was active in nearly every important phase of campus life. The presidents of Oval and Big "W" Clubs and the Senior class found little time for loafing around the house. With the advent of spring,

the fellows teamed with the Tri-Delts in defense of the first place Sophomore Carnival trophy.

When the call for athletes went out, a number of the brothers tromped down to the stadium to letter in football, swimming, baseball, crew, tennis, and track. Delta U practically had its own training table for varsity basketball. Several of the athletes earned team and Northern Division honors.

All in all '55-'56 was a year of the Delta Upsilon teamwork and achievement, with the promise of many more to come.

The heart of a fraternity is its pledge class, and Beta Psi chapter started off the year with a heart of gold. With 30 top pledges, Kappa Sigma went through the school like a fraternity-house-a-fire.

The high point of the social year was our annual Stardust Ball and Queen Contest, which again this year featured Miss America as a finalist judge. This formal, which featured the beautiful Kappa Sigma Stardust Queen for 1956, headed a long list of social functions, including the annual Pajama Dance, the Fall Opener, the Tavern Dance, the Stag Party, and the Pledge Dance.

House President, Roger Gavin, besides carrying this important duty, was also very active in campus activities, being a member of Oval Club, a Senior Class Prominent, and a member of several I. F. C. and A. S. U. W. committees. Carl Luttinen served as Secretary of Inter-Fraternity Council.

Kappa Sigma was represented in many sports including baseball, frosh track, tennis, and frosh crew.

Especially notable is the variety of interests shown by the members in all phases of campus life.

Although the youngest of the large fraternities, Lambda Chi Alpha leads the field with 148 chapters. Lambda Chi is well represented on the campuses of 48 states and four Canadian provinces.

Alpha Psi chapter has been active at the University of Washington since 1918. The year 1955 was marked by a typically full and enjoyable calendar of social activities including the Crescent Ball, Pledge Dance, Prison Dance, Pajama Dance, fire-sides and exchanges. Two accomplishments of

which we are justly proud are the winning of the Intramural Wrestling Championship for the fourth consecutive year and the winning of the Homecoming Sign Contest for the second consecutive year.

University of Washington Lambda Chi's are prominent members of such organizations as Alpha Delta Sigma, Big-W Club, Compass and Chart, Husky Winter Sports Club, Malamutes, Oval Club, Pan Xenia, Phi Beta Kappa, Purple Shield, Forest Club and Scabbard and Blade.

As one of the one hundred and nine chapters of Pi Kappa Alpha, Beta Beta forms one of the links in the chain of friendship and brotherhood for which our fraternity is noted. Each member strives to push Pi Kappa Alpha ahead on the University of Washington campus.

We enjoy the benefits of fraternity life in many ways. During each quarter we have several annual parties. The main functions of the year are the Pledge Dance during Winter quarter, and the Dream Girl Dance in the spring. At the time of the Dream Girl Dance, we choose an annual Pi Kappa Alpha Dream Girl from representatives of the women's organizations on campus.

We have fun, but we also realize that scholastic achievement is the most important element in college life. The combination of work and play is our motto.

In the spring quarter of 1955 Delta Sigma Phi came home to roost at 4518 17th Street N. E., where 29 years earlier the chapter had been founded. With the new house, located prominently on Greek Row, our year was all the more successful; in fact, the Delta Sigs had a banner year.

Among our fall social events we held our annual Halloween party . . . this year in honor of our chapter from Oregon State College. The Homecoming Dance, sponsored by our Alumni Association, was a particular success because many of the old grads could again visit the house in which they had spent their college careers. In February Alpha Omega chapter was the host chapter for the Pacific Northwest Regional Conclave. The annual Delta Sig social event, "The Sailors Ball," climaxed a weekend of hard work and accomplishment for the brothers from our Pacific Northwest chapters. Our social program during the spring quarter was featured by the Carnation Ball, our formal sweetheart dance.

A program of seminars built around the theme of "Engineered Leadership" was started during the winter quarter. This was an outstanding accomplishment on the educational aspects of college social fraternities.

Alpha Kappa Lambda is unique among fraternities on this campus in that it seeks to be a brotherhood of men vitally interested in following the principles of Christianity.

Although we make no rule about study hours or conditions we have always ranked high locally and been the leader in scholarship nationally.

We strive to build personalities through development of scholastic, extra-curricular, social, and fraternal interests and responsibilities. Although we work and study hard there is still lots of time for necessary fun, social events, and general relaxation.

From the rushing of September to the last exam in June, the academic year of '55 and '56 was a year of many achievements for the brothers of Theta of Alpha Kappa Lambda. A spirited pledge class kept the actives on their toes and enabled us to participate in many more activities than before. We would like to go on record as saying, "This year was great—next year will be greater!"

In the past fifty-five years, a great number of outstanding men have graduated from the University and from Phi Delta Theta, and indications are that they shall continue to do so.

Scholastic achievement is the highest aim of the Fraternity, but by no means the only one. This year's social calendar of firesides, exchanges, and dinners was highlighted by the pledge dance, winter formal, and spring's blazing rebuttal to teetotalers—The Bowery Brawl.

Social cultivation, campus activities, athletics and general spirit are emphasized. Those memories which are best described as "good times" can never be ignored. All of these factors blend into our concept of a college education.

# phi gamma delta

Since the founding of Sigma Tau chapter of Phi Gamma Delta in 1900 many excellent achievements have been made. Foremost in the mind of a "Fiji" is the university which he attends. Every year Phi Gamma Delta has a record to be proud of. In 1955 Phi Gamma Delta finished sixth on the campus scholastically. In the HUB we have been very active, with most of the members of the chapter taking part in many activities. Also, from our pledge class came this year's Freshman Class President. On the athletic field Phi Gamma Delta is strongly represented both in major sports and intramurals. To add

to a year of accomplishments, Phi Gamma Delta had a well-balanced social calendar with three main dances during the year along with many class parties.

A fraternity is formed when a group of men live together in a type of brotherhood. In Phi Gamma Delta the combining of internal strength with achievements in scholarship and athletics in a social environment is most instrumental in developing mature citizens and leaders.

The Skulls started off on the 1955 school year and never were able to climb back on. In the fall, we defied all types of people by flying our black and gold Skull flag above the house. We did this so everyone could distinguish us from "our annex," which had been purchased to enable us to keep up with a growing university. Then, one day just before school began, we took in 39 young fellows which gave the actives a raise during spring quarter. Exchanges and firesides with leading sororities, the pledge dance, and "Aw, Go-to-Hell Dance," and the winter formal all helped to make us a well-rounded group and broke, too. We even entered intra-scholastic competition for the first time and found we ain't so stupid no more. We tried to win Songfest, intramural sports, and the Nickel Hop again, and, once again, it ended with just the try. But, at the end of a happy, successful year, we all agreed that it was.

AL STACK, President

For the first time in many years, the Phi Psi's left the ranks of the middle-sized houses, taking forty-three pledges, the largest class on campus. The increase in man-power indicated a great year for Washington Alpha, and we were not disappointed.

Our parties were bigger and better than ever, and as usual, sorority girls fell all over themselves seeking invitations. Songfest with Alpha Delta Pi and Sophomore Carnival with Kappa Delta kept the brothers busy most of the time, but of course the University made us study a little, too.

Everybody was shocked when our intramural football team broke a long-standing tradition and won a few games. Occasional victories over weak opponents were celebrated in other sports throughout the year.

In general, during the 1955-56 season, the Phi Psi's rooted for the Huskies, struggled hard to stay in school, dabbled in school activities, slept very little, and covered the fraternal name with glory.

To the Phi Kappa Taus everywhere the year 1956 was a milestone—fifty years of growth and development as a fraternity.

Phi Kappa Tau was busily engaged in a very successful and eventful year. The spirited pledge class did their best to try to outsmart the actives.

The year included every type of social activity. Firesides, a Halloween party, the traditional pledge dance, pajama dance, and the Red Carnation Ball, added to numerous exchanges, all made an outstanding social year. Our Homecoming sign depicted a toast to Washington

with two large cocktail glasses suspended in mid-air.

In order to maintain our scholastic standing, which is always well above the all fraternity average, we encourage every active and pledge to do his very best academically. A Phi Tau realizes that he is at the University first of all to study.

Phi Kappa Tau at all times strived to increase the knowledge and leadership of all the members as well as to build integrity. Thus, we consider this year as another stride in a period of growth and spirit in Phi Kappa Tau.

# chi phi

Founded at Princeton University in 1824.  
Beta Delta chapter established in 1925.  
33 chapters.

Beta Delta Chapter of Chi Phi was permanently re-established on the campus in 1954. Starting with a nucleus of one man its membership rapidly increased to twenty-five. The Chi Phi National Award was presented to Brig. Gen. Scotty Lque, USMC Ret. (Beta Delta, 1923) for outstanding service to the local chapter.

Chi Phi moved to a new location last summer. The new house at 4733 17th N. E. is both larger and closer to the campus. From these comfortable quarters have come plans for a complete social program for the year. Annual events held were the Fall and Winter Dances and the Spring Formal. Exchanges, firesides, skiing and beach parties proved to be very popular with the members. One of the highlights of the past year was the Fall Halloween Dance in which members of the Oregon State Chapter were invited as special guests.

This year has marked a new milestone for Beta Delts Chapter of Chi Phi. Next year will be one of continuing growth and accomplishment.

A "Roaring Twenties" pledge dance with real gin in the bathtub, started the year off with a bang for the Phi Sigs. The traditional "Moonlight Girl" contest brought girls from all over campus eagerly vying for the title of "Moonlight Girl of Phi Sigma Kappa." The "Moonlight Girl Formal," held in the Seattle Tennis Club, was one of the highlights of the University's social year. Besides the formal and the pledge dance, we held our annual pajama dance and spring picnic, with firesides and exchanges filling our social calendar.

The chapter fought their way toward the top in such intramural sports as football, basketball, softball, bowling and crew. Phi Sigs held a commanding lead in many other campus activities. In Alpha Kappa Psi, business honorary, Phi Sigs Dick Miller, Dick Blount, and Sam Oeck are all active members — Miller and Blount being president and secretary respectively. Dick Fisch is a member of Phi Alpha Theta, history honorary. Dick Blount, Ken Hollingsworth, and Nunnally Johnson are members of Pi Omicron Sigma, fraternity men's honorary. John Ingman and Sam Oeck were awarded Distinguished Military Students awards. Phi Sigs are also active in Propellor Club, Malamutes, Swim Club, Arnold Air Society, and Scabbard and Blade.

The ol' "P U's" again came through with one of the finest pledge classes on campus. This was the result of good leadership, hard work, and brotherly cooperation, a standard of Psi Upsilon.

Our social calendar started and ended with our famous "dollar parties." In between, our Pledge Dance, Winter Formal, and fantastic "Beach Combers" were, as usual, huge successes. Serenades, exchanges, Homecoming and Sophomore Carnival were only a few of the many Psi U jaunts.

Pages were worn thin by the scholars in order to maintain and improve our mentality, morality and the old frat rating. Intramural and varsity sports were supported to the hilt. Excellent results were shown in both.

And so as the books begin to close, summer begins to shine, and our seniors begin to depart, Psi U remains strong and restless for a new year to start.

Sigma Alpha Epsilon entered its centennial year with pride and enthusiasm. On March 9, 139 chapters of SAE, boasting the largest fraternal population in the land, saluted the founders of Mother Mu chapter on the University of Alabama campus. 1956 also marked 50 years' life for Washington Alpha on the University of Washington campus.

SAEs have won membership in Fir Tree, Oval Club, Purple Shield, Big W Club, and many professional honoraries. Dick Byington was voted the outstanding junior, and Pete Fisher was winner of the IFC Mothers' Club scholarship. Last year SAE copped the Big Stick by boasting an impressive list of Big W winners. SAE loomed large in all major varsity and frosh sports. We think the "stick" may be in our trophy room for some time.

Intramural-wise SAE has been a strong threat over the past years. Last year we seated the permanent water-basketball trophy, having won it for the last four years. We were also all-university softball champions. Songfest practices begun early in the year were aimed toward a third-year win and the permanent trophy.

Shall we pledge him?

The 1955-56 year saw Sigma Alpha Mu strive to great heights in campus leadership and activities.

A full calendar of events kept the brothers busy throughout the school term. Many house dances, smokers, and exchanges topped off by our quarterly formals, highlighted the year's social program.

As usual all of the Sammies strived to maintain the house's high G.P.A. which placed us third on campus last year and also helped us win the coveted Sigma Chi trophy.

Campus activities and organizations had a large representation of Sammy participations; Phil Nudleman was elected Junior Class President and I.F.C. Vice President. Gerald Hahn was elected President of Jr. I.F.C. Our house was also represented in Purple Shield, Oval Club, I.F.C. Publication, Alpha Epsilon Delta, Alpha Phi Omega, and Pi Omicron Sigma.

In intramurals our teams always placed high in victories and sportsmanship. Sammy flag football and volleyball teams entered the finals of their respective leagues.

The year 1956 marked the start of Sigma Chi's second century as a college fraternity.

With the hope of making Sigma Chi's second hundred years as successful as the first, the brothers continued their leading role in all phases of college life, with men participating in all forms of athletics and activities.

Socially, the year started with a bang! Many exchanges, the All-Sig Dance, and the Pledge Dance highlighted Fall quarter's social calendar. In January, the Sweetheart-of-Sigma Chi was crowned at the Sweetheart Ball held at Harrison Hot Springs resort in Canada. The Miami Triad serenade and the dance during Spring quarter ended a great year of social life.

Realizing the main goal of college, education, the Sigs kept their scholastic standing well above college grade averages. Yes, it was a great year, and the men who wear the White Cross of Sigma Chi all want to say . . . "It's great to be a Sig!"

Again in the 1955-56 year of the first fraternity of Washington, Gamma Chi chapter of Sigma Nu, showed its campus leadership. Sigma Nu was well represented in student government, honoraries, Oval Club, Purple Shield, athletics, and campus activities. The house also showed well by claiming a good share of the intramural trophies.

Socially, the highlight of the year came with the Sigma Nu Pig Dinner, one of the outstanding social events on campus. The rest of the social calendar contained numerous exchanges, a pajama dance, the French Prom, a house party and varied weekend functions.

The chapter went all out for Homecoming and joined with Pi Beta Phi for Sophomore Carnival. At Christmas Sigma Nu and Alpha Gamma Delta teamed up for a serenade. All in all it proved to be a very successful year.

Well, we aimed for the stars this year and we're getting closer every day. We started off the year by doubling our membership, and we plan a repeat for next year. The brothers have worked hard and we've got a lot to show for it: Scholastically, the Sig Eps have jumped into real contention. We are well represented on the scholastic honoraries on campus. And . . . our house average is still rising.

Socially, we had a ball-and-a-half! The brothers really let go with the Pledge Dance—the "Hillbilly Stomp." Then came the Winter Informal, the Fire Dance and the lavish (it was our money) Spring Formal. Add to this list the many fire-sides, parties, exchanges—plus Christmas caroling with the Sigma Kappas—wow!!

Activity-wise, we had our hands full. Besides our usual budding athlete or two, we had a ready supply of raw material. We entered the frosh elections, sign contest, Soph Carnival, and had men on committees all over the place. Our intramural teams did quite well, except that we always managed to lose the game-before-the-championship-playoff. We did have some men successful in varsity sports, though.

We're still looking to the future—more than just looking—we're moving!!

The 1955-56 school year saw Sigma Pi complete one of its bigger and better programs. We have had a nicely rounded social program of firesides, beach parties and picnics, and topped off by the big annual events. In the fall, it was the Pledge Dance; during the winter quarter, the Cabaret Party was the highlight, and the main social function of the year, the Orchid Formal, was held during the spring quarter. We must not forget the Homecoming festivities, with its sign building and the large alumni reunion.

Athletically, we participated in intramural sports and we gave a fair account of ourselves. Scholastically, we continued to study and by doing so we were able to maintain our better than average grade point average.

However, we didn't spend all our time looking back upon our achievements, for we were also preparing for the future; a future that promises to be a very encouraging one for Sigma Pi.

A man's best friend.

The collection of scholarship trophies highlighted the year at TX. The Inter-Fraternity Council Mother's Club trophies for the highest fraternity scholarship and the greatest improvement were bolstered by two more of the same from the national headquarters. This was definitely a clean sweep for TX at Washington.

The burning of midnight oil didn't interfere with a conglomeration of "blasts." Every theme in the book from logging to Hawaii was used.

Intramural activities were entered with a gusto, leaving most TX's gasping and definitely out of condition, but still having a good time and winning their share of the honors.

Not only HUB politics, but the HUB itself was invaded by prowling Theta Xi's, and the warrens of the Daily and Columns were familiar to our tread.

Since the founding of Theta Xi, ninety-two years ago, the fraternity has grown into a strong national organization with chapters on the campuses of sixty-three of America's finest universities.

Once again Tau Kappa Epsilon began the school year as the greatest frat house on campus. Just one slight dilemma stood in the way of another brilliant year. We had no house! Our money-grabbing landladies, the Chi Omegas, tossed us into the street.

Ten days before rush week was to start our alumni housing committee located an 80-year-old mansion. It would have been in excellent condition for its age had it not suffered a devastating fire six weeks previous. As a large group of devoted actives and alumni dabbed on the last ounce of rubber-base paint, necessary to hold the plaster in place, bright-eyed rushees started pouring in the front door. Everyone agreed the house wasn't much to look at, but the friendliness, informality, and spirit overwhelmed the young men. As a result, a record class of athletes, activities men, scholars and party boys was pledged. These outstanding men again justified our voting ourselves the greatest house on campus this spring.

"The way of the Transgressor is hard!"

With the largest pledge class in recent years, Tau Phi Delta started out this year at a new high. The "Foresters" efforts, scholastically, paid off when we won the new Pledge Scholarship Trophy and rated second in the fraternity scholarship standings.

Not only were the lads from the woods studious but enjoyed many social functions held during the year. Homecoming, exchanges, barn dances, parties and firesides were well attended by all the members.

The Alumni Association, including such men as Mike Webster, head of the State Division of Forestry, and Howard Johnson, Assistant Regional Forester in Alaska, have made great progress in obtaining a new house for the chapter.

Being a social-professional fraternity, our membership is limited to students majoring in Forestry. Our basic purpose is to further the profession of Forestry and related fields; to promote high scholarship in the College of Forestry and to instill in all the members an understanding of the benefits obtainable through cooperation.

These cherubic faces leering up at you, dear reader, are the visages of the members of Theta Chi—affectionately known to the other fraternities on this campus as "those dirty so and so's."

Contrary to popular rumor, we do not have a mash cooker in our chapter room, that isn't the battleship Missouri we take on our cruises, and we don't keep our housebills low by peddling race track tips to wealthy sixth graders. The outside world knows little of our plan to move in mass to South America and capture Argentina.

We have peculiar aliases such as "Sturgeon Eyes," "Grundoon," "Big Stoop," and "The Trumpet." We curse in an obscure Urdu dialect, lest we offend the dollies. We borrow one another's ties, smoke each other's cigarettes, and sometimes shoot dice for each other's women.

We study hard, attend most of our classes, party when feasible, and spend the rest of the time fighting off the hordes of women who continually storm the walls screaming, "We want dates." All in all, we're the greatest bunch of guys we know.

Washington Theta Delts look upon the 1955-56 school year with pride for it was one of the most successful in the house's 43 years on the campus.

The success was not limited to one aspect but was experienced in nearly all phases of fraternity life.

Social highlights for the year included the Pledge Dance, Founder's Day Banquet, Ze' Paree, Singapore Sling, Spring Formal, Hobo Dance, House Party and the annual Theta Delt-sponsored All-University pre-election Street Dance.

TDX scored heavily in campus activities this year with the brothers holding down many topflight campus positions, from editor-in-chief of the University DAILY paper to president of the Husky Swim Club.

Theta Delts were active in Oval Club, Purple Shield, Pi Omicron Sigma, Big W Club and other campus honoraries such as varsity and frosh swimming, crew, tennis, golf and track as well as in the "good old" HUB.

The stress, however, was not entirely upon individual activities. The house as a group had strong representation in intramural sports and activities—Homecoming, Soph Carnival, and Songfest to mention a few.

Alpha Mu of Zeta Beta Tau was complimented last fall quarter by the largest pledge class in its history. The active chapter, coupled with this fine pledge class, served to ignite a tremendous ambition and interest towards the fraternity and the University of Washington.

For the second year in a row the Zeta Betes won the Homecoming Village Band Contest. Participation in A.S.U.W. activities, varsity and intramural sports, plus maintaining a very favorable fraternity grade point average reveal the fine work of Zeta Beta Tau brothers.

The social life of a Zeta Bete is extremely active one consisting of fraternity dances, "Blasts", and exchanges. Two outstanding affairs held annually are the Winter Formal and the spring "Orchid Formal." At the latter affair an Orchid Sweetheart is chosen. This event has received national recognition throughout the fraternity for a number of years.

The 1955-56 year began with a bang for the Zetes. The furnace blew up. Luckily the rushing program was quite successful and we had a fine pledge class to clean up the debris.

Of course, our hectic social life started early and lasted late. In fact, three pledges still haven't returned from the pledge sneak. The social calendar was highlighted by the Pledge Paddle Dance, a pajama dance, a Homecoming Dance, the Harum-Scarum, and the Winter Formal. The Zetes completed the program with exchanges and firesides, another costume dance, and a Japanese Suki-yaki dinner-dance.

Naturally we realize that a social program is only a minor part of our college life. (?) Thinking thusly, the Brothers turned to their studies and raised their grade point well above the University average.

The year 1955-56 was a year that will not soon be forgotten by the Pi Kaps, for it was indeed a year of marked achievement in all aspects of fraternity life. Most notable was the strong resurgence of Pi Kappa Phi in membership. After a few years of diminished membership, we decided to regain our rightful position on the University of Washington campus.

As usual, Pi Kappa Phi was among the top fraternities scholastically at Washington. We are proud of our record in this field. The Pi Kapps are consistently high in scholarship, keeping above the all-men's average every year. This remarkable record has been due to our very effective study system, which not only requires members to study, but also teaches them the proper way to study.

Our extra-curricular activities were also numerous and varied. In addition to many socials, exchanges, and firesides, the year was climaxed by our annual Rose Ball, at which we chose our annual Rose Queen. Pi Kappa Phi was also active in numerous intramurals.

In the spring, Alpha Delta Chapter was host to the West Coast Conclave of Pi Kappa Phi, which was attended by brothers from all our chapters on the Pacific Coast. This was indeed one of our climaxes of the year, and was a tremendous success.

The goal of all Kappamen is Achievement, and the men of Gamma Eta chapter have made great strides in living up to this standard. Completing our eighth year of association with the University we can look back to a successful year of activities and functions for students and their friends.

Founded at Indiana University, Bloomington, Indiana, in 1911.  
Gamma Eta established in 1947.  
206 national chapters.

Looking to the future, Kappa programming was closely tied to our Guide Right Movement, which encourages high school graduates to enter college. Annually a scholarship is presented to a promising high school graduate planning to enter college.

We are indeed proud of this year's social calendar which consisted of benefits, the delightful Evening Dasant, and the Hard Halarious Times Party. To top off the year we danced the light fantastic at our Annual Black and White Formal. As the school year slowly draws to a close, we, the men of Kappa look forward and say proudly, we wear the diamond.

Any woman student living in one of the seven organized houses for independent women is automatically a member of IWA; other non-affiliated women students may be members by becoming an associate member of one of the seven houses. IWA serves to coordinate the social and service activities of the member groups, and to orient new women students in campus life.

Strategically located on the eighth and ninth floors of the Men's Residence Hall is the somewhat famous "House of Cascade."

On the social calendar for the year are dinner exchanges, dances, movies, and the annual spring picnic. The group is very active in all sports. The house is now in the process of remodeling the House Lounge. The lounge improvement was planned by the House members and consists of building a "mobile," a mural and providing an art gallery for the use of the members.

We'll have that new wing built in no time.

From the top of the gleaming white structure, commonly termed the "greenhouse," Rainier, with its 115 members, originates its activities. The spirit of competition is verified by the extensive intramural sports program carried on by Rainier. Among its many other activities, it has a well filled social calendar, highlighted by the annual "Moonlight Cruise," and the beach party.

The Students Cooperative is an organized group of students from all countries and parts of the United States, who study and have good times together. The Coop includes one woman's house, and five men's houses. Although most of the students work, they maintain respectable GPA's and enjoy participating in the many social and athletic events, including Spring Formal, the annual Birthday Party, dances, picnics, intramural sports, and others. Organized on the principal of "sharing together," the Coop is governed by a Student Board of Directors, an Advisory Board, and a Manager.

Dotson House, now in its fourth year of existence, annexed House B this year to enlarge the membership to 36. Dotson House successfully defended their league basketball title, while taking second place in both football and bowling. The social activity of the house is increasing to match the previously established athletic interest.

# macgregor house

5012 22nd N. E.

Macgregor House was named for Mrs. Nell Macgregor, past housemother and present honorary housemother. With her help, we adopted the tartan, the coat of arms, the battle cry and the history of the Macgregor clan of Scotland. This year the realization of our objective of house improvement is evidenced by various newly painted rooms, and the mural on the living room wall. Scholastically the house has improved greatly with eight men on the Fall honor roll. Our bowling team placed third in Fall intramural competition.

Wesley House, a "home away from home" for university girls since 1935, provides a unique experience in Christian living, provides social advantages, and promotes high scholarship. The top-floor dormitory, housing 32 girls this year, is only part of the building which also houses Wesley Club and Kappa Phi. The three organizations cooperate to provide a well-rounded program of social, service, cultural, and religious activities for Methodist-preference and any other interested young people.

## eklund hall

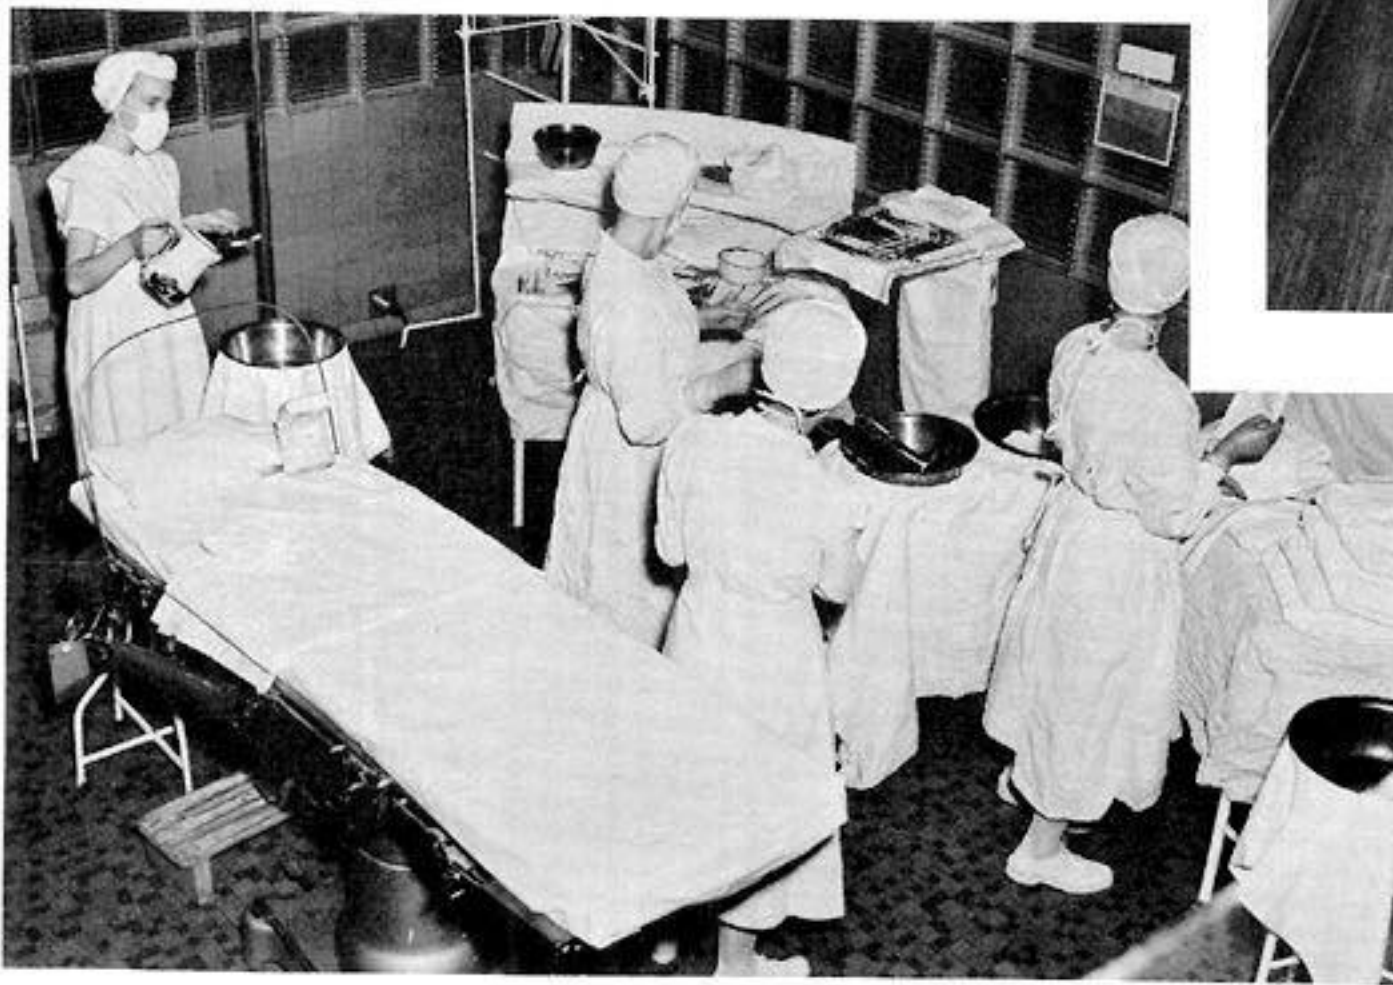

Prospective nurses use the library facilities at Eklind.

Focusing our attention away from studies and work, we find one of the nurses about to "terrorize" fellow students.

A thorough training is afforded all student nurses. Here we see students learning correct operative room procedure.

The broad and intensive training provided for the student nurses also includes class room work.

A student, preparing to go on duty at Swedish Hospital, adjusts her cap before the mirror in her room.

With two years of campus life and various science and basic nursing arts courses behind her, the student nurse proudly receives her white cap, symbolic of her chosen profession. Whether she enters Eklind Hall and the Swedish Hospital, or Harborview Hall and King County Hospital, she finds her training a valuable and unforgettable experience.

Once she is capped, her days become a whirlwind of hospital duty, classes, and study, and soon she is whisked off on affiliations to Children's Orthopedic Hospital for pediatrics, Northern State Hospital for psychiatric nursing, Firland Sanitarium for tuberculosis, and the King County Public Health Department.

Off duty hours bring fun and relaxation with fellow students. Informal parties and picnics are abundant. Sports enthusiasts enjoy skiing, basketball, tennis, and swimming.

We chose King County Hospital for our clinical education because it offers so many kinds of nursing — i.e. contagious disease control; emergency and clinic patient handling; psychiatric management; and more. Harborview, or King County Hospital No. 1, is abreast of trends in Hospital management, medicine, and nursing. There are students in other fields such as X-ray and laboratory with whom to share our findings. In the nurses' residence, the housing is comfortable and homey. Then too, individual rooms are advantageous. We cook and have parties in the lounges situated on each floor; but more often they become meeting or sewing rooms as activities come up and our interests change. The dining room services are convenient and really the dieticians are better cooks than some classmates.

Student government here is ideal—for students, that is. Those who bring up the problems help solve them through our student council. We are still a real part of University activities, but more and more we find ourselves taken up with the multitude of interesting facets of our profession. Off duty times gives us freedom for pastimes like basketball, a chorus, and a Christian Fellowship group. After two years at college, we move into this clinical division at the hospital to follow through an integrated and progressive teaching program which assists us to become responsible citizens. But most important, we graduate as capable nurses—responding to the calls for service and understanding of individuals and communities.

TRULY DEMOCRATIC is our student council. We run it—it works for us—we like it. Study and research continue while Miss Hoffine, residence director, and B. Bertolino, President, head the round table.

The Basic I's and II's, currently having their clinical experience at Virginia Mason Hospital, plus the "B-III's" attending classes on campus, represent the Basic Research Program of the UW School of Nursing.

The nursing student in the interrupted degree program spends one year on campus and the next two at the hospital. She is then eligible to take state board examinations for her R.N., or return to campus and get her Bachelor of Science in Nursing.

# dental hygiene

Dental Hygiene was established as a major in 1950. After graduation, dental hygienists work in private practice or in public dental health education positions, performing such services as dental health education, oral prophylaxis, sodium fluoride applications and radiographic work.

Included in this year's activities were a welcome party for the juniors, orientation meetings for pre-dental hygiene majors, dental health programs on television, and participation in the dental school Christmas party.

It is the purpose of this organization to support and promote school spirit on the University of Washington campus and to encourage active participation from the older male students. Only single, unengaged males, 21 years old or over with the proper attitude concerning the opposite sex are eligible for membership. Please do not misconstrue the term, proper attitude.

Along with our several stag parties with dates required to foot their own bill and wear white shirts and levies, the Bachelors were a huge success in Songfest. Also, the club initiated last year one of the most outstanding all-university functions to ever be held during the noon hour — Brown Bag Day.

Engineering Student's Council is the coordinating body of the students in the College of Engineering. Its membership consists of delegates from the departments of civil, electrical, mechanical, mining, aeronautical, automotive, chemical, and ceramic engineering, the freshman branch of the college, Tau Beta Pi, the engineering honorary, and the Society of American Military Engineers.

Engineering Council has the huge task of putting on the 1956 Open House, where the students display their arts and knowledge to the general public. Held every two years, this display has upwards of 15,000 persons attending. Also, it is the duty of Engineering Council to help orient freshman engineering students with lower campus.

## washington engineer staff

The Washington Engineer is published six times per school year by the Engineer Students' Council, with a staff of 32 undergraduate engineering students. Filled with semi-technical and non-technical articles, it is primarily circulated among engineering students. However, it is also used to stimulate an interest in the field of engineering in high schools throughout the state.

## american pharmaceutical association

The University of Washington College of Pharmacy Student Branch of the American Pharmaceutical Association was organized in 1946 to encourage the advancement of pharmacy as a science and a profession. The Association engages speakers from the world of pharmacy and related health-science professions as well as having films relating to the profession. The social interests of its members are taken care of by dances, a Christmas party and participation in Pharmacy Week in the spring quarter in conjunction with the Pharmacy fraternities and honoraries.

# institute of aeronautical sciences

As an Engineering Society, the Institute of Aeronautical Sciences provides opportunities for students on campus to benefit by participation in programs and activities related to the aeronautical sciences. Membership in the I.A.S. is open to every engineering or physical science major with a bent toward things aeronautical. Activities of the I.A.S. include high quality technical meetings with leading men from the aircraft industry. The I.A.S. member gains first hand information of aviation on the field trips offered each year. The bi-annual engineering open house is an interesting project on which I.A.S. members work together as an engineering team.

R. C. KLINGBEIL, President

Company B, 11th Regiment of the National Society of Pershing Rifles, was formed on this campus in February of 1952. It has grown steadily since to a membership of over 66.

The members are selected from participants on the Army ROTC Drill Team and other outstanding men in the Cadet Ranks.

The PR sponsors many social functions during the year, including the 1954 Spring Army Formal.

The Drill Team marches under the guidon of the Pershing Rifles to such parades as the Daffodil Festival, Apple Blossom Festival and the Trooping of Colors at the Aqua Theater.

Compass and Chart, Washington's Naval fraternity, is recognized nationally in Navy circles as one of the leading units. The Clark Hall organization is composed of all NROTC members who desire to belong.

Compass and Chart sponsors many activities during the year such as the Binnacle, the unit newspaper, a NROTC annual, and glee club. Other activities include a very active intramural sports program, Helm and Halyard sailing club and the rifle and pistol teams. The Washington unit's rifle and pistol teams are ranked nationally and hold many trophies.

Compass and Chart also has an active social calendar. During the year it sponsors a fall informal, Friday night record dances in the C & C Lounge, and the well-known Ring Dance. The Ring Dance, one of the campus' largest formals, was held winter quarter at the Benjamin Franklin hotel. The beautiful Ring Dance queen was announced at the dance.

Compass and Chart, in its 30th year on the Washington campus, can well be proud of its achievements.

# air force r. o. t. c. drill team

The Air Force R.O.T.C. Drill Team represented the University in parades and events in Wenatchee and Tacoma, entertained during half-time at the U.W.-W.S.C. basketball game and highlighted spring quarter by marching in the Santa Rosa Rose Festival Parade. A parents night was only one more of the many activities that completed a busy year's schedule under the command of Cadet Lt. Colonel Claude Hill. The team turns out two hours weekly to practice and master the basic drill maneuvers. The membership is voluntary and the team is run by cadet officer with the assistance of this year's new faculty advisor, Capt. William Crail.

# club

The Varsity Boat Club is a fraternal organization composed of oarsmen, coxswains and managers who have rowed or turned out for two years and have been elected to membership. Its purposes are first to make Washington shells supreme on the water by focusing the desires and activities of the varsity rowing squad, and second to insure that igrates (frosh oarsmen) maintain the high standards and fine traditions of Washington rowing. Membership in this organization entitles one to wear the familiar "Husky Crew" jacket.

During fall and early winter, the Boat Club blossoms into social flower as the oarsmen valiantly strive to cram a year's social activity into a little more than a quarter. As the training season approaches, the members celebrate their mardi gras in the form of the annual VBC Formal dance, open this year to the entire university for the first time since 1942. Following this time, the VBC sees to it that the lenten training rules are strictly adhered to for the six-month season of celibacy which culminates in the I.R.A. Regatta at Syracuse, N.Y., in June.

The Varsity Boat Club's governmental structure is somewhat unusual—it lies somewhere between a pure democracy and mob rule. Only igrates must adhere to written law, the varsity men being subject to "deep-sixing" off the nearest shellhouse dock for bending training or offending the pack by not wearing shirt to meal, getting pinned, etc.

The Husky Flying Club is a student organization established by the air-minded students of the U. of W. in 1950. The purpose, naturally enough, is to have fun flying. Anyone that gets a gleam in his (or her) eye and a restless feeling when they see, hear or smell an airplane is welcome. Our time is spent talking over past flights, planning new flights and helping fledgling pilots.

Among the activities sponsored by the club are Breakfast flights, Beach Flights and the annual Winter Dinner Dance. Flying contests, trophies, good food and lots of fun are the work of Breakfast and Beach flights. Benefits offered to Husky Flying Club members include free flying time, use of our link trainer.

The Management Club is designed for men and women students interested in management. The purpose of the club is to foster education in management. This includes working for cooperation between local business and the University. The activities of the club include the participation of top executives in business, labor and other fields as guest speakers and the project of editing, producing and marketing of the club's booklet called "Selling Yourself" which has achieved nationwide fame. The club has not been found lacking in social achievements and has an active program of banquets and other functions listed on their calendar throughout the year providing extra interest for its members. It is through these activities that the club members obtain valuable contacts with potential employers.

The Advisors of the Management Club are: Professor John Hennessy and Professor Dick Dunnington.

The Men's Physical Education Club is open to all men students majoring in Health Education, Physical Education, or Recreation. The purpose of the club is to further the profession, enhance the training of the members, provide service to the department, and provide social activities. It is affiliated with the American Association for Health, Physical Education, and Recreation.

Under the active guidance of Mr. Russ Cutler, faculty advisor, the club has engaged in many varied activities during the year. In addition to professional meetings featuring speakers and movies, activity and game nights were held to better acquaint the students and instructors. Joint meetings were held with the Women's P. E. Club to further the relationship between the two departments. The club also participated widely in intramural sports. In the spring the annual picnic is held for the entire department.

The officers for the year were Jim Thwing, president; Dick Cathey, vice-president; Stan Carnahan, secretary; Bob Leadbetter, treasurer; and Dave Zuck, historian.

The Women's Recreational Council, a part of A.S.U.W., is the governing body for the recreation program for women. The council consists of a representative from each activity and the president. With the cooperation of the Women's Department of Physical and Health Education it plans and administers a program in which opportunities are provided for all to participate.

The activities are divided into two types of participation: tourna-

ments in team sports and individual and dual sports; and clubs. Any woman student is eligible to enter the all-university individual and dual sports tournaments and to participate in the clubs which do not have a skill requirement for membership.

Students participating in club activities receive credit towards the 'W' sweater. When this requirement is met they become members of 'W' Club.

# swedish club

Drawing it's membership from the classes in Swedish language and literature, the Swedish Club has an annual program of dinner meetings, Ski trips, Swedish films, folk dancing, and the like. The high point each year is the Christmas Festival, the core of which is the traditional Lucia pageant. The officers for 1955-56 are Thorvald Chellstorp, president; Don Fritzberg, vice president; and Ruth Gustafson, secretary-treasurer.

1955-'56 found many wonderful highlights to spark Phrateres calendar.

In June, ten delegates boarded the train for the Phrateres International Convention at U.C.L.A. Besides returning with notebooks of ideas, and scrapbooks of memories, we felt a little closer to our ten sister chapters located at various colleges and universities in the Western United States and Canada.

September found Phrateres Council members on KING-TV Community Workshop informing interested women of our social and service program on the campus.

Fall quarter we pledged eighty girls, honored them at a Pledge Breakfast in October and a Semi-formal Dance in November. Besides competing in the AWS Bowling League, our sports minded girls played a Flag Football League game with Adelphi. In December our six sub-chapters, Beta, Chi, Lambda, Kappa, Sigma, and Theta gave a Christmas party at the Seattle Children's Home.

## phrateres

The highlights of Winter quarter were our Initiation Banquet and Ball, Birthday Tea, and subchapter parties.

Spring quarter we gave a tea in honor of our Mothers, had a Spring Dance, Leadership Conference, and a House Party.

Besides being active Phraterans, our members found time to be Rally Girls' President, Activity Bureau Chairman, Campus Religious Council President, National Student Chairman of the YWCA, members of Mortar Board, Totem Club, Silver Fish, W-Key, Sigma Epsilon Sigma, Phi Beta Kappa, Departmental Clubs and Honoraries, Religious Organizations, and ASUW Committees.

With all of these activities, how could we help but live our motto, "Famous for Friendliness."

Though it was organized on this campus only nine years ago, Valeda has made great progress in furthering its purposes. It has stimulated the social and intellectual interests of the Japanese girls on campus, and it has also encouraged their greater participation in campus activities. Its program includes a welcoming tea in the fall for freshmen girls, an alumnae tea, and a formal honoring the graduating seniors. Fireside meetings, outings, dances and service projects helped to complete a busy, but wonderful year with Valeda.

Cosmo members hear a distinguished guest during their lunch hour.

Cosmopolitan Club is an organization to promote friendship among people of different countries by helping International and American students find a basis for mutual understanding.

Cosmo Club, as it is commonly called, grew out of the International Banquet of 1947. From an original luncheon group of about 30, the Club now includes over 100 members.

The club holds luncheon meetings every Tuesday noon at the "Y." The program is designed to help us share and enjoy our customs and ideas. Cosmo also sponsors a wide range of other social activities including monthly dances and parties.

# ymca cabinet

Working together on the University of Washington campus, the YM and YWCA have shared in the activities of another full and meaningful year. The Y groups brought to the campus another International Banquet in honor of the foreign students during the Thanksgiving season. In support of Campus Chest the YW sponsored "Nickle Hop" in the many organized living groups on campus. "Jester's Jubilee," the Y's spring carnival, brought fun and entertainment to the U of W and the community as well. Such groups and occasions within the Y as World Affairs discussion group, Cosmopolitan Club and Folk Camp helped bring to the students an awareness of the world situation in which we find ourselves.

Officers, chairmen, and innumerable committee members assisted by an able and devoted staff of advisers have attempted, through the Y program, to further understand and express the goals and purpose of Christianity in the life of a state university campus. Working together with this like purpose, we trust that we have enriched the education of many.

Campus Religious Council is a student group composed of representatives from all the religious groups on Campus. CRC strives to maintain inter-group understanding and activities. The success of this group's activities can be measured by the outstanding cooperation and support of its member organizations, and the wholehearted participation in such events as Religious Emphasis Week, Inter-

group Progressive Dinner-Dance, and Annual CRC Picnic.

The theme for Religious Emphasis Week this year was "In God (?) We Trust," and featured outstanding qualified speakers in many fields, worship services, seminars and evening meetings at the organized houses. Chairman was Myra Bergman.

## husky christian fellowship

Husky Christian Fellowship is an International student group originating from Cambridge University in 1877. This fellowship is nondenominational believing that a vital knowledge of Jesus Christ is necessary for an "abundant life." This year's program features discussions, Bible studies, speakers, socials and banquets. HCF meets weekly in the HUB and welcomes any interested person.

A highlight this year was the International Students' Christmas Houseparty at Mt. Hood Golf and Country Club during the Winter Holidays.

The Baptist-Disciple Student Association (BDSA) is a fellowship of students seeking through worship, study and action to make the Christian faith real in every phase of University life. The program outlined by the student cabinet includes Sunday morning class, Sunday evening fireside, Thursday dinner and Forumette, projects in group life and social action, and many social events throughout the year.

The center, located at 15th N.E. and East 45th, is sponsored by the Baptist and Christian churches of Washington, and is affiliated with the national student movements of these churches. Students lounge and study in the Center every day, and BDSA welcomes all who are interested in furthering its program of Christian understanding and responsibility.

Westminster Club represents the Westminster Fellowship of the Presbyterian Church on the University of Washington campus. It provides an opportunity for spiritual and mental growth in the areas of Christian faith, fellowship, citizenship, witness and outreach. We seek to achieve this goal through our Sunday evening fireside, our weekly Bible classes, Tuesday night calling program, Philosophy or Religious class and our Thursday evening supper meetings.

# gamma delta

Gamma Delta is an association of Synodical Conference Lutheran students at colleges and universities. It endeavors to conserve and to develop Christian faith and to encourage Christian action among college students through a program based on Christian knowledge and service.

The Beta Zeta Chapter of Gamma Delta at the University of Washington was started in 1946. The chapter, as yet, does not have a house at which to meet and so the regular meetings are held at the Messiah Lutheran Church. A noon meeting is held every other week in the HUB. The chapter is associated with International Gamma Delta which is composed of 102 separate chapters.

Wesley Club, sponsored by the Board of Education for the Methodist Church, is open to all students on the University of Washington campus. Its activities center is the Wesley House located at 4205 15th N. E., just across the street from the campus. Its program of activities, planned by the students to fit their needs, includes weekly firesides, coffee hours, fellowship cells, Bible study groups, student-led chapel services, parties and dances. One of their special service projects is the Spring Workcamp which comes during spring vacation. This workcamp gives the students a chance to live with the people of a small Washington community and work with them to improve their church and youth facilities.

# christian science organization

Organization President, GLENN LINDEN.

The Bible and the Christian Science textbook marked for the weekly Lesson-Sermon.

Christian Science Organization at the University of Washington is one of over 150 independent and self-governing Christian Science Organizations at universities and colleges throughout the world. These groups are all organized in conformity with the provisions of *The Manual of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts*, by Mary Baker Eddy.

The administration of the Organization's activities is handled by an Executive Board elected from the student members of the Organization. There is no other director or administrator. All business of the Organization is carried out under the direction of the Executive Board by a system of committees. Both faculty and students who are interested in Christian Science may become members of the Organization. Each member serves on one or more committees, such as the Lecture, Usher, Music, Library, House Maintenance, Building, or Information committees. One faculty member is appointed each year as adviser in accordance with University regulations.

The principal activity of the Organization is the Thursday evening Testimonial Meeting held in Eagleson Hall at 7:45 during the regular school year and at the Organization Student House during Summer Quarter. These meetings are presided over by an elected student Reader who prepares a reading consisting of passages from the King James Version of the Bible, on a topic chosen particularly for its applicability to college life, and correlative passages from the Christian Science textbook, *Science and Health With Key to The Scriptures*, by Mary Baker Eddy. Those attending these meetings

are given an opportunity to relate experiences which they have had using Christian Science in their daily life.

The Organization maintains a Student House, located at the corner of 15th Avenue Northeast and East 43rd Street, which is open to all students and faculty members interested in Christian Science. The House provides a quiet place for the study of the Christian Science Lesson-Sermon. This Lesson-Sermon consists of selected passages from The Bible and the Christian Science textbook on a weekly subject, and it is studied daily by Christian Scientists throughout the world. Each week's Lesson-Sermon is read in all Christian Science Churches on the Sunday following the week of study.

The current copies of the International Daily Newspaper, *The Christian Science Monitor*, may be read at the House as well as a broad selection of other Christian Science literature.

On March 27, 1956 the Organization sponsored a Christian Science lecture given by John J. Selover, a member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts. Mr. Selover spoke on the topic, *Christian Science Reveals the Unlimited Power of Prayer*. The lecture was held at Eagleson Hall.

At the New Student Reception held at the House in October, Mr. Robert Dolling Wells spoke on the true concept of a Christian Science college organization. During Religious Emphasis Week State Senator William C. Goodloe spoke at the House on the practicability of Christian Science.

# husky swim club honorary

The Purpose of Husky Swim Club Honorary is to promote an interest in swimming here at the University and throughout the Pacific Northwest. To further this interest the members designed an emblem and jacket of the purple and gold to be worn on and off campus.

The big event of the year for the club was the annual water show "Aqua Fantasies of '56." We produced the show in coordination with the women's swimming honorary, the "Silver Fish." The show ran three performances during Parents' Weekend and was a great success.

Some of the social events of the past year: the Friday night splash parties with dancing and refreshments, the mixers we have with the Silver Fish and the water skiing and beach parties we enjoy during the spring.

The Husky Swim Club is always ready to officiate at swim meets or participate in local swim clinics. Applications for membership are considered and voted upon. There are applications available to all those interested.

## arena dramatics honorary

The word Arena is universal in meaning and exemplifies all phases of the theater.

The honorary on the Washington campus was formed by Professor Glenn Hughes, Executive Director of the School of Drama. Its membership consists of students who have made outstanding artistic and technical achievements in their individual fields.

Throughout the year the activities of Arena coordinate drama with the allied arts through receptions for outstanding artists and by arranging personal contacts for the students with visiting artists.

## theta sigma phi women's professional journalism honorary

Theta Sigma Phi is the women's professional journalism honorary. Membership is based on scholarship and the desire to enter a communications profession. The honorary was founded on the Washington campus in 1909.

Each spring Theta Sigma Phi sponsors the Matrix Table banquet. One hundred campus women and 500 professional women are invited.

Other activities of the chapter include compiling the annual alumni Christmas news letter and running the Communications Building coffee shop.

In addition, the group works with Sigma Delta Chi to bring speakers in journalism to the campus.

Pi Omicron Sigma is an Inter-Fraternity Honorary at the University of Washington. It was founded in 1954 by Rocky Lindell, James A. Noe, who are both past presidents of the Inter-Fraternity Council, and Glen T. Nygreen, then I.F.C. advisor.

This honorary fraternity was formed to recognize and honor senior fraternity members who, in the estimation of their active chapters and the President of the Inter-Fraternity Council, have made an effective contribution to fraternity welfare and give promise of continuing their effective work toward maintaining and extending the good name and the educational leadership of the fraternity system at the University of Washington during their remaining years in college.

The name, Pi Omicron Sigma, was chosen for the following significance: Pi is the first letter of the Greek word Politeria which is translated to mean citizenship, the responsible membership in the body of citizens. Omicron is from the Greek word Oikonomia meaning stewardship, one who works around the house. Sigma is from the word Scholia meaning scholarship, the scholarly use of leisure time.

Each year a large banquet is given by the Inter-Fraternity Council at which time the new nominees are initiated.

The Fraternity System at the University of Washington is a strong one. It is appropriate to honor those men who have made it strong and Pi Omicron Sigma provides this.

## sigma delta chi

### national journalism fraternity

Sigma Delta Chi is a national fraternity of men aspiring to or already actively engaged in the writing profession. The University of Washington chapter has been active since 1910.

Members are selected on basis of scholarship, interest and aptitude in journalism work. Those accepted must have a desire to make writing their occupation.

The University chapter has supported a program, in conjunction with Theta Sigma Phi, women's journalism honorary, and SDX alumni, designed to better acquaint members with problems and advancements in their field. The year's two big social events are the Fall Initiation Banquet and the Spring Pledge Luncheon.

## sigma epsilon sigma

### women's underclassmen scholarship honorary

Sigma Epsilon Sigma honors sophomore women who have maintained a 3.5 grade point average during their freshman year. While essentially an honorary, Sigma Epsilon Sigma does carry out the necessary functions of any organization.

The three main projects for the year are: being hostesses at the President's Reception, giving a tea for freshmen women who maintained a 3.5 average their first quarter in school, and holding a sucker sale, the proceeds of which finance a scholarship for a deserving freshman woman.

Rally Girls, a service organization founded in 1920, work with Malamutes throughout the year to promote school spirit. The girls in their white sweaters sell pom poms and rooter caps at the football games. Some of the Rally Girls are down on the field leading the singing and yelling while others usher in the student cheering section. The majority of the girls work behind the scenes to organize card stunts for the half-time entertainment. Both Rally Girls and

Malamutes look forward to their joint Homecoming Breakfast on the morning of the big game.

Membership is open to freshmen girls who are taken in during the fall as "invites." After one quarter of service, pledges are chosen. Actives are selected during the sophomore year. All voting is done and members chosen on the basis of work accomplished throughout the year.

# alpha delta sigma men's professional advertising honorary

Alpha Delta Sigma, as its initials imply, is an organization of men in advertising, whose fundamental purpose is to serve as a liason between undergraduate members and professional people employed in the field. The Washington chapter, named after its founder Robert W. Jones, is primarily composed of members in the schools of Journalism, Art and Marketing.

Each year since its founding in 1928, Alpha Delta Sigma members at Washington have handled a major public service advertising campaign, such as last years promotion for the Ground Observer Corps.

Beta Chapter of Alpha Epsilon Delta was established at Washington in 1948, and has been consistently active since that time. Among its functions have been the sponsorship of a bi-yearly Pacific Northwest Pre-professional Conference, and the co-sponsorship of a Microscope Demonstration for Western Washington pre-medical and predental students. These activities have been effective in furthering the society's purpose of helping to unite similarly interested students.

Meetings frequently feature lectures by representatives of various branches of the medical profession, thereby promoting contacts with persons currently engaged in practice. Members of Alpha Epsilon Delta have completed seventy-five hours of work with a grade point average of 3.1 or above.

# alpha kappa psi

commerce fraternity

Alpha Kappa Psi, the first and oldest of the professional business fraternities, was founded at New York University in New York City on October 5, 1904. Included in her membership are over 28,000 professionally trained businessmen and 700 college professors.

Rho Chapter of Alpha Kappa Psi is the seventeenth of nearly 100 active chapters throughout the United States. Here at Washington members are selected after achieving sophomore standing and proving their ability to maintain a 2.5 grade average in the College of Business Administration.

To further the individual welfare of its members; to foster scientific research in the fields of commerce, accounts and finance; to educate the public; to appreciate and demand higher ideals therein, and to promote and advance in institutions of college rank courses leading to degrees in business administration are the expressed aims of Alpha Kappa Psi. Our activities, directed at three basic groups . . . alumni, faculty and student, have helped us maintain a more broad outlook on all phases of business endeavor.

Alpha Tau Delta is a women's fraternity formed in 1921 at Berkeley, California. Delta Chapter at the University of Washington was established in 1936.

The purposes of Alpha Tau Delta are to promote higher educational standards for women in nursing and unite members in service for their profession. To accomplish these purposes we have inaugurated various service projects that will be profitable to our University campus, to our community, to our chapter and to our nation. These include collecting books for Filipino nurses, reading for the blind and doing volunteer work in the community.

New members are rushed in the winter and pledged in the spring once yearly. Eligibility for membership requires prospective members to have completed two quarters in the School of Nursing with an accumulative grade point of 2.75. Registered Nurses enrolled at the University may become members of this organization.

Meetings are held monthly in the nursing residences. Often times social functions are held in conjunction with these.

Alpha Tau Delta is a National Nursing Fraternity and is now a member of Professional Panhellenic and Campus Panhellenic. A national convention is held every two years at the same time as the National Student Nurses' Convention.

# beta alpha psi

## accounting fraternity

Beta Alpha Psi is a national professional fraternity chartered on this campus in 1920. The purpose of this fraternity is to encourage and foster the ideal of service as the basis of the accounting profession and promote the study of accountancy and its highest ethical standards. Candidate for membership must be upperclassmen with a 2.5 in all their subjects and a 3.0 in accounting. They are given competitive examinations covering accounting and business law. Active members are those registered as advanced undergraduate or graduate students majoring in accounting. The organization serves as a medium between professional men, instructors, students, and others who are interested in the development of the study or profession of accountancy.

Mullin, Shan

The Alpha of Washington chapter of Beta Gamma Sigma is one of 55 chapters throughout the United States of this business honorary which was chartered in 1923. It is sponsored by the American Association of Collegiate Schools of Business for the purpose of honoring outstanding students in the field of business administration.

Listed among its group of members are the top ranking juniors, seniors and graduates in the School of Business Administration. Invitations for membership are extended to students in their senior year or graduates who have maintained a grade average of 3.3 and to juniors with a record of 3.5 or better. Only the top 10% of the senior class can be initiated, and not more than the top 5% of the junior class.

## big "w"

### athletic honorary

The Big "W" Club functions as a varsity lettermen's organization by striving to further the interests in athletics and associated activities at the University of Washington. The club's bi-monthly meetings not only strengthen the bonds between the participants in the wide field of varsity athletics, but also, through discussions, help solve any problems that may arise within the area of student participation in athletics. Membership is open to all varsity letter winners in major sports.

The club's social events include an annual picnic and a dance. Big "W" Club manages the "Miss Varsity" contest for the Varsity Ball, and functions as a service organization to raise the standards of spirits and tradition at Washington.

In 1916 a group of twenty pharmacy students of the College of Pharmacy were granted a charter for the Beta Omicron Chapter of Kappa Psi. The organization has as its aims the fostering of pharmaceutical research, high scholarship, and the advancement of professional standards in pharmacy.

The Beta Omicron chapter is one of forty-seven active collegiate chapters located throughout the United States. Its members are composed of faculty of the College of Pharmacy, medical service representatives, leading pharmacists throughout the state, and students in the College of Pharmacy. Beta Omicron chapter is not only expanding professionally, but socially as well and the scope of its activities is increasing every year.

Upon graduation from college the student member of Kappa Psi becomes a graduate member where the ideals and ethics he learned in college are put into practice. The contacts made by a student with fellow members of the fraternity span a lifetime and promote cooperation among fellow pharmacists for the members and the profession.

Lambda Rho, Women's Art Honorary, was founded nearly a half century ago at the University of Washington. Since that time its members have proven their capabilities, for nearly every outstanding woman artist in the northwest area was a Lambda Rho member at the University.

The high qualifications required of Lambda Rho women necessarily limits its membership. A woman must have maintained a 3.0 accumulative grade average and a 3.1 in Art. However, these high requirements eliminate all those who are not seriously interested in furthering the goals of Lambda Rho, which are to work in the field and encourage all sincere artistic endeavors.

# mu phi epsilon

## music honorary

Tau chapter of the national music sorority Mu Phi Epsilon was founded on the University of Washington campus in 1915.

Its purpose is the advancement of music in America, the promotion of musicianship and scholarship, loyalty to the Alma Mater and the development of a true sisterhood.

In accordance with our national program we united our efforts to aid International Music Relations by sending used music to the Philippines. We also served others through music by giving programs in local hospitals and donating to music therapy.

A Founder's Day Banquet, public concerts, receptions following student recitals, and an all-school Christmas party were among the events of the year.

Our efforts were ably guided by our faculty advisor, Miss Miriam Terry.

Malamutes is a service organization that has the promotion of school spirit as its main purpose. It attempts to fulfill this purpose by staging rallies, presenting card stunts, and sponsoring the yell team, as well as many other activities during the football season. The University's husky mascot, "Ski," is also cared for by Malamutes. In Songfest and many other activities Malamutes work with Rally Girls and other campus organizations.

Membership is open to freshmen, who are taken at the beginning of fall quarter as "invites." Pledges are selected after one quarter, and actives are chosen during the sophomore year.

## national senior women's honorary

The three ideals of scholarship, leadership, and service, as exemplified in the motto, Pi Sigma Alpha, keynote the overall purpose of Mortar Board, National Senior Women's Honorary. The members pledge themselves to promote loyalty to the school, to promote and maintain a high standard of scholarship, to recognize and encourage leadership, and to strive to develop a finer type of college woman.

Members of Mortar Board assist as hostesses at University receptions and other functions. They have an annual Candy Cane Sale, and from the proceeds award scholarships to an outstanding sophomore and junior girl. They also recognize outstanding scholarship, leadership, and service by awarding a plaque to a sophomore and junior girl each year.

# purple shield

## activities honorary

Purple Shield is a unique organization of college underclassmen. It was organized in 1925 by a group of student and faculty leaders to recognize achievement in scholarship and the accomplishment of leadership in the extra-curricular life of the University. Its purpose was to be an underclassman scholastic and activity honorary designed to bring together the caliber of men who have shown themselves to be leaders in their respective fields.

The Purple Shield initiates new members twice a year and requires them to have a 2.67 or better cumulative grade point, with a 3.0 one quarter, and a sufficient number of activity points.

Throughout the school year Purple Shield serves the University in many ways. This year its activities ranged from selling Student Directories with W-Key to a Purple Shield Dance and concessions at Sophomore Carnival.

# tau beta pi national engineering honorary

DON LARSON, President

Tau Beta Pi is the national engineering honor society, which was founded in 1885 at Lehigh University. Washington Alpha Chapter, one of the 99 chapters located at engineering colleges throughout the United States, was founded in 1912. The purpose of Tau Beta Pi is to honor scholarship and exemplary character and to foster a spirit of liberal culture in the engineering colleges of America.

Students are elected to membership on the basis of scholarship, integrity and activity. Members are taken twice every year from the junior and senior classes. Men in the top 20 per cent of the senior and the top 12½ per cent of the junior class are usually eligible at Washington Alpha.

# sororia

Sororia was organized at the University of Washington in 1910 for older women students, enrolled for either graduate or undergraduate studies. Its membership now includes women of all four classes who have been absent from the campus a period of a year or more. Its purpose is to promote friendship, mutual educational interests, and to stimulate participation in ASUW activities.

A woman foreign student is given an honorary associate membership each quarter to further international acquaintance and understanding. A Woman of Achievement award is made annually to an outstanding member. Other activities include a Christmas party, a summer picnic, and a breakfast honoring the current year's graduates.

# **fir tree**

Fir Tree was founded in 1907, at the University of Washington to recognize men who had rendered outstanding service to the University in the field of extra-curricular activities. New members are chosen at the end of the spring quarter from upper division students.

Membership in Fir Tree is limited to undergraduate men who have taken all their college work at this university. The symbol, the fir tree, was chosen because it reaches its greatest height and luxuriousness when grown from the beginning in one place, surrounded by its fellows.

# Acknowledgments

Every yearbook staff tries to make their book the best printed to date. Naturally that is what we have tried to do with the 1956 edition of the TYEE. Throughout the year, as we worked on the book (sometimes far into the night preceding a deadline), we had our share of problems, but finally succeeded in overcoming them. This book is testimonial to that fact. Although the book may not be perfect in many ways, to the people who worked on it, it represents many hours of fun and work. Therefore, we are very proud to present this book to you and hope that it doesn't fall too short of expectations.

A new printing process is the main innovation of the 1955-56 TYEE. For the first time, it is being done by offset lithography. At this time I would like to take the opportunity to express my thanks to CRAFTSMAN PRESS who assisted us every step of the way toward making this book as perfect as possible. A special thanks to RON RENNY, DICK LEA, MERV BAILEY and GRACE RUSNAK of CRAFTSMAN.

To our advisor, CLYDE ROBINSON, go many thanks for his encouragement and to SUE SMITH and MRS. LENORE SHECKELS in the publications office for their patient assistance.

With a great deal of appreciation we thank ED KENNEL of Kennell-Ellis photographers and his staff for the efficient service and cooperation we received this year. The lovely and unique queen portraits were taken by ED KENNEL and the settings provided by FREDERICK & NELSON. Thank you both for the attractive addition to our book.

To "CORN" ROOT, YUKI, RON LOPP and the rest of the photo staff, thanks for the late nights you spent enlarging pictures to help us make our deadlines.

RAY COLLINS and WARREN HUDSON contributed the artistic work for the 1956 TYEE. Thanks RAY and WARREN for the very creative and talented work.

But most of all, thanks to the members of the staff who stayed with me the entire year to produce this book for you. To the division editors CLEO BEDFORD, GEORGE NICKLE and PAT SYLLING, my appreciation and thanks for making all the deadlines and tolerating the "slave-driver" Editor. To DIANNE COHEN who came in at the half of the year as the Activities Division Editor and did a beautiful job of picking up this section and finishing it. Also, more roses to DIANNE for being the Editor's girl Friday through all the stresses and strain of being an Editor.

And not to forget my staff, another special thanks to PAULETTE CHILCOTE, MARIANNE CULVER, JIM NEELY, LIZ KIRBY, STORM JOBS, NADINE HAUBRICH and JUNE FLODQUIST for the wonderful job they did throughout the year.

And to all the others, who worked so faithfully and well this past year, my sincere thanks and good wishes to you.

Congratulations staff on your book.

Sincerely,  
Pat Nelson  
Editor

You, the class of 1956, are now about to become the  
new professional men and women, new homemakers, new  
employees, new customers of our community.  
Frederick & Nelson, as a member of this community,  
congratulates you on your graduation and  
wishes you all possible future success.

We had fun  
helping to put  
this book together.  
That's what we like  
about the printing business  
... working  
with pleasant, intelligent, talented people  
... striving  
with ideas and ink and paper  
... tending  
the modern streamlined monsters  
that equip our printing plant  
to crystalize  
all previous thought and effort  
on paper in a way that will make you say —  
"Exceptional!"  
"WELL DONE"  
"— I like it"  
"Good color"  
"It sparkles"  
— and we hope you do say it,  
spontaneously.  
The Craftsman Press is our name,  
Craftsmanship is our by-word.  
Make Craftsman your buy-word  
and you, too, will enjoy  
the printing business.

## NOTA BENE

For the first time  
the Tyee was not printed, but *lithographed*.  
Production by lithography  
on our giant, multi-color  
litho presses meant  
1. no cuts to buy  
2. photographs that sparkle  
3. high-speed production  
Consider Craftsman's  
"Sparkling lithography"  
for your next annual.
